3. SETUP AND CHARGING

3.1 Initial Charge

Before first use, fully charge your stylus pen. The pen features a hidden Type-C charging port and a one-piece dust plug design to prevent loss.

- Remove the one-piece dust plug from the charging port.
- Insert the provided Type-C charging cable.
- The pen fully charges in approximately **14 minutes**, providing up to **10 hours** of continuous working time.

3.2 Battery Indicators

The stylus pen is equipped with 3 LED indicators to show the remaining battery life and charging progress:

- **3 lights on:** 70-100% power
- **2 lights on:** 30-70% power
- **1 light on:** 5-30% power (requires charging)

palm rejection technology

You can rest your palm on the screen and write like it was paper

Figure 3.1: Stylus pen charging and battery indicator features.

Tilt sensitivity

Allows you to draw lines of different thicknesses on the screen based on the angle of the iPad pencil, making writing and drawing more free. The stylus for iPad doesn't support pressure sensitivity.

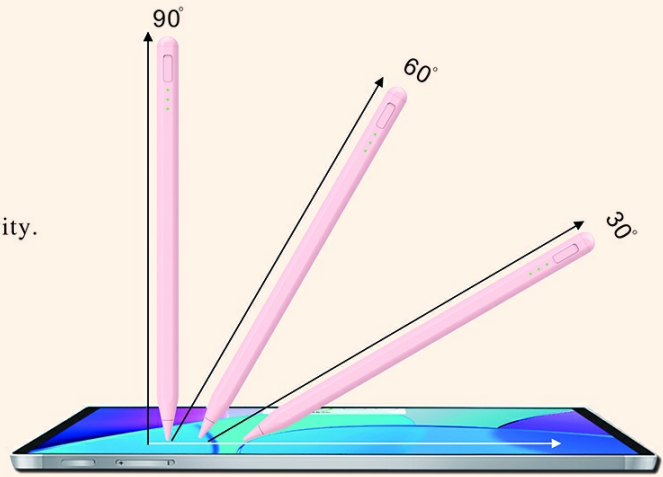

Figure 3.2: One-piece dust plug and hidden charging port design.

3.3 Power On/Off

- **To Power On:** Simply touch the top of the stylus pen once.
- **To Power Off:** Double-click the top of the stylus pen.
- The pen features an automatic shutdown function after 5 minutes of inactivity to conserve power.

3.4 Pencil Holder Installation

The stylus comes with a pencil holder for convenient storage. The holder has strong adhesive for secure placement.

- Peel off the protective backing from the adhesive side of the pencil holder.
- Attach the holder to the back of your iPad case or any desired surface.
- Place your stylus pen into the holder for secure storage.

You Will Get

- 1 x Stylus Pen
- 1 x Type-C Charging Cable
- 3 x Replacement Tips
- 1x pencil holder
- 1x User Manual

5. MAINTENANCE

- Keep the stylus clean by wiping it with a soft, dry cloth.
- Avoid dropping the pen or exposing it to extreme temperatures.
- The stylus uses replaceable nibs. If the tip becomes worn or damaged, replace it with a new one.

6. TROUBLESHOOTING

6.1 Stylus Not Responding

- Ensure the stylus is powered on (single touch on top).
- Check the battery level using the LED indicators and charge if necessary.
- Ensure your iPad's Bluetooth is enabled, even though direct pairing is not required for basic functionality, some features might benefit.
- Restart your iPad and the stylus.

6.2 Tip Issues (Loose or Broken)

If the stylus tip becomes loose or breaks, it needs to be replaced. The stylus comes with replacement tips.

- Gently pull the old tip straight out from the stylus.
- Align the new tip with the stylus and push it firmly until it is securely in place. Do not twist.

Note: Some users have reported difficulty with tip replacement if not done carefully. Ensure the tip is pushed straight in without forcing or twisting.
