Stainless Steel Chains Tail Chain Lobster Clasps Leather Cord Connectors

User Manual

GENERIC STAINLESS STEEL JEWELRY CONNECTORS

Model: Stainless Steel Chains Tail Chain Lobster Clasps Leather Cord Connectors

Introduction

Thank you for choosing the Generic Stainless Steel Jewelry Connectors. This manual provides detailed instructions for the proper use, care, and maintenance of your new jewelry findings. These connectors are designed for DIY jewelry making, offering durability and versatility for various projects such as necklaces, bracelets, and anklets.

Image: A single stainless steel chain extender, featuring a lobster clasp for secure fastening and a cord connector for attaching various materials. This component is essential for extending jewelry length or creating adjustable closures.

Product Overview and Components

Each set includes 5 pieces of stainless steel chain extenders, designed to provide adjustable length and secure connections for your jewelry creations.

- **Extension Chain:** A series of interconnected links allowing for length adjustment.
- **Lobster Clasp:** A spring-loaded mechanism for secure attachment to jump rings or other chain links.
- **Cord Connector/End Cap:** A component designed to securely hold the end of a cord, leather, or other material.
- **Material:** High-quality stainless steel, known for its durability and resistance to tarnish.

Image: A set of five stainless steel chain extenders, demonstrating the typical quantity provided in one package. Each piece includes an extension chain, a lobster clasp, and a cord connector.

Setup and Usage

These connectors are versatile and can be integrated into various jewelry designs.

1. Attaching to a Cord:

- Insert the end of your leather cord, ribbon, or other material into the open end of the cord connector.
- Using jewelry pliers, gently crimp the sides of the cord connector to secure the material firmly in place. Ensure a tight grip to prevent the material from slipping out.

2. Connecting to Jewelry:

- The lobster clasp end can be attached to a jump ring, another chain link, or a loop on your jewelry piece.
- The extension chain allows the wearer to adjust the length of the necklace, bracelet, or anklet by hooking the lobster clasp into different links along the chain.

3. Creating Adjustable Lengths:

- For necklaces or bracelets, attach one end of the main jewelry piece to the cord connector (or a jump ring attached to it) and the other end to the lobster clasp. The extension chain then provides the adjustable length.

Maintenance and Care

To ensure the longevity and appearance of your stainless steel connectors, follow these care guidelines:

- **Cleaning:** Wipe with a soft, dry cloth after use to remove oils and dirt. For deeper cleaning, use mild soap and water, then dry thoroughly.
- **Storage:** Store in a dry place, preferably in a jewelry box or pouch, to prevent scratches and tangling with other items.
- **Avoid Chemicals:** Keep away from harsh chemicals, perfumes, and lotions, which can dull the finish over time.
- **Handle Gently:** While stainless steel is durable, avoid excessive force or bending, especially on the clasp mechanism.

Troubleshooting

If you encounter any issues with your connectors, consider the following:

Problem	Possible Cause	Solution
Clasp not closing securely	Debris in mechanism or slight misalignment.	Gently clean the clasp with a soft brush. Check for any bent parts and carefully realign if possible with fine-nose pliers.
Cord slipping from connector	Insufficient crimping or cord too thin.	Re-crimp the connector more firmly. If the cord is too thin, add a small amount of jewelry glue inside the connector before crimping for extra hold.
Chain links appear stiff	Accumulation of dirt or lack of movement.	Clean the chain thoroughly. Gently manipulate the links to restore flexibility.

Specifications

Feature	Detail
Product Type	Jewelry Findings / Connectors
Material	Stainless Steel
Quantity per Lot	5 pieces
Available Lengths (approx.)	1mm, 2mm, 3mm, 4mm, 5mm (referring to cord connector opening size)
Overall Item Length (approx.)	8 cm (including chain and clasp)
Item Height (approx.)	0.4 cm
Item Width (approx.)	0.2 cm

Feature	Detail
Item Weight (per lot)	12g (0.423 ounces)
Color	Steel Color (as pictured)

Warranty and Support

Your satisfaction is important to us. While these are small components, we stand by the quality of our products.

- **Quality Guarantee:** We offer a money-back guarantee within 30 days if there is a quality problem with the product.
- **Customer Service:** If you have any questions, concerns, or require assistance, please do not hesitate to contact us. We aim to reply within 24 hours and ensure a pleasant shopping experience.

Please refer to your purchase platform or seller's contact information for specific support channels.
