

Aiho AF11-D

Aiho Full Size Bed Frame User Manual

Model: AF11-D | Brand: Aiho

INTRODUCTION

Thank you for choosing the Aiho Full Size Bed Frame. This manual provides detailed instructions for the assembly, operation, and maintenance of your new bed frame. Designed for comfort and durability, this upholstered platform bed frame features a button-tufted wingback headboard, sturdy wood slat support, and a noise-free design for a peaceful sleeping experience.

Key Features:

- Upholstered Bed Frame: Made of breathable linen fabric for a soft and comfortable leaning experience.
- Stable Structure: Crafted with a strong steel frame and 12 wooden slats, supporting up to 800 lbs.
- No Box Spring Needed: Equipped with Velcro and silent bars for noiseless use. Mattress can be placed directly on slats.
- Ample Under-bed Space: 7.9 inches of clearance for convenient storage.
- Easy to Assemble: Labeled parts and clear instructions for quick setup.

IMPORTANT SAFETY INFORMATION

Please read and understand all instructions before assembly and use. Failure to follow these instructions may result in injury or damage to the product.

- Exercise caution around sharp edges during assembly.
- Do not exceed the maximum weight capacity of 800 lbs.
- Always follow the assembly instructions precisely to prevent instability or collapse.
- Keep all small parts and packaging materials away from children and pets.

COMPONENTS OVERVIEW

The Aiho bed frame includes all necessary parts for assembly. Please verify all components are present before beginning. Refer to the included installation manual (PDF) for a detailed parts list.

FULL

Dimensions : 77"L x 57"W x 47"H

Weight Capacity : 

Figure 2: Product Dimensions and Weight Capacity

Key components include the upholstered headboard, side rails, footboard, central support beam, and wooden slats. All hardware is typically included in a clearly labeled package.

SETUP & ASSEMBLY

The Aiho bed frame is designed for easy assembly. All parts are labeled and numbered to simplify the process. It is recommended to assemble with two people.

1. **Unpack and Identify Parts:** Lay out all components on a clean, soft surface to prevent scratches. Match each part to the corresponding label in the instruction manual.
2. **Assemble the Frame:** Connect the side rails to the headboard and footboard using the provided hardware. Ensure all connections are secure.
3. **Install Support Legs:** Attach any central support legs to the main frame as indicated in the manual.
4. **Place Wooden Slats:** Lay the wooden slats across the frame. The slats are equipped with Velcro for easier and

secure attachment, ensuring a noise-free foundation.

5. **Final Checks:** Double-check all screws and bolts to ensure they are tightened securely.

Solid Wood Slats

Fastened with velcro for easier assembly

Mute Bars Design

Makes noise free for a peaceful sleep

This video demonstrates the ease of assembly and highlights the noise-free features of the bed frame.

OPERATING THE BED FRAME

Once assembled, your Aiho bed frame is ready for use. Simply place your mattress directly onto the wooden slats. No box spring is needed, thanks to the robust slat support system.

Mattress Compatibility: This bed frame is compatible with mattresses ranging from 8 to 14 inches in thickness. The integrated silent bars and Velcro fastening on the slats ensure a stable and noise-free sleeping surface.

Sturdy Steel Frame

Provides strong
load-bearing capacity

Heavy Duty Feet

Creates stability and
ample under bed space

MAINTENANCE & CARE

To ensure the longevity and appearance of your Aiho bed frame, follow these simple maintenance guidelines:

- **Cleaning the Upholstery:** For general cleaning, gently vacuum the fabric headboard and side rails to remove dust and debris. For spills, blot immediately with a clean, dry cloth. For tougher stains, use a mild fabric cleaner and test on an inconspicuous area first.
- **Frame Inspection:** Periodically check all bolts and screws to ensure they remain tight. Re-tighten if necessary to maintain stability and prevent squeaking.
- **Avoid Harsh Chemicals:** Do not use abrasive cleaners or harsh chemicals on any part of the bed frame, as this may damage the finish or fabric.
- **Protect from Direct Sunlight:** Prolonged exposure to direct sunlight can cause the fabric to fade. Position your bed away from direct sunlight or use curtains/blinds.

TROUBLESHOOTING

Here are some common issues and their potential solutions:

Problem	Possible Cause	Solution
Bed frame is squeaking.	Loose connections or slats.	Ensure all bolts are tightened. Check that all wooden slats are properly seated and the Velcro is securely attached.
Frame feels unstable.	Improper assembly or uneven floor.	Review assembly steps to ensure all parts are correctly installed. Check if the floor is level; use furniture pads if needed.
Mattress sinks in certain areas.	Damaged or insufficient slat support.	Inspect slats for damage. Ensure all slats are evenly spaced and fully supported across the frame. If a slat is broken, contact customer support for replacement.

SPECIFICATIONS
