ADECAB AD-ACRYLIC-BATHTUB

ADECAB 59-inch Acrylic Freestanding Bathtub Instruction Manual

Model: AD-ACRYLIC-BATHTUB

1. Introduction

Thank you for choosing the ADECAB 59-inch Acrylic Freestanding Bathtub. This manual provides essential information for the safe installation, operation, and maintenance of your new bathtub. Please read these instructions thoroughly before beginning installation or use, and retain this manual for future reference.

2. Safety Information

Please observe the following safety precautions to prevent injury or damage:

- Installation should be performed by a qualified professional in accordance with local plumbing and building codes.
- Ensure the floor structure can support the weight of the bathtub when filled with water and a person.
- Avoid using abrasive cleaners or harsh chemicals on the acrylic surface, as this can cause damage.
- Do not stand on the rim of the bathtub.
- Always test water temperature before entering the bathtub to prevent scalding.
- Keep children supervised when near the bathtub.

3. Package Contents

Verify that all components are present before installation. The package typically includes:

- ADECAB 59-inch Freestanding Bathtub
- Integrated Overflow and Drain Assembly
- Installation Guide
- Specification Document

Note: The pipe for connection is not included and must be purchased separately.

5. Setup and Installation

The ADECAB freestanding acrylic soaking tub is designed for straightforward installation. A detailed installation guide is included with your product, providing step-by-step instructions. It is recommended that installation be performed by a professional plumber to ensure proper connection and compliance with local codes.

Key Installation Considerations:

- **Location:** Choose a suitable location with adequate floor support and access to plumbing.
- **Leveling:** The tub includes a steel frame with self-leveling feet to ensure stability on uneven surfaces. Adjust as necessary.
- **Drain Connection:** Connect the integrated drain assembly to your floor drain system. Ensure all connections are watertight to prevent leaks. The leak-proof drain system meets UPCcode requirements.
- **Water Supply:** Connect your chosen faucet (not included) to the hot and cold water supply lines.

6. Operating Instructions

Using your ADECAB freestanding bathtub is simple and designed for comfort.

Bathing Experience:

- **Filling the Tub:** Ensure the drain is closed. Fill the tub with water to your desired level, checking the temperature before entering.
- **Ergonomic Design:** The tub features an ergonomic design with full lumbar support, providing a comfortable and relaxing soaking experience.
- **Spacious Interior:** The generous dimensions offer ample space for a luxurious soak.
- **Thermal Insulation:** Constructed with reinforced acrylic, fiberglass, and resin layers, the tub provides strong thermal insulation to keep water warm for an extended period.

7. Maintenance and Care

Proper care will ensure the longevity and pristine appearance of your ADECAB bathtub.

Cleaning the Bathtub:

- The acrylic surface is dirt-resistant, scratch-resistant, corrosion-resistant, and rust-resistant.
- For daily cleaning, use a soft cloth or sponge with mild soap and warm water.
- Avoid abrasive cleaners, scouring pads, or harsh chemicals (e.g., acetone, paint thinner, strong acids/bases) as these can damage the acrylic finish.
- Rinse thoroughly after cleaning to remove any soap residue.

Maintaining Appearance:

- The high-grade acrylic is designed to resist fading and yellowing over time, maintaining its gloss white finish.
- Regular cleaning helps preserve the high gloss and new appearance of the tub.

8. Troubleshooting

This section addresses common issues you might encounter. For problems not listed here, please contact customer support.

Common Issues:

- **Slow Drainage:** Check for obstructions in the drain assembly. Ensure the drain stopper is functioning correctly.
- **Leaks:** Inspect all plumbing connections for tightness. If leaks persist, consult a professional plumber.
- **Water Temperature Issues:** Verify your water heater settings and ensure hot and cold water lines are correctly connected to the faucet.
- **Surface Scratches:** Minor scratches on acrylic can sometimes be buffed out with a specialized acrylic repair kit. For deeper scratches, professional repair may be necessary.

9. Warranty and Support

ADECAB provides a **10-year limited warranty** on this freestanding bathtub, covering defects in material and workmanship.
For warranty claims, product inquiries, or technical assistance, please contact ADECAB customer support. Our professional support team is available to assist with any sales or product-oriented queries.
Please refer to the contact information provided in your product packaging or visit the official ADECAB website for support details.
