Operating Instructions

Small Screen View

The S-View Wallet Case allows you to view important information without opening the cover. The small screen window displays notifications, incoming calls, and music controls. This feature is active when the case is closed.

- **Notifications:** Glance at new messages, alerts, and other notifications.
- **Incoming Calls:** See who is calling and manage calls directly from the small screen.
- **Music Control:** Play, pause, skip tracks, and adjust volume for your music playback.

Maintenance

To maintain the appearance and functionality of your S-View Wallet Case, follow these guidelines:

- **Cleaning:** Wipe the case gently with a soft, dry, or slightly damp cloth. Avoid using harsh chemicals, abrasive cleaners, or solvents, as these can damage the polyurethane material.
- **Storage:** Store the case in a cool, dry place away from direct sunlight and extreme temperatures when not in use.
- **Material Care:** The case is constructed from polyurethane and contains recycled and bio-based content. Handle with care to preserve its integrity.

Troubleshooting

Small Screen View Not Functioning

- Ensure your Samsung Galaxy S24 is correctly seated within the case.
- Verify that the case is fully closed.
- Check your phone's settings for S-View cover functionality. Navigate to**Settings > Advanced features >**

Accessories and ensure the 'Smart cover' or 'S-View cover' option is enabled.

- Restart your phone to resolve potential software glitches.

Card Not Fitting in Pocket

- The card slot is designed for a single standard-sized card. Attempting to insert multiple cards may cause damage to the case or prevent proper closure.
- Ensure the card is inserted correctly and not obstructed.
