2. SAFETY INFORMATION

- This device is for external use only.
- Do not use on broken, irritated, or swollen skin. Discontinue use if irritation occurs.
- Consult a doctor before use if you have any medical conditions or are pregnant.
- Keep out of reach of children.
- Use only water-based lubricants with this device. Oil-based lubricants can damage the silicone material.
- Do not immerse the device in water deeper than 1 meter for more than 30 minutes, despite its IPX7 waterproof rating.
- Only use the provided charging cable.

3. PRODUCT OVERVIEW

3.1 Key Features

- **3D Pleasure Air Technology:** Provides a unique, contactless clitoral stimulation experience.
- **14 Intensity Levels:** Offers a wide range of sensations from gentle to powerful.
- **Climax Control:** Adjusts the depth of Pleasure Air waves for a richer sensation.
- **Autopilot Mode:** Guides your experience through a pre-set intensity journey.
- **Smart Silence:** Activates only when in contact with skin, preserving battery life and ensuring discretion.
- **Afterglow:** Gently fades stimulation after climax for a smooth transition.
- **IPX7 Waterproof:** Suitable for use in the bath or shower.
- **Quiet Operation:** Engineered for minimal noise during use.
- **Rechargeable:** Features a magnetic charging port for convenience.

3.2 Components

- Womanizer Next device
- Magnetic USB charging cable
- Extra silicone stimulation head (sizes S and M)
- Travel pouch
- Quick Start Guide

4. SETUP

4.1 Initial Charge

1. Before first use, fully charge your Womanizer Next.
2. Connect the magnetic USB charging cable to the charging points on the device and to a USB power source.
3. The LED indicator lights will show charging progress. A full charge typically takes approximately 2 hours.

4.2 Cleaning Before First Use

Clean the device thoroughly with warm water and a mild, toy-safe cleaner or soap before its initial use. Rinse well and allow to air dry.

5. OPERATING INSTRUCTIONS

5.1 Basic Operation

1. **Power On/Off:** Press and hold the power button (**U**) for 2 seconds to turn the device on or off.
2. **Adjusting Intensity:** Use the plus (+) and minus (-) buttons to cycle through the 14 intensity levels.
3. **Smart Silence:** The device will only activate its Pleasure Air Technology when the stimulation head is in contact with your skin. This feature conserves battery and ensures quiet operation when not in use.

14 Intensity levels

Perfectly balanced intensity levels offer the right setting for every mood.

5.2 Advanced Features

- **Climax Control:** Press the Climax Control button (**waves icon**) to switch between three levels of Pleasure Air wave depth. This allows for a more varied and intense experience.
- **Autopilot Mode:** Press the Autopilot button (**loop icon**) to activate a pre-programmed sequence of intensity changes. This mode offers a dynamic and surprising journey of sensations.

- **Afterglow:** After reaching climax, the device can be set to a gentle, fading mode to prolong the sensation and provide a smooth cool-down.

Climax Control

Climax Control changes between three levels of depth of the Pleasure Waves for a richer, fuller sensation.

5.3 Usage Tips

- Apply a small amount of water-based lubricant to the stimulation head and the area to be stimulated for enhanced comfort and sensation.
- Start on the lowest intensity setting and gradually increase to find your preferred level.
- Experiment with different angles and pressure to discover what feels best for you.

6. MAINTENANCE

6.1 Cleaning

1. Always clean your Womanizer Next after each use.
2. Wash the device with warm water and a mild, toy-safe soap or cleaner.

3. Rinse thoroughly to remove all soap residue.
4. Allow the device to air dry completely before storing.

6.2 Storage

Store your Womanizer Next in a clean, dry place, away from direct sunlight and extreme temperatures. Use the provided travel pouch for discreet and protected storage.

7. TROUBLESHOOTING

- **Device not turning on:** Ensure the device is fully charged. If the battery is depleted, it may take a few minutes of charging before the device responds.
- **Weak or no sensation:** Ensure the stimulation head is in full contact with the skin. Check the intensity level and increase if necessary.
- **Charging issues:** Verify that the magnetic charging cable is properly connected to both the device and the power source. Try a different USB port or adapter.
- **Unusual noise or behavior:** Turn off the device immediately and contact customer support.
