Burst Expanding Dental Floss

BURST Expanding Dental Floss Instruction Manual

Brand: **Burst** | Model: **Expanding Dental Floss**

1. Introduction & Overview

The BURST Expanding Dental Floss is designed for superior oral hygiene, reaching areas your toothbrush might miss. Its unique expanding feature and black color provide an effective and visually satisfying flossing experience. This manual provides essential information on how to use and maintain your BURST Expanding Dental Floss for optimal results.

2. Key Features

- **Expands to Remove Plaque:** The floss expands on contact with saliva, effectively removing up to 85% of plaque from surfaces your toothbrush can't reach, and 2x more plaque than unwaxed dental floss.

Image: BURST Expanding Floss in use, demonstrating its expansion for effective plaque removal.

- **Black Floss for Visible Results:** The uniquely black, woven floss allows you to clearly see the plaque and debris removed from between your teeth, providing immediate visual confirmation of cleanliness.

Image: Close-up of the black woven floss, emphasizing its quality and visibility for removed debris.

- **Stain Busting & Cavity Fighting:** High-quality floss adsorbs common stains from coffee and wine. The xylitol coating further aids in fighting cavities.

Image: The floss spool with text highlighting its stain-busting and cavity-fighting properties due to xylitol coating.

- **Mindfully Made & Refillable:** The floss is vegan and cruelty-free. The lightweight, compact dispenser is made from 95% recycled plastic and is refillable, promoting waste reduction.

Image: The Mint Eucalyptus flavored floss and a refill spool, emphasizing the product's mindful composition and refillable design.

3. Setup

The BURST Expanding Dental Floss comes in a compact, refillable dispenser. To begin using your floss:

1. Open the dispenser by gently lifting the top lid.
2. Locate the floss thread and pull out approximately 12-18 inches of floss.
3. Use the built-in cutter on the dispenser to cleanly cut the desired length of floss.
4. Close the lid securely after use to protect the remaining floss.

4. Operating Instructions

For effective flossing and optimal plaque removal, follow these steps:

1. **Wrap It Up:** Wind about 12-18 inches of floss around your middle fingers, leaving a short section (about 1 inch) to work

with.

2. **Pinch & Grip:** Hold the floss tightly between your thumbs and index fingers.
3. **Glide & Guide:** Gently slide the floss between your teeth using a seesaw motion. Do not snap the floss into place.
4. **Hug & Tug:** Once between teeth, curve the floss into a C-shape against one tooth and gently slide it up and down, extending slightly below the gumline. Repeat for the adjacent tooth.
5. **Scrape the Gunk:** Move the floss up and down 3-4 times per tooth surface to effectively remove plaque and food particles.
6. **Advance the Floss:** As you move from tooth to tooth, unroll a fresh section of floss from one finger and wind the used section onto the other finger.

Image: Visual guide illustrating the recommended flossing technique for optimal cleaning.

5. Maintenance

The BURST Expanding Dental Floss dispenser is designed for long-term use and sustainability.

- **Refilling:** When you run out of floss, simply order replacement bobbins. Open the dispenser, remove the empty spool, and insert a new one. This reduces plastic waste.
- **Cleaning:** Periodically wipe down the exterior of the dispenser with a damp cloth to keep it clean. Ensure no water enters the floss compartment.

6. Troubleshooting

While the BURST Expanding Dental Floss is designed for durability, here are some common considerations:

- **Floss Shredding:** If the floss shreds frequently, it might indicate tight contact points between your teeth or rough surfaces. Ensure you are using a gentle seesaw motion to insert the floss, rather than snapping it. Consult your dentist if shredding persists or if you experience discomfort.
- **Difficulty Dispensing:** If the floss is difficult to pull from the dispenser, check that the lid is fully open and the floss is not tangled inside.

7. Specifications

Feature	Detail
Brand	Burst
Dental Floss Type	Expanding Dental Floss
Item Form	String
Flavor	Mint Eucalyptus
Material	Nylon
Length	40 Yards (per dispenser)
Dispenser Material	95% Recycled Plastic
