## **MCombo 6160-7634**

# **MCombo Dual Motor Power Lift Recliner Chair with Massage and Heat, Model 6160-7634 User Manual**

## **INTRODUCTION**

---

This user manual provides detailed instructions for the assembly, operation, maintenance, and troubleshooting of your MCombo Dual Motor Power Lift Recliner Chair, Model 6160-7634. Please read this manual thoroughly before using the product to ensure safe and efficient operation. Keep this manual for future reference.

*The MCombo Dual Motor Power Lift Recliner Chair, featuring a dark grey faux leather finish and integrated cup holders.*

## SETUP AND ASSEMBLY

---

Your MCombo recliner chair is designed for straightforward assembly, typically requiring no special tools and taking approximately 15-20 minutes for one person. The chair arrives in multiple boxes containing the main components.

### Included Components:

- Backrest
- Base
- Left Armrest
- Right Armrest
- Lumbar Pillow
- Accessory Box (containing power adapter, remote controls, and other small parts)

## Assembly Steps:

1. Carefully unpack all components and ensure all parts are present.
2. Place the chair base on a flat, stable surface.
3. Slide the backrest onto the base, ensuring the metal brackets align and lock securely.
4. Attach the left and right armrests to the sides of the chair base, ensuring they click into place.
5. Connect all electrical cables according to the labels. Ensure the power adapter is securely connected to the chair and a power outlet.
6. Place the lumbar pillow for added comfort.

