› Vente-unique Leandre Bed with Storage Headboard and Drawers - 120 x 190cm

## Vente-unique Leandre

# Vente-unique Leandre Bed with Storage Headboard and Drawers

Model: Leandre | Size: 120 x 190 cm

## INTRODUCTION

Thank you for choosing the Vente-unique Leandre Bed. This bed frame, designed for a 120 x 190 cm mattress, features an integrated storage headboard, two convenient drawers, and additional storage at the foot of the bed. Constructed from durable laminated particle board, it offers a practical and stylish solution for bedroom organization. This manual provides essential information for safe assembly, proper use, and maintenance of your new bed.

Please read these instructions carefully before beginning assembly and retain them for future reference.

## SAFETY INFORMATION

- **Adult Assembly Required:** This product requires assembly by adults. Keep children away from the assembly area.
- **Two-Person Assembly:** For safety and ease, assembly is recommended with two adults.
- **Weight Limit:** The bed is designed to support a maximum load of 120 kg. Do not exceed this weight limit.
- **Secure All Fasteners:** Ensure all screws, bolts, and connectors are securely tightened before use. Periodically check and re-tighten as necessary.
- **Proper Placement:** Place the bed on a flat, stable surface. Avoid placing it near heat sources or in direct sunlight to prevent material degradation.
- **Avoid Climbing:** Do not allow children to climb on the headboard or storage units.
- **Ventilation:** Ensure adequate ventilation around the bed, especially if placed against a wall, to prevent moisture buildup.

## PACKAGE CONTENTS

Before beginning assembly, verify that all components listed below are present and undamaged. If any parts are missing or damaged, please contact customer support.

- Leandre Bed Frame components (laminated particle board in natural and anthracite)
- Integrated Storage Headboard components

- 2 Drawers and their runners
- Foot-end storage compartment components
- KALISTA Slatted Bed Base (metal frame with 38 poplar wood slats)
- Hardware pack (screws, dowels, connectors, etc.)
- Assembly instructions booklet (separate, if applicable)

## ASSEMBLY AND SETUP

The Leandre bed is designed for self-assembly. Follow the detailed step-by-step instructions provided in the separate assembly manual included with your product. Ensure you have sufficient space and the necessary tools (e.g., screwdriver, hammer) before starting.

1. **Unpack Components:** Carefully unpack all boxes and lay out the components on a clean, soft surface to prevent scratches.
2. **Identify Parts:** Refer to the parts list in your assembly manual to identify each component.
3. **Assemble Bed Frame:** Begin by assembling the main bed frame structure according to the diagrams.
4. **Attach Headboard:** Securely attach the storage headboard to the main bed frame.
5. **Install Drawers and Foot Storage:** Assemble the drawers and their runners, then integrate them into the bed frame. Assemble the foot-end storage compartment.
6. **Insert Slatted Base:** Place the KALISTA slatted bed base into the assembled bed frame. Ensure it sits securely.
7. **Final Checks:** Double-check all connections and fasteners to ensure they are tight and secure.

**Note:** The bed is compatible with all 120 x 190 cm mattresses and slatted bases.

## OPERATING INSTRUCTIONS

The Leandre bed is designed for both sleeping comfort and efficient storage.

- **Storage Headboard:** The headboard features 4 niches and 1 lateral niche. These are ideal for storing books, small electronics, decorative items, or personal essentials.
- **Drawers:** The two integrated drawers provide concealed storage for clothing, linens, or other items. Pull the handles gently to open and push to close.
- **Foot-End Storage:** An additional storage space is located at the foot of the bed, suitable for larger items or seasonal storage.

## MAINTENANCE

Proper care will extend the life and appearance of your Leandre bed.

- **Cleaning:** Wipe surfaces with a soft, damp cloth. Avoid abrasive cleaners or harsh chemicals, which can damage the laminated finish.
- **Spills:** Clean spills immediately with a dry cloth to prevent staining or moisture absorption.
- **Fasteners:** Periodically check all screws and bolts and re-tighten them as needed to maintain stability.
- **Avoid Overloading:** Do not overload the drawers or storage compartments, as this can damage the runners or structure.
- **Ventilation:** Ensure good air circulation around the bed to prevent moisture buildup, especially in storage areas.

# TROUBLESHOOTING

If you encounter any issues with your Leandre bed, consider the following common solutions:

- **Bed feels wobbly:** Check all assembly fasteners. Re-tighten any loose screws or bolts. Ensure the bed is on a level surface.
- **Drawers do not slide smoothly:** Check that the drawer runners are correctly installed and free from obstructions. Ensure the drawers are not overloaded.
- **Squeaking noises:** This can often be resolved by re-tightening all bed frame connections. If the slatted base is the source, ensure all slats are properly seated.
- **Missing parts:** Refer to the package contents list. If parts are genuinely missing, contact customer support with your purchase details.
