

## Kapbom KA-8383

# Kapbom Astronaut Portable Bluetooth Speaker

MODEL: KA-8383 USER MANUAL

## INTRODUCTION

---

Thank you for purchasing the Kapbom Astronaut Portable Bluetooth Speaker. This speaker combines high-quality audio with a unique astronaut design and dynamic LED lighting. This manual provides essential information for setting up, operating, and maintaining your device to ensure optimal performance and longevity.

**Image 1:** Front view of the Kapbom Astronaut Portable Bluetooth Speaker, showcasing its unique astronaut figure inside a transparent dome with colorful LED lights and control buttons on the base.

## PACKAGE CONTENTS

---

Please check the package for the following items:

- 1 x Astronaut Portable Bluetooth Speaker (Model KA-8383)
- 1 x USB Power Cable
- 1 x User Manual

## SETUP

---

### 1. Charging the Speaker

1. Connect the provided USB power cable to the DC/charging port on the speaker.
2. Connect the other end of the USB cable to a standard USB power adapter (not included) or a computer's USB port.
3. The LED indicator will show charging status (specific indicator behavior may vary by unit, typically red for charging, off/blue for full).
4. Charge the speaker fully before first use (approximately 2-3 hours).

## 2. Powering On/Off

- To power on: Press and hold the **Power button** (🔌) for a few seconds until you hear an audible prompt or see the LED lights activate.
- To power off: Press and hold the **Power button** again for a few seconds.

Image 2: An illustration highlighting key features of the speaker, including long battery life, Bluetooth 5.3 connectivity, RGB LED lights, and powerful bass sound.

## OPERATING INSTRUCTIONS

### 1. Bluetooth Connection

1. Ensure the speaker is powered on and in Bluetooth pairing mode (indicated by a flashing blue LED or an audible prompt).
2. On your mobile device (smartphone, tablet, etc.), enable Bluetooth and search for available devices.
3. Select "KA-8383" or a similar name from the list of devices.
4. Once connected, the speaker will provide an audible confirmation, and the LED indicator will typically stop flashing.

### 2. Playing Music from Various Sources

- **Bluetooth:** After successful pairing, play audio from your connected device.

- **TF Card (Micro SD):** Insert a TF card with MP3 audio files into the TF card slot. The speaker will automatically switch to TF card mode and begin playback.
- **USB Drive:** Insert a USB flash drive with MP3 audio files into the USB port. The speaker will automatically switch to USB mode and begin playback.
- **AUX Input:** Connect an audio device using a 3.5mm audio cable (not included) to the AUX port. The speaker will switch to AUX mode.
- **FM Radio:** Press the **Mode button (M)** to switch to FM radio mode. Use the **Previous/Next buttons** to scan for stations.

**Image 3:** A close-up view of the speaker's rear panel, showing the input ports: Micro SD card slot (TF), USB port, DC charging port, and 3.5mm AUX input.

### 3. Volume Control

- Press the **Volume Up (+) button** to increase volume.
- Press the **Volume Down (-) button** to decrease volume.

### 4. LED Light Control

- Press the **Light button** (often represented by a sun or star icon) to cycle through different LED light modes or to turn the lights off.

# LED Dinâmico

Efeitos de iluminação dinâmicos LED.  
Pressione o botão e selecione a cor que  
mais combina com seu ambiente.

## MAINTENANCE

- **Cleaning:** Use a soft, dry cloth to clean the speaker's exterior. Do not use abrasive cleaners or solvents.
- **Water Exposure:** This speaker is not waterproof. Avoid exposing it to water or excessive moisture.
- **Battery Care:** To prolong battery life, avoid fully discharging the battery frequently. Charge the speaker regularly, even if not in use for extended periods.
- **Storage:** Store the speaker in a cool, dry place away from direct sunlight and extreme temperatures.

## TROUBLESHOOTING

Problem	Possible Cause	Solution
---------	----------------	----------

Problem	Possible Cause	Solution
Speaker does not power on	Low battery; Power button not pressed correctly	Charge the speaker; Press and hold the Power button for 3-5 seconds
Cannot connect via Bluetooth	Speaker not in pairing mode; Device Bluetooth off; Speaker too far	Ensure speaker is on and in pairing mode; Enable Bluetooth on your device; Move speaker closer to device (within 10 meters)
No sound	Volume too low; Incorrect input mode; Audio file issue	Increase volume; Press Mode button to select correct input (BT, TF, USB, AUX, FM); Try a different audio file or source
LED lights not working	Lights turned off; Malfunction	Press the Light button to cycle through modes; If issue persists, contact support

## SPECIFICATIONS
