OLV ID715

OLV Stylus Pen ID715 User Manual

Model: ID715

1. INTRODUCTION

This manual provides detailed instructions for the OLV Stylus Pen ID715. Please read this manual carefully before using the product to ensure proper operation and to maximize its features, including ultra-precision, palm rejection, tilt sensitivity, magnetic adsorption, and power display. This stylus is designed for use with iPad models released in 2018 and later.

2. PACKAGE CONTENTS

Upon opening the package, please verify that all items are present:

- OLV Stylus Pen ID715 x 1
- Replacement Tips x 3
- USB-C Charging Cable x 1
- User Manual x 1

Image: The OLV Stylus Pen ID715, a USB-C charging cable, and three replacement tips are shown on a white background.
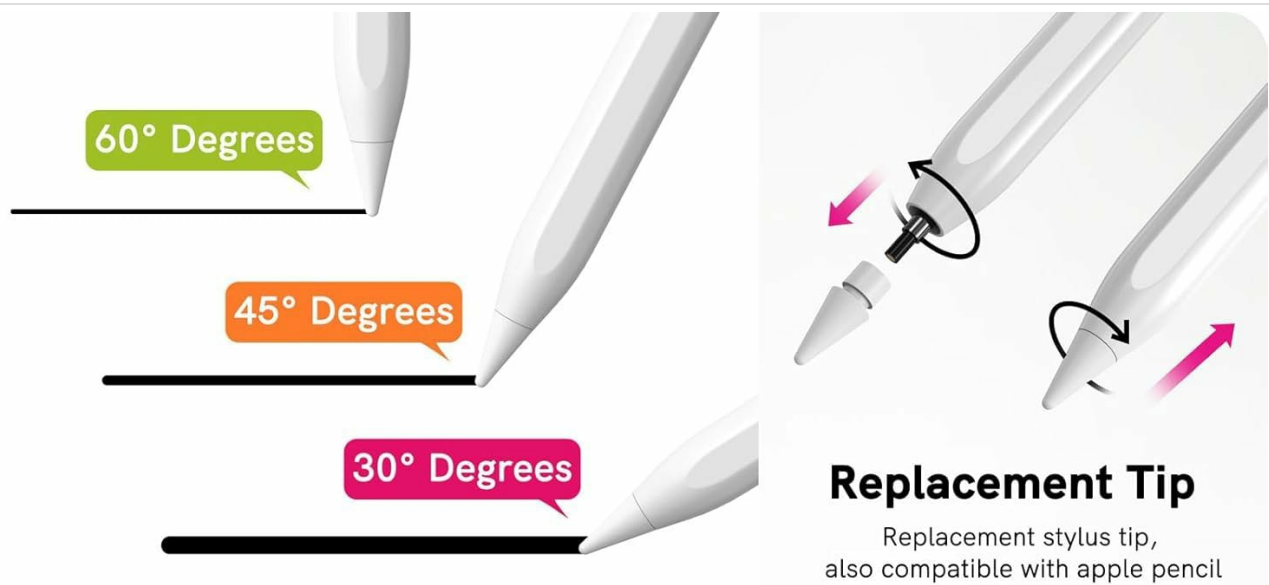

3. Setup and Initial Use

3.1 Charging the Stylus

Before first use, fully charge the stylus pen. The stylus features a USB-C charging port.

1. Connect the provided USB-C charging cable to the stylus charging port.
2. Connect the other end of the cable to a compatible USB power source (e.g., computer, wall adapter).
3. The LED power display will indicate charging status.

Note: *A 5-minute charge provides approximately 2 hours of use. A full 25-minute charge offers over 10 hours of continuous use. Avoid using the pen while your iPad is charging, as this may cause connectivity issues.*

Replacement stylus tip,
also compatible with apple pencil

Shortcut Function

One tap return to the
main screen

Double-tap back
to the APP selection page

Image: The OLV Stylus Pen is shown connected to a USB-C charging cable, illustrating the charging process and battery indicator lights.

3.2 Powering On/Off

The stylus pen is designed with an accidental on/off prevention feature.

