## Hot Wheels HDX79

# Hot Wheels Track Builder Unlimited Corkscrew Twist Kit HDX79 Instruction Manual

Model: HDX79 | Brand: Hot Wheels

## INTRODUCTION

---

Welcome to the Hot Wheels Track Builder Unlimited Corkscrew Twist Kit HDX79. This kit provides an exciting challenge for children aged 6-12, allowing them to launch Hot Wheels cars through a triple loop and hit a target. The track can be reconfigured for different challenges, promoting problem-solving and imaginative play. This manual will guide you through the assembly, operation, and maintenance of your new track set.

## IMPORTANT SAFETY INFORMATION

---

### WARNING:

- Not suitable for children under 36 months due to small parts.
- Small detachable parts may be swallowed. Adult supervision is recommended during play.
- Ensure all track pieces are securely connected before launching vehicles.

## SETUP INSTRUCTIONS

---

The Hot Wheels Track Builder Unlimited Corkscrew Twist Kit requires assembly. Follow these steps to set up your track:

1. **Unpack Components:** Carefully remove all track pieces, the launcher, the target, and the included Hot Wheels car from the packaging.
2. **Identify Base Pieces:** Locate the main base components that form the foundation of the track structure.
3. **Assemble the Frame:** Connect the vertical and horizontal support beams to create the main frame for the loops. Ensure all connections click securely into place.
4. **Attach Loops:** Install the three corkscrew loop sections onto the main frame. Pay attention to the orientation of each loop to ensure a smooth track path.

5. **Connect Launcher:** Attach the manual launcher mechanism to the starting track segment. Ensure it is firmly connected and functions correctly.
6. **Position Target:** Place the target mechanism at the end of the track, as indicated in the diagrams.
7. **Verify Connections:** Double-check all track connections and structural supports to ensure stability before play.

*Note: The product box indicates "UNASSEMBLED," confirming that some assembly is required.*

## OPERATING INSTRUCTIONS

The Corkscrew Twist Kit offers two primary ways to play:

### Mode 1: Triple Loop Challenge

1. **Place Car:** Position a Hot Wheels car (1:64 scale recommended) onto the launcher.

2. **Prepare Launcher:** Pull back the launcher mechanism to its ready position.
3. **Launch Car:** Press the launch button or release the mechanism to propel the car through the triple corkscrew loops.
4. **Hit the Target:** Aim for the car to successfully navigate all loops and hit the target at the end of the track.

Image: A hand operating the manual launcher to send a Hot Wheels car onto the track, demonstrating the initial action of play.

### **Mode 2: Direct Target Challenge**

Reconfigure the track to bypass the loops and launch cars directly towards the target through the center of the spiral structure. Refer to the product diagrams for specific reconfiguration options.

1. **Reconfigure Track:** Adjust the track sections as shown in the instructions to create a direct path to the target.
2. **Place Car:** Position a Hot Wheels car onto the launcher.
3. **Launch Car:** Propel the car towards the target.
4. **Hit the Target:** Aim for the car to hit the target directly.

The kit is designed to connect with other Hot Wheels Track Builder sets, allowing for expanded play possibilities. (Other sets sold separately).

## MAINTENANCE

- **Cleaning:** Wipe down track pieces and components with a damp cloth as needed. Avoid harsh chemicals.
- **Storage:** When not in use, the launcher, target, and peripheral track elements can be stored in designated spaces on the base for compact storage.
- **Inspection:** Periodically inspect all track connections and the launcher mechanism for wear or damage. Replace any broken parts to ensure safe operation.

## TROUBLESHOOTING

Problem	Possible Cause	Solution
Car does not complete the loops.	Insufficient launch force; track not properly aligned; car type not suitable.	Ensure the launcher is pulled back fully. Check all track connections for proper alignment. Use standard 1:64 scale Hot Wheels cars.
Track feels unstable.	Connections are loose; base not on a flat surface.	Press firmly on all connection points to ensure they are secure. Place the track on a flat, stable surface.
Launcher mechanism is stuck or not working.	Debris in mechanism; part misalignment.	Inspect the launcher for any obstructions and remove them. Ensure all parts of the launcher are correctly assembled.

## PRODUCT SPECIFICATIONS

---

**Model Name:** HDX79

**Brand:** Hot Wheels

**Recommended Age:** 6 - 12 years

**Educational Value:** Problem-solving skills, hand-eye coordination, imagination development, motor skills

**Main Material:** Plastic

**Scale:** 1:64 (for included car)

**Track Width:** Approximately 37.4 mm - 37.5 mm

**Item Dimensions (L x W x H):** 44.5 x 10.8 cm

**Batteries Required:** No

**Remote Control Included:** No

**Components Included:** 1 Hot Wheels Track Builder Unlimited Corkscrew Twist Kit, 1 Hot Wheels car
