Homleke BS20W

Homleke Shoe Storage Bench BS20W Instruction Manual

Model: BS20W

INTRODUCTION

This manual provides detailed instructions for the assembly, operation, and maintenance of your Homleke Shoe Storage Bench, model BS20W. Please read this manual thoroughly before assembly and use to ensure proper function and longevity of the product.

SAFETY INFORMATION

For your safety and to prevent damage to the product, please observe the following guidelines:

- Always assemble the bench according to the provided instructions.
- Ensure the bench is stable and secure before use.
- Avoid placing heavy objects in the drawers that could cause the bench to tip over.
- Keep the bench away from heat sources and moisture to maintain its integrity.
- Do not exceed the maximum static load capacity of 440 lb (200 kg).

PACKAGE CONTENTS

Verify that all components are present before beginning assembly:

- 1 x Shoe Storage Bench (main unit)
- 1 x Accessory Kit (containing hardware and tools)
- 1 x Instructions Manual

SETUP AND ASSEMBLY

The Homleke Shoe Storage Bench is designed for straightforward assembly. All necessary hardware and an instruction manual are included in the accessory kit. Follow the step-by-step instructions carefully to ensure correct and stable construction.

1. Unpack all components and verify against the package contents list.
2. Identify each part and hardware piece using the provided diagrams.
3. Assemble the main frame of the bench, ensuring all connections are secure.
4. Install the flip drawer mechanisms and barn doors as per the instructions.
5. Place the padded seat cushion on top of the bench. The cushion features fixed velcro to prevent slipping.
6. Once assembled, gently test the stability of the bench before full use.

OPERATING INSTRUCTIONS

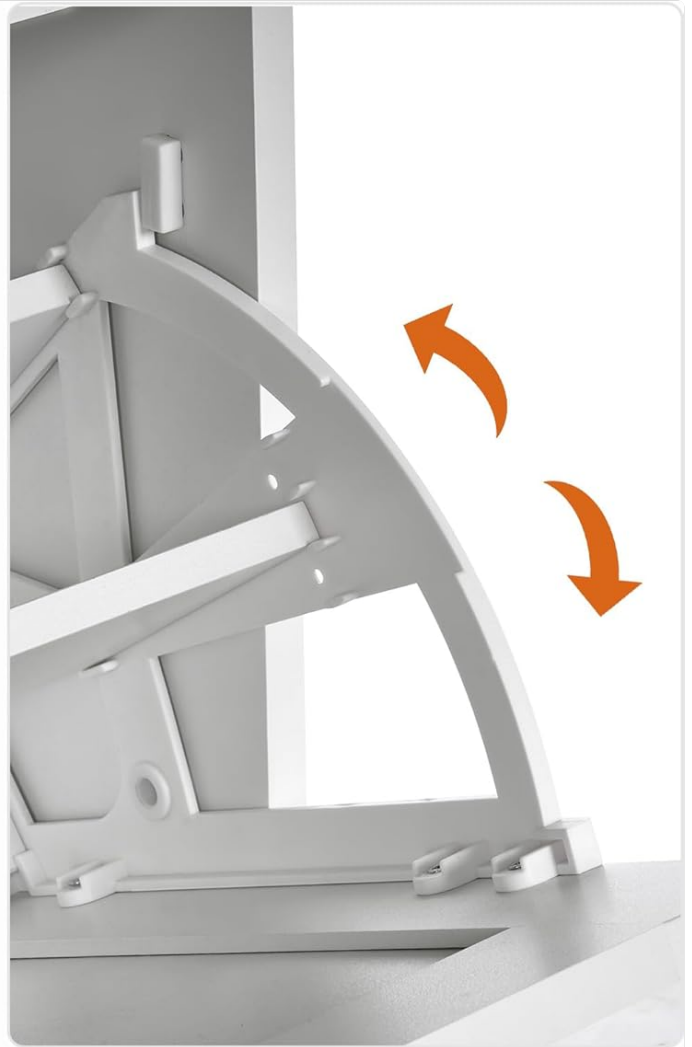

The Homleke Shoe Storage Bench is designed for convenient shoe storage and comfortable seating.

Using the Flip Drawers:

- Gently pull the handle on each drawer front to open the flip-down compartment.
- Each flip drawer contains two tiers for organizing footwear.
- The shelves within the flip drawers are adjustable. To adjust, carefully remove the shelf and reposition it into the desired slots to accommodate different shoe heights. This allows for storage of various shoe types, though larger shoes (e.g., men's size 11 wide or ankle boots) may require removing a shelf or may not fit.
- Push the drawer front back until it is flush with the bench to close.

**Fixed velcro protecting
cushion from slipping**

Adjustable Shelves

Using the Padded Seat:

- The top surface of the bench features a padded seat cushion for comfortable seating.
- The cushion is secured with velcro to prevent movement during use.
- Use the bench for sitting while putting on or taking off shoes.

**Removable
cushion cloth cover**

High quality handle

MAINTENANCE

Proper care will help maintain the appearance and functionality of your shoe storage bench.

- **Cleaning the Bench:** Wipe the engineered wood surfaces with a dry cloth. Avoid abrasive cleaners or harsh chemicals that may damage the finish.
- **Cushion Care:** The padded seat cushion features a removable cloth cover. Unzip and remove the cover for cleaning. Follow the care instructions on the cushion label for washing.
- **Hardware Check:** Periodically check all screws and fasteners to ensure they remain tight. Retighten if necessary to maintain stability.

TROUBLESHOOTING

If you encounter any issues with your Homleke Shoe Storage Bench, refer to the following common solutions:

Problem	Possible Cause	Solution
Bench feels unstable or wobbly.	Loose fasteners or uneven assembly.	Ensure all screws and bolts are tightened securely. Check that the bench is on a level surface.
Flip drawers do not open or close smoothly.	Obstruction, misaligned mechanism, or loose hardware.	Check for any objects blocking the drawer's path. Verify that the drawer mechanism is correctly installed and all associated hardware is tight.

Shoes do not fit in the drawers.	Shelf height is too low for the shoe type.	Adjust or remove the internal shelves within the flip drawers to accommodate taller footwear. Note that very large or tall shoes may not fit even with adjustments.
