## 5. SETUP AND ASSEMBLY

The MAHANCRIIS File Cabinet is designed for straightforward assembly. All necessary parts are numbered, and an accessory kit with tools is included. Please follow the detailed illustrated instructions provided in the package for a smooth setup process.

1. **Unpack and Identify Parts:** Carefully unbox all components and lay them out. Compare them with the parts list in the included manual to ensure nothing is missing or damaged.

2. **Assemble the Frame:** Follow the step-by-step diagrams to connect the metal frame pieces using the provided screws and tools. Ensure all connections are secure.
3. **Install Shelves:** Attach the engineered wood top and the metal mesh middle shelf to the frame.
4. **Attach Wheels:** Secure the four universal wheels to the base of the cabinet. Ensure the two lockable wheels are positioned as indicated in the instructions for easy access.
5. **Insert Drawers:** Place the non-woven fabric drawers into their designated compartments. The large drawer includes adjustable hanging rods for A4/Letter size files.
6. **Power Strip:** The power strip is typically pre-installed. Ensure its cord is routed safely and is accessible for plugging into a wall outlet.

## 7. MAINTENANCE

- **Cleaning:** Wipe the engineered wood and metal surfaces with a soft, damp cloth. Avoid using harsh chemicals or abrasive cleaners, which can damage the finish.

- **Fabric Drawers:** The non-woven fabric drawers should not be washed. For minor spills or dust, gently spot clean with a damp cloth and mild soap, then air dry completely.
- **Regular Checks:** Periodically check all screws and connections to ensure they remain tight and secure. Retighten if necessary.
- **Power Cord:** Inspect the power cord and plug regularly for any signs of wear or damage. Discontinue use and replace if damage is found.

## 8. TROUBLESHOOTING

---

- **Cabinet is Wobbly:** Ensure all assembly screws are fully tightened. Check that the cabinet is on a level surface. If wheels are locked, ensure they are fully engaged.
- **Drawers are Sticking/Difficult to Open:** Ensure drawers are not overloaded. Check for any obstructions within the drawer compartments. The fabric drawers slide on shelves, so ensure they are properly aligned.
- **Charging Station Not Working:** Verify that the cabinet's main power cord is securely plugged into a functional wall outlet. Check if the wall outlet itself is receiving power. Test with a different device.
- **Wheels Not Rolling Smoothly:** Check for debris caught in the wheels. Ensure the wheel locks are fully disengaged.
