Kumi GW5 & KU6

Kumi Smart Watch Kit (GW5 & KU6) User Manual

Model: GW5 & KU6

Product Overview

The Kumi Smart Watch Kit, featuring models GW5 and KU6, offers a comprehensive suite of features designed to enhance your daily life and fitness routine. These smartwatches are compatible with both iOS and Android smartphones, providing seamless connectivity and a user-friendly experience.

Image: The Kumi Smart Watch Kit, showcasing both the round GW5 and square KU6 models in black.

This kit includes two distinct smartwatches, the GW5 and KU6, each offering unique design and display characteristics while sharing core functionalities. The GW5 typically features a round display, while the KU6 often presents a square display, providing options to suit individual preferences.

Key Features

- **Seamless Communication:** Easily make and answer calls directly from your smartwatch via a stable Bluetooth connection. Receive SMS, text, and app notifications promptly.
- **Personalized Display:** Enjoy high-definition, full-screen touch displays with effortless operation. Customize your watch with over 100 trendy watch faces, or design your own using the "KUMIWear" app.
- **Durable & Long-lasting:** IP68 waterproof design ensures resilience against sweat and rain. Experience extended battery life of 5-7 days in low-power mode, with approximately 2 hours charging time.
- **Comprehensive Health Monitoring:** Track essential health metrics including heart rate, blood pressure, blood oxygen (SpO2), and sleep quality (deep sleep, light sleep, wake-up time).
- **Extensive Activity Tracking:** Monitor real-time calories burned, steps taken, distance covered, and workout duration across 100+ built-in sport modes.
- **Smart Assistant Integration:** Utilize the voice assistant for convenient control, such as playing music, setting alarms, or making calls.
- **Exclusive "KUMIWear" App:** Unlock additional features like women's health reminders, music control, alarm and

sedentary reminders, hydration alerts, and weather forecasts.

Getting Started

1. Charging the Device

Before first use, fully charge your Kumi Smart Watch. Connect the magnetic charging cable to the charging points on the back of the watch and plug the USB end into a compatible power adapter (not included).

Deep Waterproof Long Battery Life

A full charge typically takes approximately 2 hours and provides 5-7 days of battery life depending on usage.

2. App Installation

Download the official "KUMIWear" app from your smartphone's app store (Google Play Store for Android or Apple App Store for iOS). Search for "KUMIWear".

3. Device Pairing

1. Ensure Bluetooth is enabled on your smartphone.
2. Open the "KUMIWear" app and follow the on-screen instructions to create an account or log in.
3. Navigate to the "Device" or "My Device" section within the app.
4. Select "Add Device" and allow the app to search for your Kumi Smart Watch.
5. Select your watch from the list of discovered devices (e.g., "Kumi GW5" or "Kumi KU6").
6. Confirm the pairing request on both your watch and smartphone.
7. Once paired, the watch will synchronize data with the app.

Operating Your Smart Watch

Call and Message Notifications

Once paired with your smartphone, the Kumi Smart Watch allows you to manage calls and receive notifications directly on your wrist.

- **Making/Answering Calls:** Tap the phone icon on the watch screen to access the dial pad or answer incoming calls. The watch uses its built-in microphone and speaker for calls.
- **Receiving Notifications:** Ensure notification permissions are enabled for the "KUMIWear" app in your phone's settings. Notifications from SMS, social media apps (e.g., Twitter, Facebook, Instagram), and other applications will appear on your watch screen.

Sports Modes and Activity Tracking

The Kumi Smart Watch supports over 100 built-in sport modes to accurately track your physical activities.

- **Selecting a Sport Mode:** Swipe on the watch screen to find the "Workout" or "Sport" icon. Tap to select from various

activities like walking, running, cycling, climbing, and more.

- **Tracking Data:** During a workout, the watch displays real-time data such as duration, distance, calories burned, and heart rate.
- **Viewing History:** Sync your watch with the "KUMIWear" app to view detailed workout summaries and historical data.

100+ Built-In Sports Modes

football, and more.

Customizing Watch Faces

Personalize your smartwatch display with a wide selection of watch faces or create your own unique designs.

- **Changing Watch Faces:** Long-press the watch screen or navigate through the watch settings to access the watch face gallery.
- **Using the App:** Open the "KUMIWear" app to browse over 200 watch face designs or upload your own photos to create custom watch faces.

Health Monitoring

The Kumi Smart Watch provides continuous monitoring of key health indicators.

- **Heart Rate Monitor:** Tracks your heart rate throughout the day and during exercise.

- **Blood Pressure Monitor:** Provides estimated blood pressure readings.
- **Blood Oxygen (SpO2) Monitor:** Measures your blood oxygen saturation levels.
- **Sleep Tracker:** Automatically monitors your sleep patterns, including deep sleep, light sleep, and wake-up times, providing insights into your sleep quality.

and sleep tracking, with visual examples of data display.

Voice Assistant

Interact with your smartwatch using voice commands for quick access to functions.

- **Activating Voice Assistant:** Swipe or tap the voice assistant icon on your watch.
- **Commands:** Use commands such as "Play music," "Set an alarm for [time]," or "Call [contact name]."

Care and Maintenance

Water Resistance (IP68)

The Kumi Smart Watch is IP68 waterproof, meaning it is resistant to dust and can withstand immersion in water up to 1.5 meters for 30 minutes. It is suitable for daily use, including hand washing, rain, and light swimming. However, it is not recommended for hot showers, saunas, or diving, as steam and high water pressure can compromise the seal.

Battery Life and Charging

To maximize battery life, avoid extreme temperatures and use the provided magnetic charging cable. Clean the charging contacts regularly to ensure a good connection. If the watch will not be used for an extended period, charge it to about 50% before storing.

Troubleshooting

Issue	Possible Solution
Watch not turning on	Ensure the watch is fully charged. Connect it to the charger for at least 30 minutes.
Unable to pair with phone	Check if Bluetooth is enabled on your phone. Restart both the watch and phone. Ensure the "KUMIWear" app has necessary permissions. Try unpairing and re-pairing.
Notifications not received	Verify notification permissions for the "KUMIWear" app in your phone's settings. Ensure the app is running in the background. Check if "Do Not Disturb" mode is active on the watch or phone.
Inaccurate health data	Ensure the watch is worn snugly on your wrist, about one finger's width from the wrist bone. Clean the sensor on the back of the watch. Avoid excessive movement during measurements.
Short battery life	Reduce screen brightness, disable continuous heart rate monitoring if not needed, limit frequent notifications, and avoid using GPS extensively (if applicable).

Product Specifications

Feature	Detail
Brand	Kumi
Model	GW5 & KU6
Compatible Devices	Smartphones (iOS 9.0+ / Android 4.4+)
