Converting to Sleeper Bed

The Polibi Sleeper Sofa features a convenient pull-out mechanism to transform it into a bed. Follow these steps:

1. Ensure there is sufficient clear space in front of the sofa for the bed extension.
2. Locate the handles on the front of the pull-out sections (often under the seat cushions).
3. Gently pull the handles outwards. The integrated wheels will facilitate a smooth extension of the bed frame.

MAINTENANCE AND CARE

Fabric Care (Corded Velveteen)

- **Regular Cleaning:** Vacuum the fabric regularly using a soft brush attachment to remove dust and loose debris.
- **Spot Cleaning:** For spills, blot immediately with a clean, dry cloth. Do not rub, as this can spread the stain. For stubborn stains, use a mild fabric cleaner specifically designed for velveteen or upholstery, testing on an inconspicuous area first.
- **Avoid Direct Sunlight:** Prolonged exposure to direct sunlight can cause fading. Position your sofa away from direct sun or use curtains/blinds.
- **Professional Cleaning:** For deep cleaning, consider professional upholstery cleaning services.

General Maintenance

- **Frame and Legs:** Periodically check all screws and bolts to ensure they are tight. Retighten if necessary.

- **Cushions:** Rotate and fluff cushions regularly to maintain their shape and extend their lifespan.
- **Moving the Sofa:** When moving the sofa, lift it rather than dragging it to prevent damage to the legs and frame.
- **Power Unit:** Ensure the power cord for the USB ports and sockets is not pinched or damaged. Disconnect from the wall outlet when cleaning or moving the sofa.
