INCLUDED COMPONENTS

Your VERSASTACK XL Rolling Tower Tool Storage System includes the following four pieces:

- (1) VERSASTACK XL 22 in. Suitcase
- (1) VERSASTACK XL 22 in. Deep Toolbox
- (1) VERSASTACK 22.5 in. Rolling Unit
- (1) VERSASTACK Adaptor (included in Rolling Unit only)

INCLUDES:

- (1) VERSASTACK XL™ SUITCASE
- (1) VERSASTACK XL™ DEEP TOOLBOX
- (1) VERSASTACK XL™ ROLLING UNIT
- (1) VERSASTACK XL™ ADAPTOR (INCLUDED IN ROLLING UNIT ONLY)

SETUP AND ASSEMBLY

The VERSASTACK XL system is designed for easy, modular assembly. Follow these steps to set up your rolling tower:

1. **Position the Rolling Unit:** Place the VERSASTACK 22.5 in. Rolling Unit on a flat, stable surface. Ensure the handle is extended if you plan to move it immediately.
2. **Stack the Deep Toolbox:** Align the VERSASTACK XL 22 in. Deep Toolbox on top of the Rolling Unit. The system features an automatic stacking mechanism with a drop-and-lock design for secure connection.
3. **Add the Suitcase:** Place the VERSASTACK XL 22 in. Suitcase on top of the Deep Toolbox, ensuring it locks into place.
4. **Utilize the Adaptor:** The included VERSASTACK Adaptor allows you to connect other VERSASTACK system boxes (sold separately) to your XL Rolling Tower for expanded customization.

AUTOMATIC STACKING WITH DROP AND LOCK MECHANISM AND ONE TOUCH RELEASE FOR EASY REMOVAL

OPERATING INSTRUCTIONS

Accessing Contents

Each unit features overmold latches for smooth operation and a one-touch release mechanism for easy removal of stacked boxes. To open a unit, simply unlatch the front clasps and lift the lid.

Mobility

The Rolling Unit is equipped with durable 7-inch wheels, designed to navigate various terrains, making it easy to transport your tools between projects. Extend the telescopic handle for comfortable pulling.

Integrated Features

The system includes integrated tool clips, level holders, and electric cable holders for convenient access and organization

of frequently used items.

INTEGRATED ACCESSIBILITY WITH TOOL CLIP, AND ELECTRIC CABLE HOLDERS ALREADY BUILT IN

MAINTENANCE

To ensure the longevity and optimal performance of your CRAFTSMAN VERSASTACK XL Rolling Tower Tool Storage System, regular maintenance is recommended:

- **Cleaning:** Wipe down the exterior with a damp cloth and mild soap as needed. Avoid abrasive cleaners that may damage the plastic.
- **Latches and Seals:** Periodically inspect the overmold latches for proper function and the IP65 seals for any signs of wear or damage. Ensure they are free of debris to maintain water and dust resistance.
- **Wheels:** Check the 7-inch wheels for any accumulated dirt, debris, or signs of damage. Clean as necessary to ensure smooth rolling.
- **Storage:** Store the system in a cool, dry place when not in use to prevent unnecessary wear.

TROUBLESHOOTING

If you encounter any issues with your VERSASTACK XL Rolling Tower, consider the following common solutions:

- **Difficulty Stacking/Unstacking:** Ensure that the units are properly aligned before attempting to stack. Check for any obstructions or debris in the drop-and-lock mechanism. For unstacking, ensure the one-touch release is fully engaged.
- **Latches Not Securing:** Inspect the latches for any foreign objects preventing them from closing completely. Clean the latch area if necessary.
- **Wheels Not Rolling Smoothly:** Check the wheels and axles for debris such as dirt, dust, or tangled materials. Clean the wheels thoroughly.
- **Water/Dust Intrusion:** Verify that all latches are securely closed and that the IP65 seals are intact and free of damage or debris.

If problems persist, please refer to the Support section for further assistance.
