BABY born Little Magic Girl 36cm Doll Instruction Manual

1. Product Overview

The BABY born Little Magic Girl is a 36cm doll designed for interactive play without the need for batteries. This doll features seven lifelike functions, including drinking water, wetting her nappy, using the potty, bathing, and sleeping. Her limbs are fully moveable, allowing for various poses and play scenarios. The doll is suitable for children aged 36 months to 10 years.

2. Included Components

Your BABY born Little Magic Girl doll package contains the following items:

- BABY born Little Magic Girl doll (36 cm)
- Romper outfit
- Matching cap
- Potty
- One cloth nappy
- Bottle
- Plate with spoon
- Magic dummy
- Birth certificate

3. Setup and Initial Preparation

Before first use, please follow these steps:

1. Carefully remove the doll and all accessories from the packaging.
2. Inspect all components for any damage.
3. Wipe the doll with a damp cloth to remove any dust from manufacturing.
4. Dress the doll in the included romper and cap.

Image 3: The BABY born Little Magic Girl doll sitting upright with its arms gently raised, demonstrating its poseability after initial setup.

4. Operating Instructions

The BABY born Little Magic Girl doll offers several interactive functions without requiring batteries.

4.1. Drinking and Wetting

To make the doll drink, fill the included bottle with clean water. Insert the bottle into the doll's mouth and gently squeeze. The doll will drink the water. After drinking, the doll may wet her nappy. Ensure she is wearing the cloth nappy or is placed on her potty to collect the water.

Image 4: A child holding the BABY born Little Magic Girl doll and feeding it water from the included bottle, demonstrating the drinking function.

4.2. Using the Potty

To use the potty function, place the doll on the included potty. If the doll has recently drunk water, she will release it into the potty. This simulates a real potty training experience.

Image 5: The BABY born Little Magic Girl doll positioned on its pink potty, illustrating the potty training feature.

4.3. Bathing

The BABY born Little Magic Girl doll is designed to be bathed. You can place her in a small bathtub with water. Ensure all water is drained from the doll after bathing to prevent mold or mildew. Do not use harsh soaps or chemicals.

Image 6: The BABY born Little Magic Girl doll submerged in a small, bubbly bathtub, demonstrating its suitability for water play.

4.4. Sleeping (Magic Dummy)

The doll has a special magic dummy that controls her eyes. When the dummy is inserted into her mouth, her eyes will close, simulating sleep. Remove the dummy to open her eyes again.

Image 7: The BABY born Little Magic Girl doll lying down with its eyes closed and the magic dummy in its mouth, illustrating the

sleeping function.

4.5. Moveable Limbs

The doll's arms and legs are designed to be fully moveable, allowing children to pose her in various positions for imaginative play, dressing, and cuddling.

5. Maintenance and Care

- **Cleaning the Doll:** Wipe the doll's surface with a damp cloth and mild soap if necessary. Rinse thoroughly with clean water. Do not immerse the doll in water for extended periods, except for supervised bathing.
- **Drying:** After bathing or getting wet, ensure the doll is thoroughly dried. Gently squeeze out any excess water from internal mechanisms. Allow to air dry completely in a well-ventilated area.
- **Clothing:** The doll's clothing can be hand-washed with mild detergent and air-dried.
- **Storage:** Store the doll and accessories in a clean, dry place away from direct sunlight and extreme temperatures.

6. Troubleshooting

- **Doll does not hold water / water leaks immediately:** Ensure the bottle is properly inserted into the doll's mouth. Sometimes, a small amount of leakage can occur if the doll is not held upright or if the bottle is squeezed too forcefully. If persistent, ensure the doll's internal mechanisms are clear of any obstructions.
- **Eyes do not close/open with dummy:** Check that the magic dummy is fully inserted into the doll's mouth. Ensure no foreign objects are obstructing the eye mechanism.
- **Limbs are stiff:** Gently manipulate the limbs to loosen them. Avoid excessive force.

7. Specifications

Feature	Detail
Product Dimensions	7.48 x 14.17 x 5.91 inches
Item Weight	2.13 pounds
Item Model Number	834596
Manufacturer Recommended Age	36 months - 10 years
Battery Requirement	None

8. Safety Information
