# **JOYTUTUS 12 Inch Panoramic Anti-Glare Clip-on Rear View Mirror Instruction Manual (Model 00302)**

## **1. INTRODUCTION**

This manual provides comprehensive instructions for the installation, operation, and maintenance of your JOYTUTUS 12 Inch Panoramic Anti-Glare Clip-on Rear View Mirror. Designed to enhance your driving experience by expanding your field of vision and reducing blind spots, this mirror is a universal accessory for various vehicle types. Please read these instructions carefully before installation and use.

## 2. FEATURES

- **Universal Compatibility:** Designed with a clip-on mechanism to fit a wide range of vehicles including cars, SUVs, CRVs, vans, and trucks.
- **Wider View:** Convex mirror surface provides an expanded field of vision, effectively reducing blind spots for safer driving and reversing.
- **Anti-Glare Functionality:** Blue-tinted mirror surface helps to reduce glare from high beams of vehicles approaching from behind, improving nighttime driving safety. (Note: Not recommended for use in completely dark environments.)
- **Enhanced Safety:** Allows for clearer monitoring of the back seat, beneficial for observing children or cargo.
- **Durable Construction:** Made from high-quality, high-definition glass for clear and real images without distortion.
- **Secure Installation:** Adjustable clips ensure a firm and stable attachment to your existing rearview mirror.

## 3. SETUP (INSTALLATION)

The JOYTUTUS rearview mirror features a simple clip-on design for quick and easy installation. Follow these steps:

1. Ensure your original rearview mirror is clean and free of obstructions.
2. Gently pull down the adjustable clips on the back of the panoramic mirror.
3. Align the top clips of the panoramic mirror with the top edge of your original rearview mirror.
4. Hook the top clips over your original mirror, then release the bottom adjustable clips to secure the panoramic mirror firmly to the bottom edge of your original mirror.
5. Adjust the angle of the panoramic mirror to achieve your desired field of view. Avoid pressing too hard on the mirror surface during adjustment.

## 4. OPERATING INSTRUCTIONS

Once installed, the JOYTUTUS rearview mirror provides an enhanced view of your surroundings. Its convex design offers a wider perspective, which is crucial for safe driving maneuvers.

- Wider Field of View:** The panoramic design significantly expands your rearward vision, allowing you to see more of the road and surrounding traffic.
- Blind Spot Reduction:** By providing a broader view, the mirror helps to minimize blind spots on both sides of your vehicle, making lane changes and merging safer.
- Anti-Glare:** The blue tint of the mirror helps to diffuse harsh light from headlights behind you, reducing eye strain during night driving.

- **Reversing Aid:** The extended view assists in safer reversing by giving a clearer picture of obstacles and distances behind your vehicle.
- **Passenger Monitoring:** Easily observe passengers in the back seat, particularly useful for parents with young children.

## 5. MAINTENANCE

To ensure optimal performance and longevity of your rearview mirror, follow these simple maintenance guidelines:

- **Cleaning:** Use a soft, lint-free cloth and a non-abrasive glass cleaner to wipe the mirror surface. Avoid harsh chemicals that may damage the anti-glare coating.
- **Secure Fit:** Periodically check that the mirror's clips are securely fastened to your original rearview mirror to prevent movement or detachment.
- **Protection:** The mirror is designed with anti-fall properties and comes in protective packaging. While durable, avoid dropping or subjecting it to excessive force.

