

PATIKIL 16 x 12 x 0.4 Inch PVC Bar Mat

PATIKIL 16 x 12 x 0.4 Inch PVC Bar Mat Instruction Manual

Model: 16 x 12 x 0.4 Inch PVC Bar Mat

1. INTRODUCTION

This manual provides comprehensive instructions for the proper setup, usage, and maintenance of your PATIKIL PVC Bar Mat. Designed to prevent spills and protect surfaces, this mat is a versatile accessory for various environments. Please read this manual thoroughly before use to ensure optimal performance and longevity of your product.

2. PRODUCT OVERVIEW

2.1 Features

- **Material:** Constructed from thick PVC, ensuring softness, heat resistance, and durability against bending or deformation. The material is designed not to fade over time.
- **Non-Slip Design:** Features a textured surface with raised particles to prevent items from slipping and sliding, effectively containing spills.
- **Surface Protection:** Acts as a barrier to protect countertops and other surfaces from liquid spills, dirt, and potential damage.
- **Reusable & Durable:** Engineered for a long service life, offering reliable performance through repeated use.
- **Easy to Clean:** The mat's design allows for simple cleaning by rinsing with water or wiping with a damp cloth.

2.2 Components

- 1 x PATIKIL PVC Bar Mat (16 x 12 x 0.4 Inch, Black)

3. SETUP

To set up your PATIKIL PVC Bar Mat, follow these steps:

1. Unroll the mat and place it on a clean, flat surface.
2. Ensure the side with the raised particles is facing upwards. This textured surface is designed to provide grip and contain spills.
3. If the mat arrives folded, it may take a short period to flatten completely. Gently press down on the mat or allow it to rest on a flat surface to help it regain its intended shape.

