## Vente-unique SILETO

# Vente-unique SILETO Armchair Instruction Manual

Model: SILETO | Brand: Vente-unique

## INTRODUCTION

---

Thank you for choosing the Vente-unique SILETO Armchair. This manual provides essential information for the safe assembly, proper use, and maintenance of your new armchair. Please read these instructions carefully before assembly and retain them for future reference.

## SAFETY INFORMATION

---

- **Maximum Weight Capacity:** The SILETO Armchair is designed to support a maximum weight of 120 kg (264 lbs). Do not exceed this limit to prevent damage or injury.
- **Assembly:** This product requires assembly. Ensure all parts are present and securely fastened before use. Do not use the armchair if any parts are missing or damaged.
- **Placement:** Place the armchair on a flat, stable surface. Avoid placing it near heat sources, open flames, or in direct sunlight for prolonged periods to prevent material degradation.
- **Children:** Keep small children away from the assembly area. Small parts can be a choking hazard.
- **Usage:** Use the armchair only for its intended purpose as seating furniture. Avoid standing on the armchair or using it as a step stool.

## PACKAGE CONTENTS

---

Before beginning assembly, verify that all components are present. If any parts are missing or damaged, please contact customer support.

- Armchair Seat and Backrest Unit (1)
- Legs (4)
- Assembly Hardware (screws, washers, Allen key)

*Image: Close-up view of the armchair's black metal legs, which are part of the assembly.*

## SETUP AND ASSEMBLY

---

The Vente-unique SILETO Armchair requires simple assembly. Follow these steps carefully:

1. **Unpack Components:** Carefully remove all parts from the packaging. Place them on a clean, soft surface to prevent scratches.
2. **Identify Parts:** Refer to the package contents list to identify the armchair unit, legs, and hardware.
3. **Attach Legs:** Gently place the armchair unit upside down on a protected surface. Align each leg with the pre-drilled holes on the underside of the armchair frame.
4. **Secure Legs:** Insert the provided screws and washers through the leg brackets and into the armchair frame. Tighten all screws firmly using the Allen key, but do not overtighten.
5. **Verify Stability:** Carefully turn the armchair upright. Gently rock it to ensure all legs are stable and the armchair does not wobble. Adjust screws if necessary.

## **OPERATING INSTRUCTIONS**

---

The SILETO Armchair is designed for comfortable seating in your living space or office. Simply sit and enjoy its ergonomic design and soft bouclé fabric.

- Ensure the armchair is placed on a level surface before use.
- Avoid sudden movements or excessive force when sitting down.
- Do not allow children to play unsupervised on or around the armchair.

## MAINTENANCE

---

Proper care will extend the life and appearance of your SILETO Armchair. The bouclé fabric is made of 100% polyester, known for its durability and ease of cleaning.

- **Regular Cleaning:** Dust the armchair regularly with a soft, dry cloth. For deeper cleaning, use a vacuum cleaner with an upholstery attachment to remove dust and debris.
- **Spot Cleaning:** For spills, immediately blot the affected area with a clean, dry cloth. Do not rub, as this can spread the stain. For stubborn stains, use a mild fabric cleaner diluted with water. Test the cleaner on an inconspicuous area first.
- **Liquid Spills:** Polyester fabric is resistant and washable with water. For liquid spills, gently wipe with a damp cloth and mild soap, then pat dry. Avoid saturating the fabric.
- **Avoid Harsh Chemicals:** Do not use abrasive cleaners, bleach, or strong chemical solvents, as these can damage the fabric and finish.
- **Legs Maintenance:** Periodically check the tightness of the leg screws and retighten if necessary. Clean metal legs with a soft, damp cloth.

## TROUBLESHOOTING

---

If you encounter any issues with your SILETO Armchair, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Armchair wobbles or is unstable.	Legs are not tightened evenly or fully.	Turn the armchair upside down and ensure all leg screws are securely tightened. Check for any uneven floor surfaces.
Squeaking noises during use.	Loose connections in the frame or legs.	Inspect all assembly points and tighten any loose screws. Avoid overtightening.
Fabric appears dirty or stained.	Accumulated dust or spills.	Refer to the "Maintenance" section for cleaning instructions. Act quickly on spills.