- To turn **ON**: Double-tap the top of the stylus pen.
- To turn **OFF**: Double-tap the top of the stylus pen again.

The stylus will automatically enter sleep mode after 5 minutes of inactivity to conserve battery life.

Image: A hand double-tapping the top of the stylus pen, indicating the power on/off function.

3.3 Compatibility

The OLV Stylus Pen ID715 is compatible with iPad models released in 2018 and later. Ensure your iPad's iOS system is updated to iOS 12.2 or above for optimal performance.

4. OPERATING THE STYLUS PEN

4.1 Palm Rejection

The stylus features advanced palm rejection technology, allowing you to rest your hand comfortably on the iPad screen while writing or drawing without unintended marks.

Palm Rejection Design

No need to wear gloves,
feel free to rest your hand on screen.

No Delay   No Scratch   Sensitive   Smooth

Image: A user's hand is shown resting on an iPad screen while drawing with the stylus, illustrating the palm rejection feature.

4.2 Tilt Sensitivity

The stylus supports tilt sensitivity, enabling you to vary line thickness and shading by tilting the pen, similar to a traditional pencil. This feature enhances the realism of drawing and sketching.

Image: Diagrams showing how different tilt angles (30, 45, and 60 degrees) of the stylus pen can create varying line effects on the screen.

4.3 Magnetic Adsorption

The stylus can magnetically attach to the side of compatible iPad models (e.g., iPad Pro 3rd Gen and later), preventing it from rolling away or getting lost.

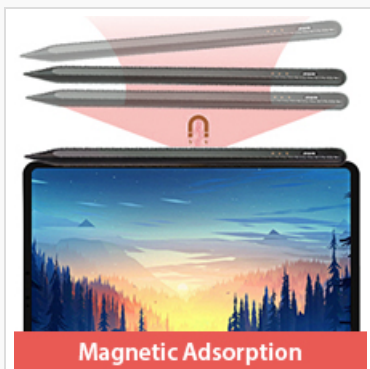

Image: The stylus pen is shown magnetically adhering to the side of an iPad, demonstrating its magnetic adsorption feature.

4.4 Shortcut Functions

The stylus supports quick shortcut gestures for enhanced productivity:

- **Single Tap:** Return to the main screen.
- **Double Tap:** Access the app selection page (multitasking view).

Image: Three iPad screens demonstrating the stylus shortcut functions: a single tap to return to the main screen and a double tap to open the app selection page.

5. MAINTENANCE

5.1 Replacing the Nib

The stylus pen comes with replaceable tips to ensure continuous precision and smooth writing. To replace a worn-out nib:

1. Gently twist the old nib counter-clockwise to remove it.
2. Align a new nib with the stylus tip and twist it clockwise until securely fastened.

Image: A diagram illustrating the process of twisting off an old stylus tip and twisting on a new replacement tip.

5.2 Cleaning

Wipe the stylus body with a soft, dry cloth. Do not use harsh chemicals or abrasive materials.

6. TROUBLESHOOTING

- **Stylus not writing or responding:**

    - Ensure the stylus is powered on (double-tap the top).
    - Check battery level and charge if necessary.
    - Verify iPad compatibility (models 2018+ and iOS 12.2+).
    - Check iPad settings: Go to *Settings > Apple Pencil* and turn off "Apple Pencil" or "Only draw with Apple Pencil". For Notes app, turn off "Only draw with Apple Pencil".
    - Restart your iPad.

- **Stylus disconnects frequently:**

- Avoid using the stylus while the iPad is charging.
- Ensure the stylus is fully charged.

- **Inaccurate or delayed response:**

  - Ensure the nib is securely attached and not worn out. Replace if needed.
  - Consider using a tempered glass screen protector for a better experience.

7. SPECIFICATIONS

Feature	Detail
Brand	OLV
Model Number	ID715
Color	White
Material	Plastic
Item Weight	200 g
Item Dimensions (LxWxH)	12 x 4 x 2 Centimeters
Battery Type	1 AAAA battery (included)
Charging Port	USB-C
Charging Time	Approx. 25 minutes for full charge