# Upgraded Packaging

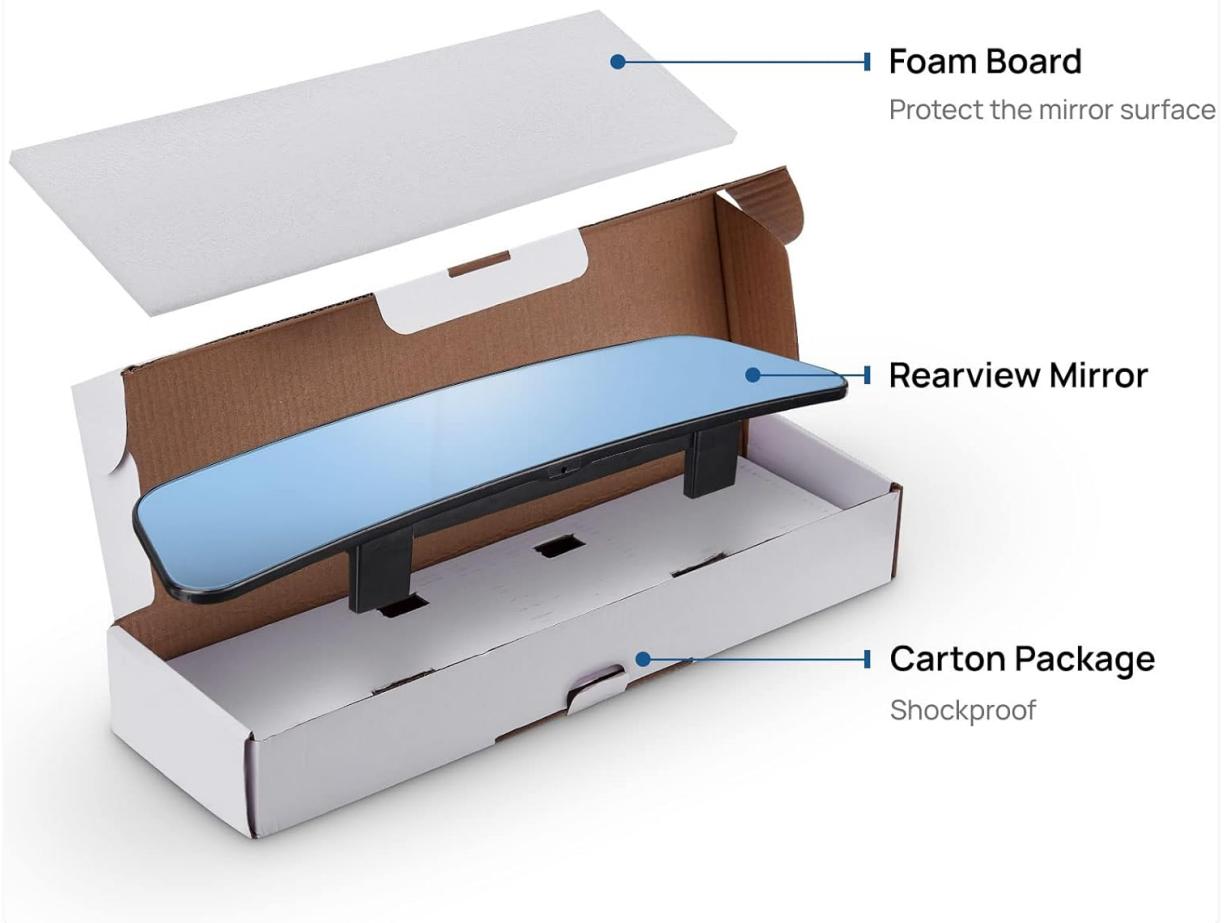

Figure 6: The mirror is packaged with foam protection for durability.

## 6. TROUBLESHOOTING

- **Mirror does not fit:** Ensure your original rearview mirror dimensions are compatible. The panoramic mirror measures 11.8 inches x 2.9 inches and can extend up to 3.5 inches.
- **Mirror feels loose:** Re-adjust the clips on the back of the panoramic mirror to ensure they are firmly gripping your original mirror.
- **Images appear distorted or distant:** This is a characteristic of convex mirrors, designed to provide a wider field of view. It may take some time to adapt to the altered perception of distance.
- **Anti-glare not effective in very dark conditions:** The blue tint is designed to reduce glare from headlights. In completely dark environments, it is not recommended for primary use as it may slightly reduce overall brightness.

## 7. SPECIFICATIONS

Specification	Detail
Brand	JOYTUTUS
Model Number	00302

Auto Part Position	Rear
Color	Blue
Mounting Type	Clip-on
Special Feature	Adjustable
Item Weight	0.29 Kilograms (10.2 ounces)
Fit Type	Universal Fit
Size	12 inches panoramic (11.8 inches x 2.9 inches, extendable up to 3.5 inches)
Shape	Rectangular
Lens Curvature Description	Convex

## 8. WARRANTY AND SUPPORT
