

## Paris Queen Bed

# Generic Paris Queen Bed Frame Instruction Manual

Model: Paris Queen Bed

## 1. PRODUCT OVERVIEW

The Generic Paris Queen Bed Frame is designed for comfort and style, featuring a sturdy manufactured wood frame and luxurious fabric upholstery with an elegant tufted headboard. This bed frame is suitable for a queen-sized mattress and is intended for indoor use.

## 2. SAFETY INFORMATION

- Read all instructions carefully before assembly and use.

- Keep all small parts and packaging materials away from children.
- Ensure all bolts and screws are securely tightened before use. Periodically check and re-tighten as needed.
- Do not exceed the recommended weight capacity for a queen bed frame.
- Avoid standing or jumping on the bed frame.
- Use on a level surface to prevent instability.

### 3. PACKAGE CONTENTS

---

Before beginning assembly, verify that all parts listed below are present and undamaged. If any parts are missing or damaged, contact customer support.

- Headboard with integrated LED Lights
- Footboard
- Side Rails (2)
- Support Slats (as pictured)
- Center Support Beam (if applicable)
- Hardware Pack (screws, bolts, washers, Allen wrench)

### 4. SETUP AND ASSEMBLY

---

Assembly typically requires two adults. Please follow these steps carefully.

1. **Unpack Components:** Carefully remove all parts from the packaging and lay them out on a soft, clean surface to prevent scratches.
2. **Attach Side Rails to Headboard:** Align the side rails with the pre-drilled holes on the headboard. Secure them using the provided bolts and washers. Do not fully tighten yet.
3. **Attach Side Rails to Footboard:** Connect the other end of the side rails to the footboard in the same manner. Once all connections are made, fully tighten all bolts.
4. **Install Center Support Beam (if applicable):** If your model includes a center support beam, attach it to the headboard and footboard brackets according to the instructions in your hardware pack.
5. **Place Support Slats:** Distribute the wooden support slats evenly across the bed frame. Secure them to the side rails using the provided screws or clips. Ensure all slats are firmly in place to provide adequate mattress support.

## 5. OPERATING AND USAGE

---

Once assembled, the Paris Queen Bed Frame is ready for use.

- **Mattress Placement:** Carefully place your queen-sized mattress directly onto the support slats. A box spring is generally not required with this type of slat system, but you may use one for additional height or support if desired.
- **LED Lights:** The integrated LED lights in the headboard can be operated via a switch or remote control (if included). Refer to the specific instructions for the LED lighting system for details on functions and settings.
- **Weight Capacity:** The bed frame is designed to support the weight of a queen-sized mattress and two adults. Avoid placing excessive or concentrated weight on any single point of the frame.

## 6. MAINTENANCE

---

Proper care will extend the life and appearance of your bed frame.

- **Cleaning the Frame:** Wipe the metallic gray wood frame with a soft, damp cloth. Avoid harsh chemicals or abrasive cleaners.
- **Cleaning Upholstery:** For the fabric upholstery, use a soft brush or vacuum cleaner with an upholstery attachment to remove dust. For spills, blot immediately with a clean, dry cloth. For stubborn stains, consult a professional upholstery cleaner.
- **Hardware Check:** Periodically (every 3-6 months) check all bolts and screws to ensure they remain tight. Re-tighten as necessary to maintain stability and prevent squeaking.
- **Avoid Direct Sunlight:** Prolonged exposure to direct sunlight may cause fading of the upholstery fabric.

## 7. TROUBLESHOOTING

Problem	Possible Cause	Solution
Bed frame is wobbly or unstable.	Loose hardware; uneven floor.	Check and tighten all bolts and screws. Ensure the bed is on a level surface; use shims if necessary.
Squeaking noises.	Loose connections; friction between parts.	Re-tighten all hardware. Apply a small amount of lubricant (e.g., silicone spray) to contact points if squeaking persists.
LED lights not working.	Power connection issue; faulty switch/remote.	Check power connection to the headboard. Ensure batteries in remote (if applicable) are fresh. Consult the LED light system's specific manual.

## 8. SPECIFICATIONS

Feature	Detail
Model Name	Paris Queen Bed
Brand	Generic
Color	Metallic Grey
Material	Wood
Style	Modern
Product Dimensions (Component)	21.5"L x 16.2"W x 10.2"H
