2. WHAT'S IN THE BOX

The Swann Wire-Free 1080p Security Camera 5 Pack includes:

- 5 Swann Wire-Free 1080p Full HD Indoor & Outdoor Waterproof Rechargeable Security Cameras
- Mounting hardware (screws, wall plugs)

- USB charging cables
- Security stickers

Image 2.1: All included components for the Swann Wire-Free 1080p Security Camera 5 Pack.

3. SETUP

3.1 Initial Charging

Before initial use, fully charge each camera using the provided USB cables. The charging port is located at the rear of the camera, protected by a rubber cover. Ensure the cover is securely closed after charging to maintain water resistance.

3.2 App Download and Pairing

1. Download the "Swann Security" app from your smartphone's app store.

2. Follow the in-app instructions to create an account and pair each camera with your Wi-Fi network. Ensure your smartphone is connected to the 2.4GHz Wi-Fi band during the pairing process.

3.3 Mounting

1. Choose a suitable location for each camera, ensuring good Wi-Fi signal strength and the desired viewing angle. The cameras are designed for both indoor and outdoor use.
2. Use the included mounting hardware (screws and wall plugs) to securely attach the cameras to a wall or other stable surface.

4. OPERATING INSTRUCTIONS

4.1 Live View and Recording

- Access live video streams from your cameras through the Swann Security app on your smartphone.
- The cameras utilize True Detect heat and motion sensing to identify moving warm objects, such as people and cars. Upon detection, recording is triggered, and push notifications are sent to your smartphone.

4.2 Two-Way Audio and Siren

- Use the app to communicate with visitors or deter intruders via the camera's built-in speaker and microphone.
- Activate the integrated siren through the app to alert others or deter unwanted activity.

4.3 Night Vision

- Infrared night vision automatically activates in low-light conditions, providing clear video up to 26 feet (8

meters).

4.4 Smart Home Integration

- The cameras are compatible with Alexa-enabled devices (e.g., Echo Show, Echo Spot, 4K Fire TV) and Google Assistant devices (e.g., Chromecast, Google Home Hub).
- Refer to the Swann Security app for instructions on linking your cameras to these smart home platforms.

5. MAINTENANCE

5.1 Recharging

Recharge the camera batteries as needed. Battery life varies based on usage, recording frequency, and environmental conditions. Use only the provided USB cables or Swann-approved charging accessories.

5.2 Cleaning

Periodically clean the camera lens and housing with a soft, damp cloth to ensure optimal image clarity. Avoid abrasive cleaners, which can scratch the lens or damage the camera's finish.

5.3 Weather Protection

While the cameras are weatherproof, ensure the charging port's rubber cover is securely closed when not charging to maintain water resistance and protect internal components from moisture.

6. TROUBLESHOOTING

6.1 No Live View / Camera Offline

- Check Wi-Fi signal strength at the camera's location.
- Ensure the camera battery is charged.
- Verify the camera is powered on.
- Restart the camera by pressing the reset button (refer to Image 3.1).
- Check your home Wi-Fi network status and ensure it is operational.

6.2 Motion Detection Issues

- Adjust motion sensitivity settings in the Swann Security app.
- Ensure the camera's view is not obstructed by objects that might block motion detection.
- Verify that True Detect is enabled in the app settings.

6.3 Poor Night Vision

- Ensure the camera lens is clean and free from smudges or dirt.
- Check for any obstructions blocking the infrared LEDs on the camera.

6.4 App Connectivity Problems

- Ensure your smartphone has an active internet connection.
- Update the Swann Security app to the latest version.
- Restart your smartphone.
