## 4. OPERATING INSTRUCTIONS: HOW TO PLAY

### 4.1. Game Objective

The first player to collect 3 complete Property sets of different colors wins the game.

### 4.2. Card Types

Understanding the different card types is crucial for gameplay:

- **Property Cards:** These cards represent properties from the Monopoly board. Collect all properties of the same color to form a complete Property set.
- **Wild Property Cards:** These cards can be used as part of any Property set, allowing flexibility in completing sets.
- **Action Cards:** These cards allow players to perform special actions, such as collecting rent, stealing properties, or drawing extra cards.
- **Money Cards:** These cards are used to pay debts to other players or to bank money for future payments.

### 4.3. Gameplay Flow (Your Turn)

On your turn, follow these steps:

1. **Draw 2 Cards:** Always start your turn by drawing two cards from the Draw Pile.
2. **Play Up to 3 Cards:** You may play up to three cards from your hand. Cards can be played in three ways:
  - **Into Your Bank:** Place Money cards or Action cards face up into your personal Bank pile. This money can be used to pay other players.
  - **Into Your Property Collection:** Place Property cards or Wild Property cards face up into your Property Collection area. Group cards by color to form sets.
  - **As an Action:** Play an Action card from your hand to perform its effect. Discard Action cards to the Discard Pile after use, unless otherwise specified.
3. **End of Turn:** If you have more than 7 cards in your hand at the end of your turn (after playing your 3 cards), discard excess cards to the Discard Pile until you have 7 cards.

### 4.4. Action Card Details

Specific functions of common Action Cards:

- **Rent Cards:** Play a Rent card to demand rent from another player. The amount depends on the number of properties you have in the specified color set.
- **Deal Breaker:** Play this card to steal a complete Property set from any player. This is a powerful card that can turn the tide of the game.
- **Sly Deal:** Play this card to steal one property card from any player. You cannot steal a property that is part of a complete set.

- **Just Say No!:** Play this card to cancel any Action card played by another player. This card can be played at any time, even out of turn.
- **It's Your Birthday!:** All other players must pay you a specified amount of money.
- **Pass Go:** Draw 2 additional cards from the Draw Pile.

#### 4.5. Winning the Game

The game ends immediately when a player successfully collects 3 complete Property sets of different colors. That player is declared the winner.

### 5. MAINTENANCE

To ensure the longevity of your Monopoly Deal Card Game:

- Keep cards clean and dry. Avoid playing with wet or dirty hands.

- Store all cards in the original box when not in use to prevent loss or damage.
- Avoid bending or creasing cards, as this can make them identifiable during play.

## 6. TROUBLESHOOTING

---

If you encounter any issues during gameplay:

- **Missing Cards:** Verify that all 110 cards are present by counting them against the component list.
- **Rule Clarification:** Refer to the included Game Guide for detailed rule explanations and specific card interactions.
- **Game Flow Issues:** Ensure all players are following the "Draw 2, Play up to 3, Discard to 7" rule correctly.
