UNIFULL DDZYP-06

UNIFULL Collapsible Foot Spa Bath Instruction Manual

Model: DDZYP-06

IMPORTANT SAFETY INFORMATION

Warning: Do not immerse the AC adapter in water. Always unplug the massager when not in use.

- Read all instructions before use.
- Ensure the unit is placed on a flat, stable surface.
- Do not operate if the power cord or plug is damaged.
- Keep out of reach of children.
- Consult a physician before use if you have any medical conditions, especially diabetes, heart conditions, or circulatory issues.
- Do not stand in the foot spa.
- Empty water after each use and clean the unit.

PRODUCT OVERVIEW

The UNIFULL Collapsible Foot Spa Bath (Model DDZYP-06) is designed to provide a relaxing and therapeutic foot massage experience. It features automatic rotary massage, adjustable heating, a touch screen control panel, and a convenient collapsible design for easy storage.

Image: The UNIFULL Collapsible Foot Spa Bath shown with its included remote control and pedicure kit.

Key Features:

- **Automatic Rotary Massage:** 6 groups of massage rotaries with 18 massage balls and 24 massage bumps.
- **Fast Heating & Temperature Control:** Adjustable temperature range from 100°F to 117°F (38°C to 47°C) with PTC heating system and hydroelectric separation for safety.
- **Touch Screen & Remote Control:** Easy operation via integrated touch screen or included remote.
- **Pedicure Kit:** Comprehensive set for personal foot care.
- **Red Light Function:** For maintaining foot hygiene.
- **Material Box:** For adding spa materials like Epsom salts or essential oils.
- **Collapsible Design:** Made of durable PP and TPE rubber for space-saving storage.
- **Integrated Water Drain:** For convenient emptying.

PACKAGE CONTENTS

Please check the package to ensure all items are present:

- UNIFULL Collapsible Foot Spa Bath (Model DDZYP-06)
- Remote Control
- Pedicure Kit (includes foot file, cuticle remover, callus remover, callus scraper, nail brush, V-shape push stick, sanded tool, callus shave)
- Instruction Manual

Image: A close-up view of the comprehensive pedicure kit included with the foot spa, showing various tools for foot care.

SETUP

1. **Unpack:** Carefully remove all components from the packaging.
2. **Expand the Foot Spa:** Place the collapsed foot spa on a flat, stable surface. Gently pull up the top edge of the unit until it fully expands and locks into place.

Image: A four-step visual guide demonstrating how to expand the collapsible foot spa from its compact state to its full operational size.

3. **Fill with Water:** Fill the foot spa with warm or cold water, ensuring the water level is between the minimum and maximum fill lines. Do not overfill.
4. **Add Spa Materials (Optional):** If desired, open the material box and add Epsom salts, essential oils, or other spa materials. Close the material box securely.

Fast-Heating Safe Hydroelectric Separation System Using Soaking Salt/Rose Petals/Oil Essential for Deep Foot Spa

Image: A diagram showing the foot spa's safe hydroelectric separation system alongside images of soaking salt, rose petals, and essential oil, indicating their use for a deep foot spa experience.

5. **Connect Power:** Plug the AC adapter into a standard electrical outlet.

OPERATING INSTRUCTIONS

Touch Screen & Digital Display Panel Real-Time Temperature LCD Display

Image: Close-up of the foot spa's touch screen control panel, showing buttons for Clean, Massage, Temperature adjustment, Timer, and On/Off.

1. **Power On:** Press the **ON/OFF** button on the touch screen panel or the remote control to turn on the unit. The display will show the current water temperature.
2. **Set Temperature:** Use the **TEMP+** or **TEMP-** buttons to adjust the desired water temperature between 100°F and 117°F. The PTC heating system will quickly heat the water to your selected temperature.

Precise Constant Temperature Control with Sensitive Temperature Sensing Chip Keep the Temp You Set Up

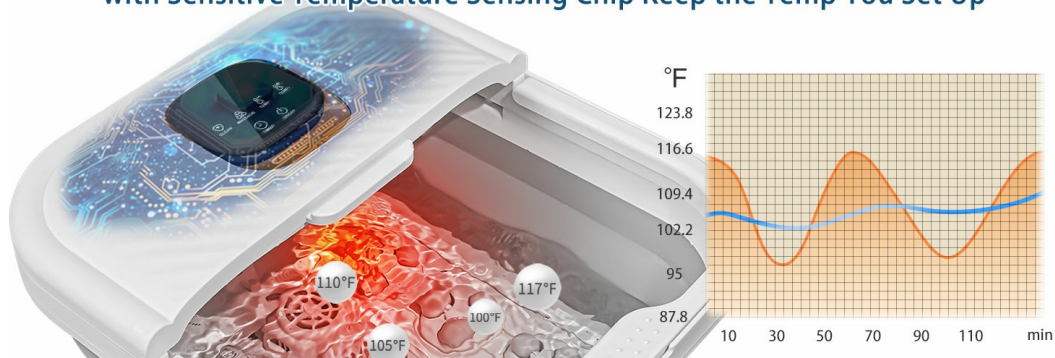

Image: A diagram illustrating the precise constant temperature control system with a sensitive temperature sensing chip, showing water heating to desired temperatures like 100°F, 105°F, 110°F, and 117°F.

3. **Activate Massage:** Press the **MASSAGE** button to activate the automatic rotary massage function. The 6 groups of massage rotaries will begin to move, targeting acupuncture points on your soles.

6 Auto Massage Rotaries for Shiatsu Massage

Image: A detailed view of the foot spa's base, highlighting the 6 auto massage rotaries designed for Shiatsu massage, with arrows indicating their rotational movement.

4. **Set Timer:** Press the **TIMER** button to set the desired operating time. Available settings typically range from 10 to 60 minutes.

Image: A person using the foot spa, with an overlay showing the available timing settings from 10 to 60

minutes, emphasizing worry-free soaking.

5. **Red Light Function:** The red light function activates automatically with the heating element to promote foot hygiene.

With Built-in Red&Blue Light Red's Turn On/Off with the TEMP You Setup While Blue's for Clean

Image: An internal view of the foot spa showing the red light function active with temperature settings, and a blue light function for cleaning.

6. **Remote Control Usage:** The remote control allows you to adjust settings (ON/OFF, Timer, Temperature, Massage) without bending down.

With Remote Control No Need to Stoop Down Remote Control ON/OFF/Timer/Temperature/Bubble in Your Hand

Image: A hand holding the remote control for the foot spa, with a person relaxing on a sofa in the background, demonstrating convenient operation.

7. **Enjoy Your Foot Spa:** Place your feet into the water and relax.
8. **Power Off:** After use, press the **ON/OFF** button to turn off the unit.

MAINTENANCE

1. **Empty Water:** After each use, unplug the unit. Use the integrated water drain to empty the water.
2. **Clean the Unit:** Wipe the interior and exterior of the foot spa with a soft, damp cloth. For thorough cleaning, you can use a mild soap. Rinse thoroughly. Do not use abrasive cleaners.
3. **Clean Pedicure Kit:** Wash the pedicure tools with soap and water, then dry them completely before storing.
4. **Storage:** To store, ensure the unit is completely dry. Gently push down on the top edge to collapse the foot spa. Store in a cool, dry place.

Collapsible Design Space-Saving Storage