*The power lift mechanism assists users in standing up from the chair.*

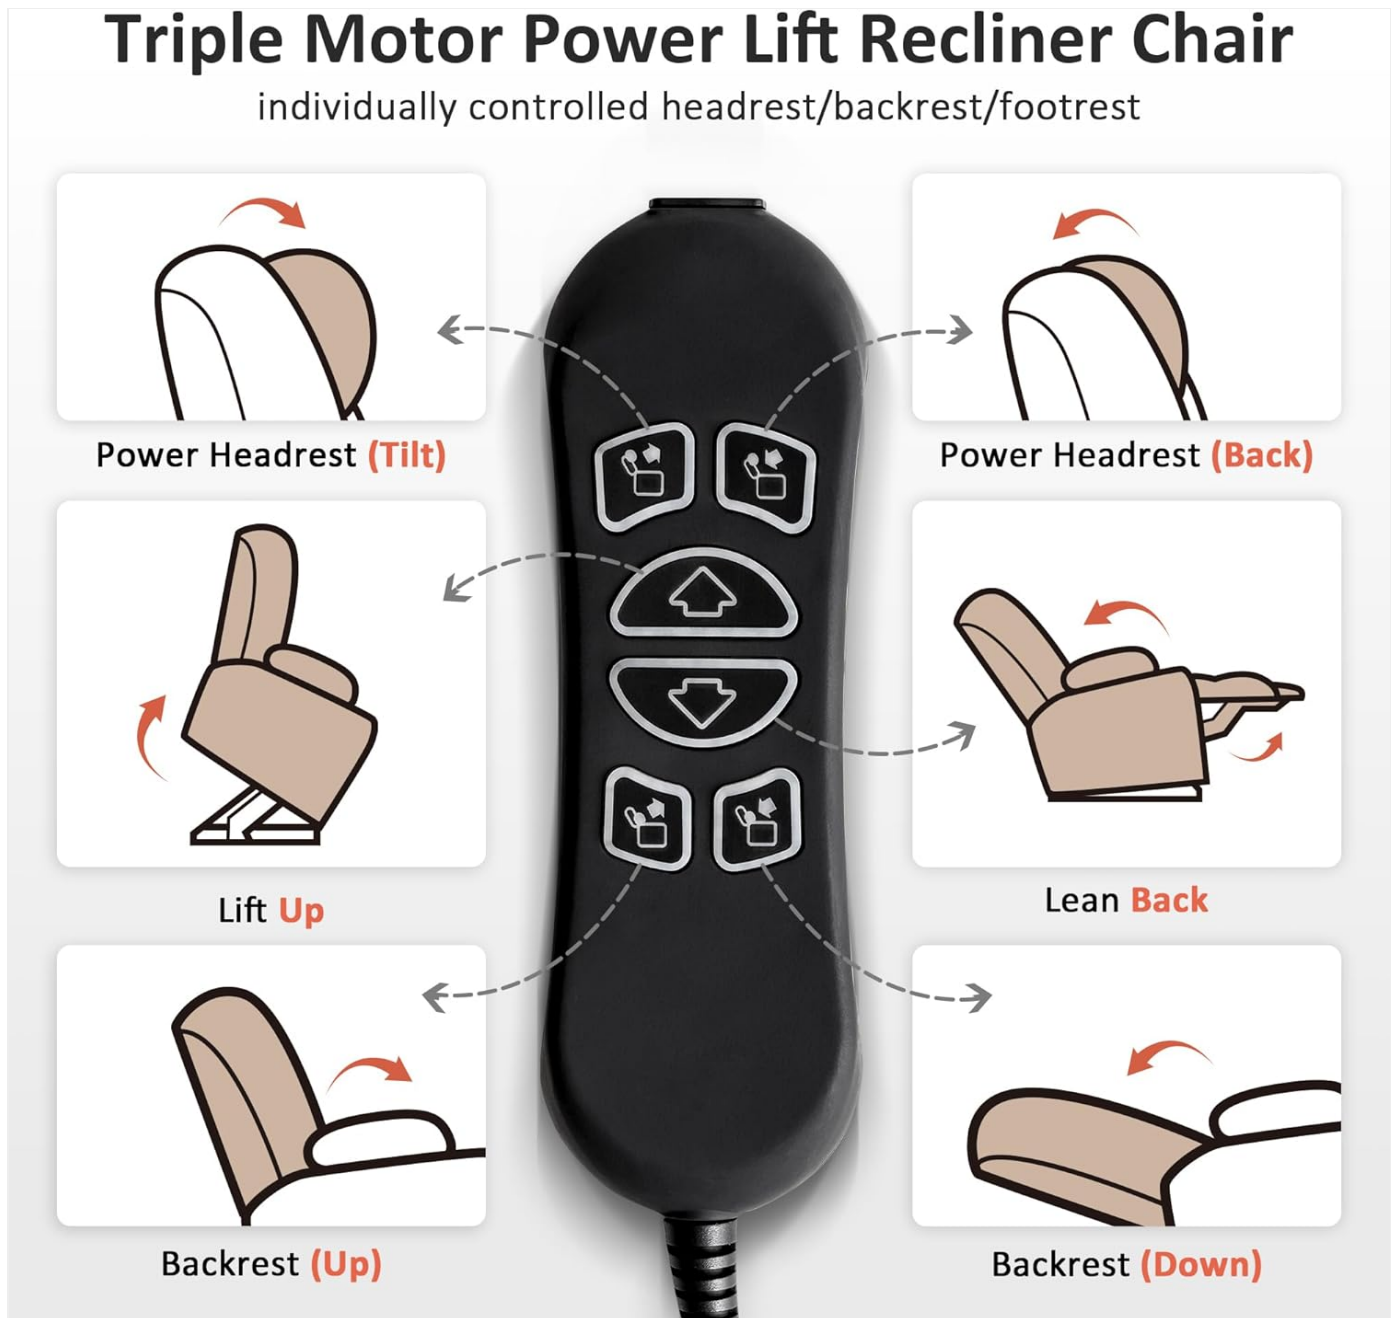

## OPERATING INSTRUCTIONS

---

The MCombo recliner chair features dual motors, allowing independent adjustment of the backrest and footrest, along with massage, heating, and power lift functions.

### Remote Control Functions:

The chair comes with two remote controls: one for reclining and lift functions, and another for massage and heating.

*The primary remote control for adjusting chair positions, including headrest, backrest, footrest, and lift functions.*

- **Power Headrest (Tilt/Back):** Use the dedicated buttons to adjust the angle of the headrest for optimal neck support.
- **Backrest (Up/Down):** Independently adjust the backrest to your desired angle.
- **Footrest (Up/Down):** Independently adjust the footrest to elevate your legs. The extended footrest design prevents feet from dangling.
- **Lift Up:** Gently lifts the chair to assist you in standing up.
- **Lean Back:** Reclines the chair to a comfortable resting position, up to 165 degrees.

# Adjustable Power Headrest

*The adjustable power headrest provides customized comfort for various activities like watching TV.*

# Extended footrest to prevent dangling feet

*The extended footrest ensures full leg support, enhancing comfort during recline.*

## **Massage and Heating Functions:**

Use the secondary remote control to activate and customize the massage and heating features.

# Massage & Lumbar and Seat Heating

*The chair offers dual heating for lumbar and seat areas, along with an 8-point vibrating massage system.*

- **Dual Heating:** Provides warmth to the lumbar and seat areas. This function operates independently of the massage.
- **Massage:** Features 8 vibrating nodes for a relaxing massage experience. Adjust intensity and mode as desired.

## Additional Features:

- **USB Charging Ports:** Conveniently located USB ports allow you to charge mobile devices while relaxing.
- **Cup Holders:** Two integrated cup holders provide a secure place for beverages.

## MAINTENANCE

Proper care and maintenance will extend the life of your MCombo recliner chair.

- **Cleaning:** Wipe clean with a soft, damp cloth. Avoid harsh chemicals or abrasive cleaners, as these can damage the faux leather material.

- **Spills:** Blot spills immediately with a clean, dry cloth.
- **Electrical Components:** Ensure all electrical connections are secure. Keep liquids away from power cords and outlets.
- **Moving the Chair:** When moving the chair, lift it rather than dragging to prevent damage to the base and flooring.

*The faux leather material is durable and easy to clean, certified by OEKO-TEX Standard 100.*

## TROUBLESHOOTING

---

If you encounter issues with your recliner, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
---------	----------------	----------

<b>Problem</b>	<b>Possible Cause</b>	<b>Solution</b>
Chair does not respond to remote control.	Power cord disconnected; power outlet not working; remote control issue.	Ensure power cord is securely plugged into the chair and a functional wall outlet. Test the outlet with another device. Check remote control connections.
Recline or lift function is not smooth.	Obstruction in mechanism; loose connection.	Inspect for any objects obstructing the moving parts. Check all assembly connections.
Massage or heating not working.	Secondary remote not connected; power issue.	Ensure the secondary remote is properly connected. Verify the main power supply.
Unusual noises during operation.	Loose components; mechanism friction.	Check for any loose screws or connections. If noises persist, contact customer support.

If the problem persists after attempting these solutions, please contact MCombo customer support for further assistance.
