Maintenance

Proper care will extend the life and preserve the appearance of your leather sofa.

Leather Care:

- **Regular Cleaning:** Dust the leather regularly with a soft, dry cloth.
- **Spills:** Immediately blot any spills with a clean, absorbent cloth. Do not rub. For stubborn stains, use a specialized leather cleaner according to its instructions. Test any cleaner on an inconspicuous area first.
- **Avoid Direct Sunlight:** Prolonged exposure to direct sunlight can cause leather to fade or dry out. Position your sofa away from direct sunlight or use curtains/blinds.
- **Humidity:** Maintain a consistent humidity level in the room. Extremely dry conditions can cause leather to crack.
- **Conditioning:** Periodically apply a leather conditioner to keep the leather supple and prevent drying and cracking. Follow the product manufacturer's instructions.
- **Sharp Objects:** Keep sharp objects, pet claws, and abrasive materials away from the leather surface.
