

## windgoo F1

# windgoo F1 14-inch Foldable Electric Bicycle User Manual

Model: F1 | Brand: windgoo

## 1. IMPORTANT SAFETY INFORMATION

---

Before operating your windgoo F1 electric bicycle, please read this manual thoroughly. Failure to follow instructions can result in serious injury or property damage. Always wear a helmet when riding. Ensure all components are securely fastened before each use.

- Always wear a certified helmet and appropriate safety gear.
- Do not ride in adverse weather conditions or on slippery surfaces.
- Familiarize yourself with local traffic laws and regulations regarding electric bicycles.
- Regularly inspect your bicycle for wear and tear, especially brakes, tires, and battery connections.
- Do not exceed the maximum load capacity of 120 kg.

## 2. WHAT'S IN THE BOX

---

Upon unpacking your windgoo F1 electric bicycle, please verify that all the following items are included:

- windgoo F1 Electric Bicycle (95% assembled)
- Battery Charger
- User Manual

If any items are missing or damaged, please contact customer support immediately.

## 3. SETUP AND INITIAL ASSEMBLY

---

Your windgoo F1 electric bicycle comes 95% pre-assembled. Follow these steps for final setup:

### 3.1 Unfolding the Bicycle

Carefully remove the bicycle from its packaging. Locate the folding mechanism latch, typically on the main frame. Release the latch and unfold the bicycle until the frame locks into place. Ensure the locking mechanism is fully

engaged and secure.

## 3.2 Handlebar and Seat Adjustment

The handlebar position can be adjusted to your preference. Loosen the quick-release lever or bolt on the handlebar stem, adjust the height and angle, then securely tighten. The F1 model features elongated padded seats for comfort; note that the seat height is not adjustable. However, you can adjust the handlebar position to optimize your riding posture.

## 3.3 Battery Installation and Initial Charge

The windgoo F1 is equipped with a removable 36V/7.5Ah lithium battery. To install or remove the battery, use the provided key to unlock the battery compartment. Insert the battery firmly until it clicks into place, then lock it. For the first use, fully charge the battery. Connect the charger to the bicycle's charging port and then to a standard power outlet. The charging indicator on the charger will show the charging status. A full charge typically takes 4 hours, providing a range of 25-30 kilometers.

## 4. OPERATING INSTRUCTIONS

---

Familiarize yourself with the controls and riding modes of your windgoo F1.

### 4.1 Powering On/Off

To power on the bicycle, press and hold the power button on the handlebar display. To power off, press and hold the same button until the display turns off.

### 4.2 Riding Modes

The windgoo F1 offers three distinct riding modes:

- **Purely Electric Mode:** Engage this mode for full motor assistance without pedaling. Use the throttle to control speed.
- **Electric Assist Mode (Pedal Assist):** The motor provides assistance as you pedal, making riding easier. You can adjust the level of assistance.
- **Bicycle Mode:** The motor is disengaged, and the bicycle operates like a traditional pedal bike.

The maximum speed in electric modes is 25 km/h, powered by a 250W brushless high-performance motor.

### 4.3 Using the windgoo Smart App

Enhance your riding experience by connecting to the "windgoo Smart" application via Bluetooth. The app is compatible with both Android and iOS devices.

- Download the "windgoo Smart" app from your device's app store.
- Enable Bluetooth on your smartphone and on the bicycle (refer to display instructions).
- Open the app and follow the pairing instructions to connect to your F1.

Through the app, you can:

- Monitor vehicle speed and mileage.
- Adjust speed levels and riding modes.
- View vehicle error recognition and records.

## 5. MAINTENANCE

---

Regular maintenance ensures the longevity and safe operation of your windgoo F1 electric bicycle.

### 5.1 Battery Care

- Charge the battery fully after each use, or at least once a month if not used regularly.
- Avoid completely draining the battery.
- Store the battery in a cool, dry place, away from direct sunlight and extreme temperatures.
- Use only the original windgoo charger.

### 5.2 Tire Maintenance

- Check tire pressure before each ride. Maintain pressure within the recommended range printed on the tire sidewall.
- Inspect tires for cuts, punctures, or excessive wear.

### 5.3 Brake System

The F1 is equipped with disc brakes. Regularly check the brake levers for proper tension and ensure the brake pads are not excessively worn. If braking performance decreases, have the brakes inspected and adjusted by a qualified technician.

### 5.4 General Cleaning

Clean the bicycle with a damp cloth and mild soap. Avoid using high-pressure washers directly on electrical components. Dry thoroughly after cleaning.

## 6. TROUBLESHOOTING

---

This section addresses common issues you might encounter with your windgoo F1.

- **Bicycle not powering on:** Ensure the battery is fully charged and correctly installed. Check all connections.
- **Motor not assisting:** Verify that you are in Purely Electric or Electric Assist mode. Check battery level. If using the app, check for error codes.
- **App connectivity issues:** Ensure Bluetooth is enabled on both your phone and the bicycle. Try restarting both devices.
- **Reduced range:** This can be due to low tire pressure, riding uphill frequently, heavy loads, or cold weather. Ensure the battery is fully charged.

For more complex issues or error codes displayed on the bicycle or app, please refer to the "windgoo Smart" app's diagnostic section or contact customer support.

## 7. SPECIFICATIONS

---

Feature	Specification
Bicycle Type	Electric Bicycle
Age Range (Description)	Youth
Brand	windgoo

Feature	Specification
Number of Speeds	1
