Napoleon NK22K-LEG-3

Napoleon NK22 Premium Charcoal Kettle Grill Instruction Manual

Model: NK22K-LEG-3

INTRODUCTION

This manual provides comprehensive instructions for the setup, operation, and maintenance of the Napoleon NK22 Premium Charcoal Kettle Grill. Learn about its features, including the 22-inch cooking area, Vortex Heat Management System, adjustable air vents, and integrated temperature gauge, designed for precise temperature control and efficient grilling.

Brand: Napoleon

Keywords: NK22, Premium, Charcoal, Kettle, Grill, Porcelain-Enamelled, Chrome-Plated, Cooking, Grid

IMPORTANT SAFETY INFORMATION

Always read and understand all instructions before assembling and using this grill. Keep this manual for future reference.

- For outdoor use only.
- Do not use in an enclosed area.
- Keep children and pets away from the hot grill.
- Use heat-resistant gloves when handling hot surfaces.
- Ensure the grill is on a stable, level surface.
- Do not use gasoline, kerosene, or alcohol for lighting charcoal.
- Proposition 65 Warning: This product can expose you to chemicals including carbon monoxide, which is known to the State of California to cause birth defects or other reproductive harm. For more information go to www.P65Warnings.ca.gov.

SETUP AND ASSEMBLY

Assembly is required for the Napoleon NK22 Premium Charcoal Kettle Grill. Please follow the included user manual for detailed instructions.

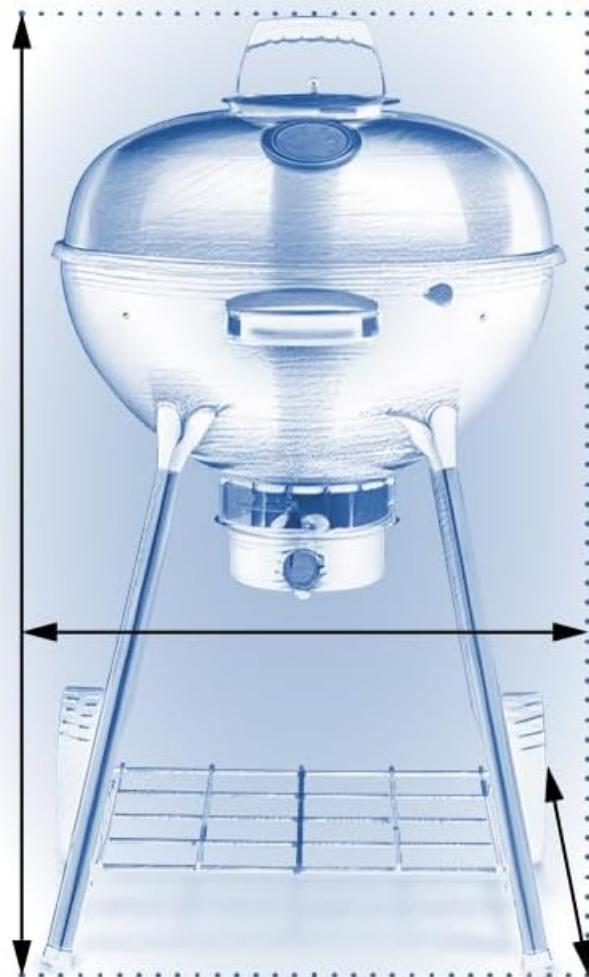

Assembly Tips:

- Carefully review all diagrams and illustrations before beginning assembly.
- Ensure all parts are present and accounted for. If any parts are missing or damaged, contact Napoleon customer support.
- Verify that all screws and nuts match the corresponding parts as indicated in the instructions.
- The grill features a sturdy four-legged design with wheels for easy mobility. Ensure leg joints are securely fastened for rock-solid stability.
- The side shelf can be extended for additional workspace or folded down for compact storage.

**HEIGHT
41"**

**WIDTH
23"**

**DEPTH
28"**

Product dimensions: 28"D x 23"W x 41"H. This diagram illustrates the overall size of the assembled grill.

Side view of the grill, emphasizing the robust four-legged design for stability and the stainless steel hinged cooking grids for easy charcoal access.

