LIFKOME 6041 Drawer Knobs Instruction Manual

Model: 12RFS958P0T022U

1. INTRODUCTION

This manual provides instructions for the installation, maintenance, and general use of your LIFKOME 6041 Bronze One-Hole Drawer Knobs. These classic, unique, and durable knobs are designed to enhance the aesthetic and functionality of your cabinets, drawers, dressers, and wardrobes.

2. PACKAGE CONTENTS

Please verify that all items are included in your package:

- 3 x LIFKOME 6041 Bronze Drawer Knobs
- Necessary mounting screws

3. SETUP AND INSTALLATION

These knobs are designed for easy installation. Follow these steps to attach them to your furniture:

1. **Prepare the Surface:** Ensure the surface of your drawer or cabinet door is clean and dry where the knob will be installed.
2. **Mark the Hole:** If there isn't an existing hole, carefully measure and mark the desired location for the knob. Use a pencil to mark the center point.
3. **Drill the Hole (if necessary):** Using an appropriate drill bit size (typically 4mm or 5/32 inch, verify with screw size), drill a pilot hole through the marked point. Drill from the front of the drawer/door to prevent splintering.
4. **Attach the Knob:** Insert the screw from the inside of the drawer/cabinet door through the drilled hole. Align the knob on the outside with the screw.
5. **Tighten the Screw:** While holding the knob in place, use a screwdriver to tighten the screw from the inside until the knob is securely fastened. Do not overtighten, as this may damage the furniture or the knob.

4. OPERATING INSTRUCTIONS

Once installed, the LIFKOME 6041 drawer knobs function as standard furniture pulls. Simply grasp the knob and pull to open drawers or cabinet doors. Ensure the knob is securely attached before use to prevent accidental detachment.

5. MAINTENANCE

To maintain the appearance and longevity of your LIFKOME 6041 bronze drawer knobs, follow these simple maintenance guidelines:

- **Cleaning:** Wipe the knobs regularly with a soft, dry cloth to remove dust and fingerprints. For more stubborn marks, use a slightly damp cloth with mild soap, then dry immediately.
- **Avoid Harsh Chemicals:** Do not use abrasive cleaners, solvents, or harsh chemicals, as these can damage the finish of the zinc alloy.
- **Check Tightness:** Periodically check the tightness of the mounting screws. If a knob feels loose, gently tighten the screw from the inside of the drawer/cabinet.

6. TROUBLESHOOTING

If you encounter any issues with your LIFKOME 6041 drawer knobs, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
---------	----------------	----------

Problem	Possible Cause	Solution
Knob feels loose after installation.	Screw is not fully tightened or has loosened over time.	Gently tighten the mounting screw from the inside of the drawer/cabinet until the knob is secure. Do not overtighten.
Knob is difficult to install.	Hole size is incorrect or misaligned.	Ensure the drilled hole matches the screw diameter. If misaligned, carefully re-drill or adjust the hole if possible.
Finish appears dull or discolored.	Accumulation of dirt/grime or exposure to harsh chemicals.	Clean the knob with a soft, dry cloth. If necessary, use a slightly damp cloth with mild soap and dry immediately. Avoid harsh cleaners.

7. SPECIFICATIONS

Brand	LIFKOME
Model Number	12RFS958P0T022U
Material	Zinc Alloy
Color	Bronze (as shown)
Style	Classic
Dimensions (L x W x H)	Approx. 3 x 3 x 2.6 cm (1.18 x 1.18 x 1.02 inches)
Weight (per set of 3)	122.47 g
Package Quantity	3 pieces

8. WARRANTY AND SUPPORT

For any questions, concerns, or support regarding your LIFKOME 6041 drawer knobs, please contact LIFKOME customer service through the retailer where the product was purchased. Please retain your proof of purchase for warranty claims.

While specific warranty details are not provided in this manual, LIFKOME products are manufactured to high-quality standards. For information on returns or specific policies, please refer to the retailer's return policy or the LIFKOME brand store if available.
