Glamcor L-a009

GLAMCOR Galileo Flexible Arm Attachment User Manual

Model: L-a009 | Brand: GLAMCOR

INTRODUCTION

Thank you for choosing the GLAMCOR Galileo Flexible Arm Attachment. This manual provides essential information for the proper installation, operation, and maintenance of your new accessory. Please read this manual thoroughly before use to ensure optimal performance and safety.

PRODUCT OVERVIEW

The GLAMCOR Galileo Flexible Arm Attachment is designed exclusively for the GLAMCOR GALILEO Ring Light, offering enhanced flexibility and precision in lighting control. This accessory allows users to direct light exactly where needed, making it ideal for photographers, videographers, makeup artists, and content creators.

Key Features:

- **Exclusive Compatibility:** Tailored to perfectly fit the GLAMCOR GALILEO Ring Light, ensuring a secure and stable connection.
- **Optimal Length:** At 180mm (approximately 7.09 inches), the arm extends your ring light's reach without compromising stability.
- **Unmatched Flexibility:** Crafted with a robust yet pliable material, this flexible arm allows the ring light to bend forward, providing directional lighting control for perfect illumination.
- **Easy Installation:** Effortlessly attachable, the GALILEO Flexible Arm can be set up within minutes, allowing for immediate use in various settings.
- **Durable Design:** Built to last, the arm withstands regular adjustments and maintains its shape and strength over time.

What's in the Box:

- Flexible Arm Attachment

SAFETY INFORMATION

- Ensure the attachment is securely fastened to the GLAMCOR GALILEO Ring Light before use.

- Do not attempt to force the arm into positions beyond its natural flexibility.
- Keep the attachment away from water and extreme temperatures.
- This product is designed for its intended purpose as a flexible arm for the GLAMCOR GALILEO Ring Light. Do not use for other applications.

SETUP AND INSTALLATION

1. Identify the designated mounting point on your GLAMCOR GALILEO Ring Light. This is typically a square-shaped slot designed to receive accessories.
2. Align the square metal end of the Galileo Flexible Arm Attachment with the mounting slot on the ring light.
3. Gently but firmly insert the arm into the slot until it clicks or feels securely seated. Ensure there is no wobble.
4. Verify the arm is stable before attaching any additional accessories or adjusting the light.

OPERATING INSTRUCTIONS

Once installed, the GLAMCOR Galileo Flexible Arm Attachment allows for precise positioning of your GLAMCOR GALILEO Ring Light. To adjust the light's direction:

1. Grasp the flexible arm firmly with one hand.
2. Gently bend and articulate the arm to achieve the desired angle and position for your ring light. The arm is designed to hold its shape once positioned.
3. Avoid sudden or forceful movements that could damage the arm or the ring light.
4. Periodically check that the arm remains securely attached to the ring light during adjustments.

MAINTENANCE

- **Cleaning:** Wipe the flexible arm with a soft, dry cloth. Do not use abrasive cleaners or solvents.
- **Storage:** Store the attachment in a clean, dry place when not in use. Avoid storing in extreme temperatures or direct sunlight.
- **Inspection:** Periodically inspect the arm for any signs of wear or damage. If damage is observed, discontinue use and contact GLAMCOR support.

TROUBLESHOOTING

Arm does not hold position:

- Ensure the arm is fully inserted and securely seated in the GLAMCOR GALILEO Ring Light's mounting slot.
- Verify that no excessive weight or force is being applied to the arm that exceeds its design capacity.
- If the issue persists, the arm may be damaged. Contact GLAMCOR customer support for assistance.