OPERATING INSTRUCTIONS

1. Charcoal Loading and Management:

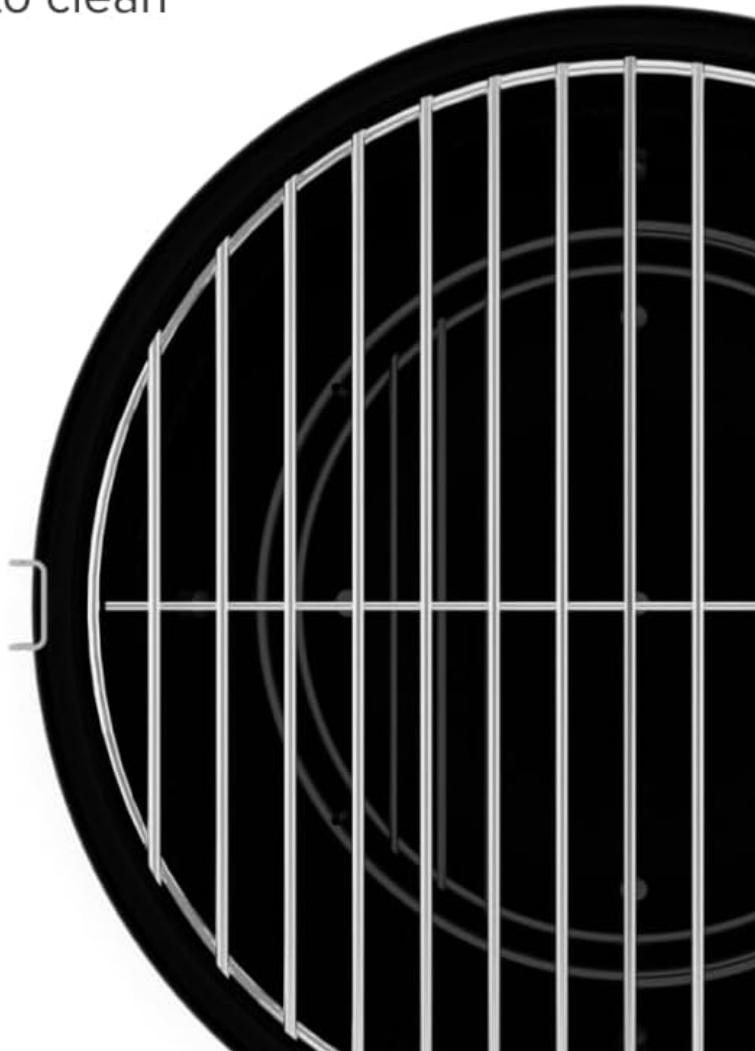

The grill features hinged stainless steel cooking grids. To add charcoal, wood chips, or refill water pans during cooking, simply lift the hinged section of the grid. The conical Vortex Heat Management System improves fuel efficiency and directs ash more effectively.

CHROME PLATED COOKING GRIDS

Easy to clean

21.5"
COOKING
DIAMETER

FITS
22"

The 21.5-inch diameter stainless steel hinged cooking grids provide 360 in² of cooking area and allow for easy addition of charcoal or wood during use.

2. Temperature Control:

Precise temperature control is achieved through adjustable air vents and the integrated Accu-Probe™ temperature gauge.

- Adjustable Air Vents:** The grill features precision-controlled air inlets at the bottom, separating the ash bucket from the lower venting operation for enhanced heat management. Stainless steel venting is also hidden under the Stay Cool handle on the lid, protecting food from gusts and rain while offering precise temperature adjustments.
- Vortex Heat Management System:** This conical system improves convection within the grill, leading to better searing, smoking, and fuel efficiency.
- Integrated Temperature Gauge:** The Accu-Probe™ temperature gauge on the lid helps monitor the internal temperature of the grill, allowing you to maintain optimal cooking conditions for smoking, grilling, and searing.

VORTEX HEAT MANAGEMENT

For Better Searing and Smoking

The conical Vortex Heat Management System enhances convection for improved searing, smoking, and fuel efficiency.

ACCU-PROBE® TEMPERATURE GAUGE

For Precision Grilling

The Accu-Probe™ temperature gauge provides precise temperature readings for optimal grilling.

3. Lid Management:

The grill features a built-in lid hanger for safe and convenient placement of the lid during cooking, preventing it from touching the ground or other surfaces.

BUILT-IN LID HANGER

Safe and Convenient

The built-in lid hanger offers a safe and convenient place to rest the lid while accessing the cooking surface.

4. Utensil Hooks:

Convenient hooks are integrated into the grill's design, allowing you to keep your grilling tools within easy reach.

MAINTENANCE AND CLEANING

- Ash Management:** The conical Vortex Heat Management System directs ash and embers into the ash bucket more effectively, simplifying cleanup. The ash bucket is designed for easy removal and disposal.
- Cooking Grids:** The stainless steel grids are designed for low maintenance and quick heating. Clean them after each use with a grill brush to prevent buildup.

- **Exterior Cleaning:** The porcelain-enameled lid and bowl can be wiped clean with a damp cloth and mild detergent. Avoid abrasive cleaners that could damage the finish.

TROUBLESHOOTING

- **Assembly Difficulties:** If you encounter issues with mismatched parts, unclear instructions, or missing components during assembly, please refer to the detailed user manual or contact Napoleon customer support for assistance.
- **Lid Fit Issues:** If the lid does not sit securely or has excessive play, ensure all assembly steps related to the lid and bowl are correctly followed. Check for any obstructions or misalignments. Contact customer support if the issue persists.
- **Vortex System Detachment:** If the Vortex Heat Management System detaches from its clips, ensure it is properly seated and the clips are securely fastened. Avoid excessive movement of the grill when hot.
- **Temperature Fluctuations:** Ensure all air vents (top and bottom) are properly adjusted for desired temperature. Check for any blockages in the vents or ash bucket.

SPECIFICATIONS

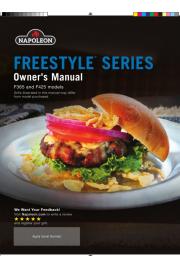

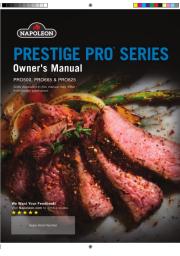

Brand:	Napoleon
Model Name:	Premium Charcoal Grill Series
Model Number:	NK22K-LEG-3
Product Dimensions:	28"D x 23"W x 41"H
Item Weight:	45 Pounds
Cooking Surface Area:	360 Square Inches
Fuel Type:	Charcoal
Material:	Stainless Steel, Metal
Special Features:	Adjustable Air Vent, Heat-Resistant Handle, Locking Caster, Rust Resistant, Superior Heat Retention
Included Components:	User Manual
