### Profi B0CQ3TC1LT

# Profi™ Everyday Nasal Spray

## INSTRUCTION MANUAL

Brand: Profi

### Product Overview

The Profi™ Everyday Nasal Spray is formulated to provide active defense against airborne germs and allergens. It supports your body's natural defenses by helping to block contaminants at the point of entry – the nose. This product is drug-free, non-addictive, and non-drowsy, offering up to 8 hours of protection per application.

It is suitable for use in environments where exposure to airborne threats is common, such as during air travel, in crowded spaces, at indoor gatherings, and in workplaces.

### Product Demonstration

Your browser does not support the video tag.

Video: An official product overview demonstrating the use and benefits of Profi™ Nasal Spray, including its protective qualities against airborne particles.

### Setup and Priming

Before initial use, or if the spray has not been used for an extended period, the pump must be primed to ensure proper mist delivery.

1. Shake the bottle gently before each use.
2. When starting a new bottle, aim the nozzle away from your face and pump 2-3 times until a fine mist is visible. This indicates the pump is primed and ready for use.

# Your First Line of Defense Against Airborne Germs

## Long-Lasting:

Enjoy up to 8 hours of active nasal defense.

## Science-Backed Breakthrough:

Developed by Harvard scientists.

## Trusted & Safe:

Drug-free, non-addictive, and non-drowsy.

## Gentle Application:

No sting or burn.

**Target germs  
where they target you.**

## Operating Instructions

Follow these steps for effective application:

1. Gently blow your nose to clear nasal passages before application.
2. Insert the nozzle into one nostril and depress the pump while breathing in through your nose.
3. Spray 1 time in each nostril once a day.
4. If additional protection is needed, use up to twice in a single day, ensuring at least a four-hour gap between doses.

Profi™ Everyday Nasal Spray is suitable for adults and children 12 years and up. For children under 12, consult a physician before use.

## Maintenance and Storage

Proper care ensures the longevity and effectiveness of your Profi™ Nasal Spray:

- **Cleaning:** Clean the nozzle after each use and securely replace the safety cap.
- **Sharing:** Do not share the bottle with others to prevent the spread of germs.
- **Storage:** Store the product at room temperature, between 59-86 °F (15-30 °C).

## Troubleshooting and Warnings

Please observe the following warnings and precautions for safe use:

- **For Nasal Use Only:** Do not use this product in any way other than directed. Do not exceed the recommended dosage.
- **Discomfort:** Discontinue use immediately and consult a physician if you experience nasal discomfort or congestion.
- **Prolonged Use:** If you intend to use this product for more than 4 consecutive months, please consult a physician.
- **Allergies:** Do not use if you have a known sensitivity or allergy to any of the listed ingredients. Seek immediate medical help if an allergic reaction occurs.
- **Eye Contact:** Avoid direct spray contact with eyes. If contact occurs, rinse eyes thoroughly with water and seek medical help if irritation persists.

**Legal Disclaimer:** *Statements regarding dietary supplements have not been evaluated by the FDA and are not intended to diagnose, treat, cure, or prevent any disease or health condition.*
