MAINTENANCE: CLEANING AND CARE

To maintain the appearance and protective qualities of your phone case, follow these cleaning instructions:

- **Regular Cleaning:** Wipe the case regularly with a soft, damp cloth to remove dust and smudges.
- **Stubborn Stains:** For more stubborn stains, use a mild soap solution or a small amount of rubbing alcohol on a soft cloth. Avoid harsh chemicals or abrasive cleaners, as these can damage the case material.
- **Drying:** Allow the case to air dry completely before reattaching it to your phone.
- **Avoid Extreme Conditions:** Do not expose the case to extreme temperatures or direct sunlight for prolonged periods, as this may affect its material integrity and color.

TROUBLESHOOTING

If you encounter any issues with your phone case, consider the following:

- **Case Not Fitting:** Ensure you have the correct model case for your Infinix Smart 7 (X6515). This case is specifically designed for this model. If it does not fit, double-check your phone model.
- **Buttons Not Responsive:** Verify that the phone is correctly seated within the case and that the

case's button covers are aligned with your phone's buttons. Gently press around the edges to ensure a snug fit.

- **Discoloration:** Over time, some materials may show signs of wear or slight discoloration depending on usage and exposure. Regular cleaning as described in the Maintenance section can help.
