# Dreo Desk Fan DR-HAF002 Instruction Manual

Brand: Dreo | Model: DR-HAF002

## 1. IMPORTANT SAFETY INSTRUCTIONS

Please read and save these safety instructions before using this fan. Failure to follow these instructions may result in electric shock, fire, or serious injury.

- Always unplug the fan before cleaning, disassembling, or performing any maintenance.
- Keep the fan away from water or moisture to prevent electric shock.
- Do not insert fingers or any objects into the fan grille when it is operating.
- Ensure the power cord is not damaged. If damaged, contact customer support for replacement.
- This appliance is not intended for use by persons (including children) with reduced physical, sensory or mental capabilities, or lack of experience and knowledge, unless they have been given supervision or instruction concerning use of the appliance by a person responsible for their safety.
- Do not use the fan outdoors. It is designed for indoor use only.

## 2. PRODUCT OVERVIEW

The Dreo Desk Fan DR-HAF002 is a 12-inch air circulator fan designed for powerful airflow and ultra-quiet operation. It features a WingBoost system with deep-pitched blades and an aerodynamic design to propel air up to 70 feet, circulating air throughout your entire room.

### Key Features:

- **Powerful Airflow:** WingBoost system for 70ft air projection.
- **Ultra-Quiet Operation:** Noise level as low as 28dB, ideal for bedrooms.
- **Adjustable Tilt:** 120° manual tilt adjustment to direct airflow.
- **Multiple Speeds:** 3 fan speeds controlled by a knob or remote.
- **Easy to Clean:** Removable parts for convenient cleaning.

## 3. SETUP

### Unpacking and Initial Placement:

Your Dreo Desk Fan DR-HAF002 comes fully assembled and ready to use straight out of the box. Simply place it on a stable, flat surface such as a desk, table, or floor.

### Wall Mounting (Optional):

For optimal air circulation or to save space, the fan can be wall-mounted. Use the included plastic anchors and screws for secure installation. A user manual with detailed wall-mounting instructions is provided in the box.

## 4. OPERATING INSTRUCTIONS

The fan can be operated using the touch controls on its base or via the included remote control.

### Controls:

- **Power (On/Off):** Press the power button to turn the fan on or off.
- **Fan Speed (1-3 Levels):** Adjust the fan speed using the knob control on the base or the +/- buttons on the remote.
- **Adjustable Tilt:** Manually adjust the fan head within a 120° range (from -30° to 90°) to direct airflow as needed.
- **Oscillation:** The fan features horizontal oscillation to distribute air across a wider area. Activate or deactivate this function via the touch controls or remote.
- **Timer (0-8 Hours):** Set a timer for the fan to automatically turn off after a specified duration.
- **Mode (Normal/Auto):** Select between normal continuous operation or an automatic mode that adjusts fan speed based on room temperature.
- **Mute Button:** Mute the button press sounds for quiet operation.
