

## Fanttik Fold V10 Apex

# Fanttik Fold V10 Apex Pivot Cordless Car Vacuum

Model: **Fold V10 Apex** | Brand: **Fanttik**

## INTRODUCTION

The Fanttik Fold V10 Apex Pivot Cordless Car Vacuum is a versatile and powerful handheld cleaning device designed for both automotive and household use. Featuring a robust 17,000Pa suction power and an 80,000RPM brushless motor, it efficiently tackles stubborn debris. Its unique 7-settings pivot system and extendable crevice nozzle allow for effortless cleaning in hard-to-reach areas, while the smart LED display provides real-time battery and filter status.

This manual provides essential information on setting up, operating, and maintaining your Fanttik Fold V10 Apex vacuum to ensure optimal performance and longevity.

## Product Overview

*Official product overview video from Fanttik Innovation Direct, showcasing various Fanttik vacuum models.*

## WHAT'S IN THE Box

Your Fanttik Fold V10 Apex package includes the following components:

*Image of the Fanttik Fold V10 Apex vacuum along with its various attachments and accessories.*

- Cordless Handheld Vacuum (Main Engine)
- Multi-Surface Brush
- Soft Bristle Brush
- Hard Bristle Brush
- Flexible Hose
- Pet Brush
- Replacement Filter
- Filter Cleaning Brush
- USB-C Cable
- Storage Bag
- User Manual
- Connector×2

## SETUP

### Initial Charging

Before first use, fully charge the vacuum for approximately 2.5 hours using the provided USB-C cable. The smart LED display will indicate the charging progress.

*The vacuum connected to a USB-C charging cable, illustrating its portability during charging.*

### Attaching Accessories

Select the appropriate attachment for your cleaning task. The extendable crevice nozzle and various brushes can be easily attached to the vacuum's main body. The flexible hose can be used with other attachments for extended reach.

# TWO SUCTION MODES

## OPERATING INSTRUCTIONS

### Power On/Off and Suction Modes

Press the power button to turn the vacuum on. The smart LED display will illuminate, showing the current battery percentage and suction mode. The vacuum offers two suction modes:

- **Eco Mode:** Provides up to 35 minutes of runtime for lighter cleaning tasks.
- **High Speed Mode:** Delivers maximum suction power (17kPa) for up to 13 minutes, ideal for stubborn debris.

Press the mode switch button to toggle between Eco and High Speed modes. The LED display will

change color (blue for Eco, green for High Speed) to indicate the active mode.

\*Note: long press the mode switch  
to turn off the LED light

## CYCLONIC AIR SYSTEM

for powerful and long-lasting suction

*The vacuum illustrating its two distinct suction modes for varied cleaning needs.*

### Pivot System and LED Light

The vacuum's head features a 7-settings pivot system, allowing it to rotate up to 210 degrees. This flexibility, combined with the extendable crevice nozzle, makes it easy to reach tight spaces, corners, and elevated surfaces. A built-in LED light illuminates dark areas for thorough cleaning. Long press the mode switch to turn off the LED light.

*The vacuum's pivoting head shown in various angles, highlighting its ability to access difficult areas.*

### Cyclonic Air System

The integrated cyclonic air system helps to keep the HEPA filter clear, maintaining consistent suction power throughout your cleaning session.

# TYPE-C CHARGING ANYWHERE

Not Included Power Adapter

**USB-C**

Rechargeable

**Max.1.2m**

Fast Charge Cable

**2000mAh**

×4 Large Capacity

## MAINTENANCE

### Emptying the Dustbowl

The 16.9 oz translucent, bagless dirt bowl features a convenient side door for easy debris disposal. Simply press the dustbin release button to open the side door and empty the contents into a trash receptacle.

### Cleaning and Replacing Filters

The HEPA filter and dustbin components are washable. Regularly clean them to maintain optimal suction performance. A replacement filter is included in your package for convenience.

Visual instructions for easy dust emptying and cleaning of washable filters.

## TROUBLESHOOTING

If you encounter any issues with your Fanttik Fold V10 Apex vacuum, please consider the following common solutions:

- No Power:** Ensure the battery is fully charged. Connect the USB-C cable and allow sufficient charging time.
- Reduced Suction:** Check if the dustbowl is full and empty it if necessary. Inspect the HEPA filter for clogs and clean or replace it. Ensure all attachments are securely connected.
- Unusual Noise:** Disconnect attachments and check for any obstructions in the nozzle or hose. Ensure the dustbin and filter are correctly assembled.

For further assistance, please refer to the official user manual or contact Fanttik customer support.

## SPECIFICATIONS

Feature	Specification
