Yaheetech YA-00132423

Yaheetech Metal Bed Frame with Crown Headboard (90x190cm, Black) - Instruction Manual

Model: YA-00132423

INTRODUCTION

Thank you for choosing the Yaheetech Metal Bed Frame with Crown Headboard. This manual provides essential information for the safe assembly, proper use, and effective maintenance of your new bed frame. Please read all instructions carefully before beginning assembly and retain this manual for future reference.

SAFETY INFORMATION

- Always read and follow all assembly and usage instructions carefully.
- Do not exceed the maximum load capacity of **204 kg (450 lbs)**. Overloading can cause damage to the frame and potential injury.
- Exercise caution when utilizing the under-bed storage space to prevent accidents or injury. Ensure items are stored securely and do not obstruct the frame.
- Regularly check all bolts and screws to ensure they remain tight. Re-tighten as necessary to maintain stability.
- Keep small parts and packaging materials away from children during assembly to prevent choking hazards.
- Assemble the bed frame on a soft, clean surface (e.g., carpet) to prevent scratching the product or your floor.

PRODUCT OVERVIEW

The Yaheetech Metal Bed Frame is designed for single occupancy, offering a blend of elegance and functionality. Its sturdy metal construction ensures durability, while the crown-shaped headboard adds a classic yet modern touch to any bedroom decor. Integrated slats provide reliable mattress support and prevent movement.

Key Features:

- **Elegant Crown Headboard:** Features a distinctive crown design with slender bars, adding a classic and modern aesthetic.
- **High Headboard:** At 107.5 cm (42.3 inches) high, it provides comfortable back support for reading or relaxing.
- **Ample Under-Bed Storage:** Offers 32 cm (12.6 inches) of clearance, ideal for storing seasonal items, boxes, or other belongings.
- **Squeak-Resistant Design:** Engineered for quiet and stable sleep.
- **Integrated Slats:** Designed to keep the mattress securely in place, preventing slippage.
- **Durable Metal Construction:** Made from robust metal with a powder-coated finish for longevity and fade resistance.

ASSEMBLY INSTRUCTIONS

Please follow the steps below carefully. It is recommended to have two people for assembly. All necessary tools and numbered parts are included.

Video: Detailed step-by-step assembly guide for the Yaheetech Metal Bed Frame.

Step-by-Step Guide:

1. **Unpack and Identify Parts:** Carefully unpack all components and lay them out. Refer to the parts list (usually found in the packaging) to identify each piece and ensure all are present.

2. **Assemble Headboard and Footboard Uprights:** Attach the vertical support bars (e.g., Part 1 and Part 2) to the main headboard (Part 3) and footboard (Part 8) sections using the provided screws (D, E) and Allen key. Ensure all connections are secure.
3. **Assemble Side Rails:** Connect the two main side rail sections (e.g., Part 4 and Part 5) using the central support leg. Secure these connections with screws (D, E, G, B).
4. **Attach Support Legs to Side Rails:** Fasten the additional support legs (e.g., Part 9 and Part 2) to the side rails using screws (C, F). These legs provide extra stability to the bed frame.
5. **Connect Headboard and Footboard to Side Rails:** Stand the assembled headboard and footboard upright. Align the side rails with the connection points on the headboard and footboard. Secure them using the remaining screws (A, E, H).
6. **Install Slats:** Place the integrated metal slats (Part 10) onto the designated supports along the side rails. Ensure each slat is properly seated and secured.

USAGE

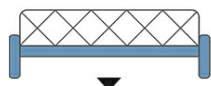

Once fully assembled, place your mattress (compatible size 90x190cm) directly onto the integrated slats. The design ensures the mattress remains stable without slipping. The 32 cm (12.6 inches) under-bed clearance provides convenient storage for various items, helping to keep your room tidy.

CONCEPTION INTÉGRÉE

Les lattes métalliques intégrées
maintiennent le matelas en place.

✓ Pas de Risque de Glissement

✗ Facile à Glisser

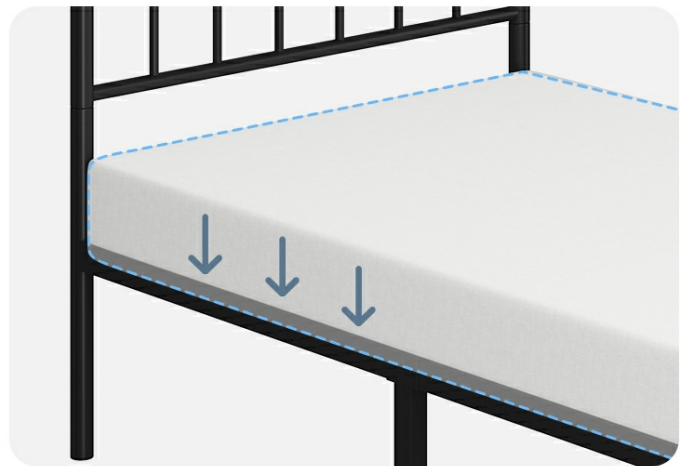

Image: Integrated slats designed to securely hold the mattress in place, preventing slippage.

MAINTENANCE

- **Cleaning:** Wipe the metal frame with a soft, damp cloth. Avoid using harsh chemicals or abrasive cleaners, as these can damage the powder-coated finish.
- **Inspection:** Periodically inspect all connections, bolts, and screws. Tighten any loose fasteners to ensure the bed frame remains stable and safe.
- **Movement:** When moving the bed frame, lift it rather than dragging it to prevent damage to the frame or your flooring.

TROUBLESHOOTING

- **Squeaking Noises:** If the bed frame makes squeaking noises, check all bolts and screws. Tighten any that are loose. Ensure the bed is on a level surface.
- **Instability:** If the bed feels unstable, verify that all parts are correctly assembled according to the instructions and that all fasteners are securely tightened.
- **Missing Parts:** If you find any parts missing upon unpacking, please contact customer support immediately.
