

Lyromix 15FTBC-001

Lyromix 12Ft Outdoor Trampoline with Basketball Hoop and Net Instruction Manual

Model: 15FTBC-001

INTRODUCTION

Thank you for choosing the Lyromix 12Ft Outdoor Trampoline with Basketball Hoop and Net. This manual provides essential information for the safe assembly, operation, maintenance, and troubleshooting of your new trampoline. Please read all instructions carefully before use to ensure maximum safety and enjoyment.

SAFETY INFORMATION

Your safety is our top priority. This trampoline is designed with features to enhance safety, including a safety enclosure net, soft foam padding, and a no-gap design. However, proper usage and adherence to safety guidelines are crucial.

- **Adult Supervision:** Always ensure adult supervision when children are using the trampoline.
- **One Jumper at a Time:** To prevent collisions and injuries, only one person should jump on the trampoline at any given time.
- **Weight Limit:** The maximum recommended weight for a single user is 300 lbs. The trampoline has a capacity for 4-5 kids, but individual weight limits should be observed to prevent uneven stress.
- **Clearance:** Ensure adequate overhead and surrounding clearance from walls, fences, trees, and other obstacles.
- **Inspection:** Regularly inspect the trampoline for damaged or worn parts before each use. Do not use if any components are compromised.
- **No Flips or Stunts:** Avoid dangerous flips or stunts unless professionally trained and supervised.
- **Weather Conditions:** Do not use the trampoline in strong winds, rain, or other adverse weather conditions.

The Lyromix trampoline is ASTM Approved, ensuring it meets rigorous safety standards for recreational use.

SETUP INSTRUCTIONS

Proper assembly is crucial for the safety and longevity of your Lyromix trampoline. Follow the included instructions carefully. The trampoline features a reinforced steel frame with heavy-duty galvanized steel and thickened W-shaped legs for stability.

Key Assembly Steps:

1. **Unpack Components:** Lay out all parts and verify against the parts list.
2. **Assemble Frame:** Connect the galvanized steel frame sections to form the circular base.
3. **Attach Jumping Mat:** Secure the jumping mat to the frame using the provided springs. Ensure even tension. The reinforced jumping mat uses heavy-duty stitching for durability.
4. **Install Safety Enclosure:** Erect the poles and attach the safety net. Ensure the net is securely fastened and the zipper functions correctly. Foam covering on the poles provides additional protection.
5. **Add Accessories:** Attach the basketball hoop, ladder, and any other included accessories like the trampoline sprinkler and LED lights.

6. **Ground Stakes:** Use the included ground stakes to anchor the trampoline for enhanced stability, especially in windy conditions.

For a visual guide on assembly, please refer to the video below:

Video: A detailed guide on how to build and use a 14 ft trampoline, demonstrating the assembly process and key features.

OPERATING INSTRUCTIONS

The Lyromix 12Ft Trampoline offers a super bouncy experience for kids and adults. Its design ensures a safe and enjoyable jumping environment.

- **Entering/Exiting:** Always use the provided ladder to enter and exit the trampoline.
- **Jumping Technique:** Jump in the center of the mat. Avoid jumping too high or attempting complex maneuvers without proper training.
- **Basketball Hoop:** The integrated basketball hoop provides an additional fun activity. Ensure the ball is soft and appropriate for trampoline use.
- **Sprinkler System:** Attach a garden hose to the trampoline sprinkler for a refreshing water play experience during warm weather.
- **LED Lights:** The solar-powered LED lights can be used to illuminate the trampoline for evening fun.

Suitable for All Ages

4 W-shape legs support stable and safe jumping

MAINTENANCE

Regular maintenance will extend the life of your Lyromix trampoline and ensure continued safety.

- **Cleaning:** Clean the jumping mat and safety net regularly with mild soap and water. Avoid harsh chemicals.
- **Frame Inspection:** Periodically check the galvanized steel frame for any signs of rust, dents, or structural damage. The frame is designed for all-weather use, but inspection is still recommended.
- **Springs:** Inspect all 96 springs for stretching, damage, or detachment. Replace any compromised springs immediately.
- **Safety Net and Padding:** Check the safety net for tears or holes and ensure all buckles and zippers are functional. Inspect the foam padding on the poles for wear and tear.
- **Ground Anchors:** Ensure ground stakes remain firmly in place.

For insights into the long-term durability of the trampoline, consider the following video:

Video: A review discussing the aging process and durability of a trampoline after extended use, highlighting areas of wear and resilience.

TROUBLESHOOTING

If you encounter any issues with your Lyromix trampoline, refer to the following common problems and solutions:

- **Loose or Broken Springs:** If springs are loose or broken, replace them immediately. Ensure all springs are properly hooked to the mat and frame.
- **Safety Net Damage:** Small tears can be repaired with a durable patch kit. For significant damage, the net should be replaced to maintain safety.

- **Unstable Frame:** Ensure all frame connections are secure and the W-shaped legs are properly seated. Verify ground stakes are firmly in the ground.
- **LED Lights Not Working:** Check if the solar panel is receiving adequate sunlight. Ensure connections are secure. If issues persist, the LED light unit may need replacement.
- **Basketball Hoop Issues:** If the hoop is loose or damaged, check its mounting points and ensure all fasteners are tight.