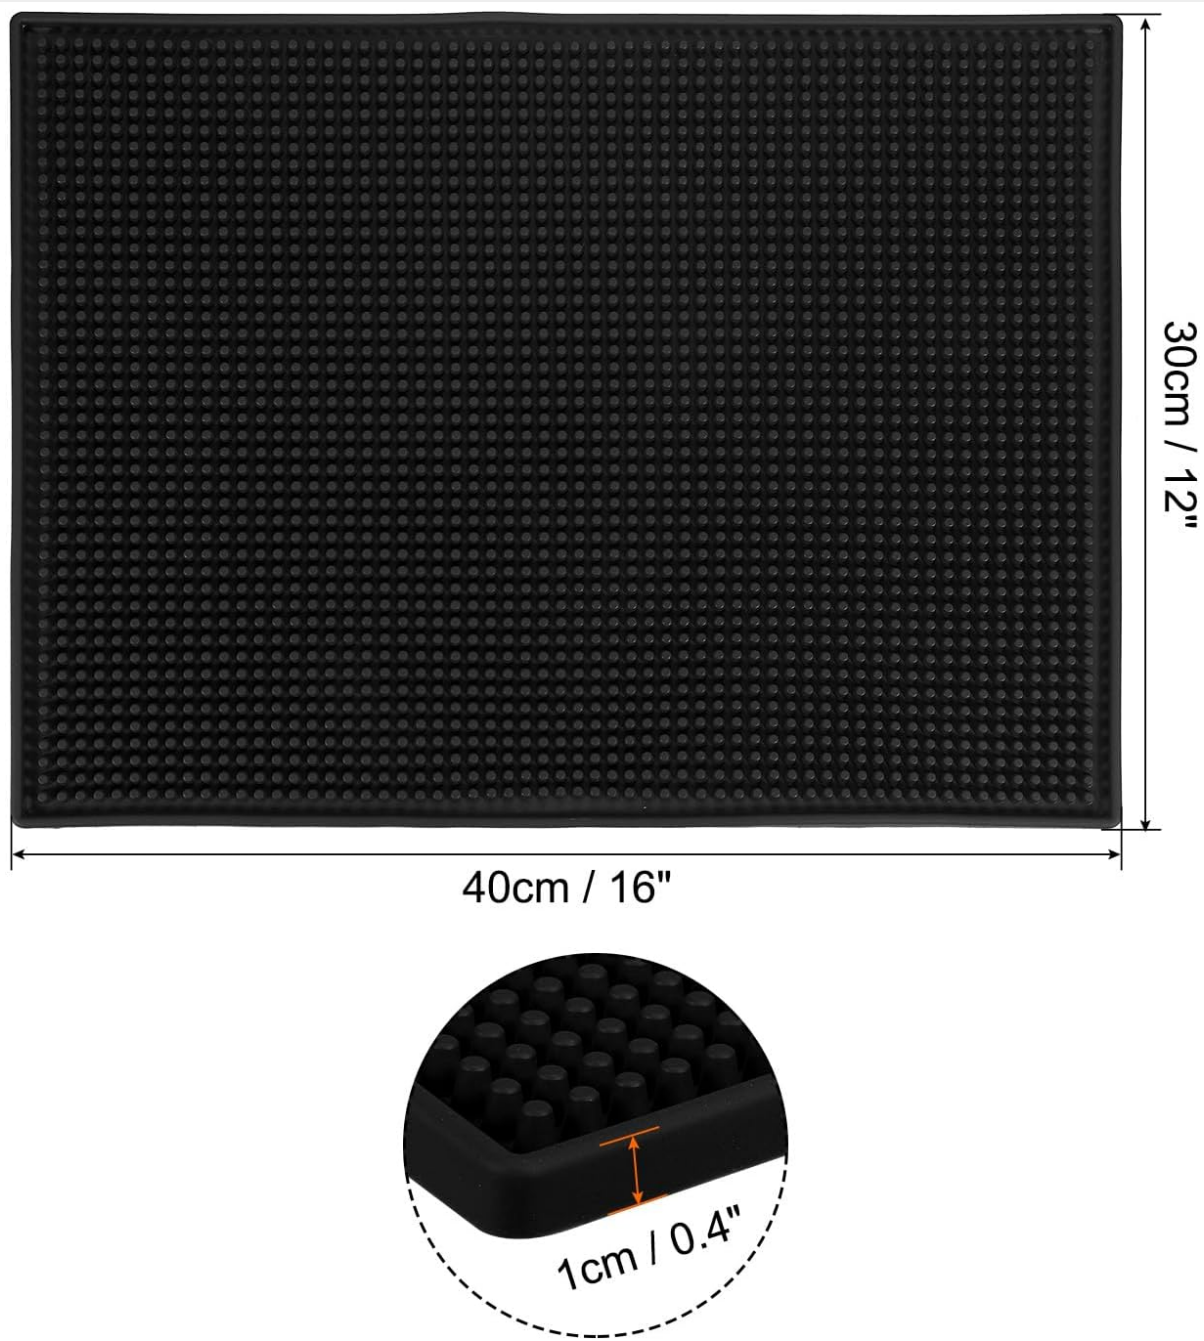

Image showing the overall dimensions of the PATIKIL PVC Bar Mat, measuring 40cm (16 inches) in length, 30cm (12 inches) in width, and 1cm (0.4 inches) in thickness.

4. OPERATION AND USAGE

The PATIKIL PVC Bar Mat is designed for versatile use across various settings to prevent spills and protect surfaces.

- **Bar and Restaurant Use:** Ideal for placement on bar counters to catch drink spills, condensation, and provide a stable surface for glassware.
- **Kitchen Use:** Suitable for kitchen countertops to protect against coffee, water, or other liquid spills from appliances like coffee makers or dish drying.
- **Hair Salon and Barber Station:** Can be used to organize and protect surfaces when placing tools such as scissors, brushes, trimmers, and blades.
- **General Countertop Protection:** Effective in any environment where liquid spills are a concern, such as KTVs or general workspaces.

SPILL-PROOF DESIGN

Image demonstrating the spill-proof design of the mat, with a glass placed on its textured surface and liquid droplets contained within the mat's raised nubs.

Salon Barber Shop Work Table Mat

Image showing the mat used in a salon or barber shop, providing a stable and protective surface for tools such as scissors, combs, and trimmers.

5. MAINTENANCE

Proper maintenance ensures the longevity and hygiene of your PATIKIL PVC Bar Mat.

5.1 Cleaning

- After use, simply rinse the mat with water to remove any spills or debris.
- For more thorough cleaning, wipe the mat with a damp cloth and mild soap if necessary.
- Allow the mat to air dry completely before storing or reusing.

5.2 Storage

The mat can be easily rolled up for compact storage when not in use. Store in a dry place away from direct sunlight.

• Soft PVC Material

• Anti-slip Back is Smooth and Easy To Clean

Image illustrating the flexible and soft PVC material of the mat, with a view of its anti-slip back surface, which is smooth and easy to clean.

6. TROUBLESHOOTING

This section addresses common concerns you might encounter with your bar mat.

6.1 Mat Not Lying Flat

If your mat arrives folded or does not lie perfectly flat initially, this is typically due to packaging. To resolve this:

- Place the mat on a flat surface for several hours or overnight.
- You can gently apply weight to the corners or edges to help it flatten faster.
- The flexible PVC material will naturally relax and flatten over a short period.

7. SPECIFICATIONS

Attribute	Detail
Brand	PATIKIL
Model	16 x 12 x 0.4 Inch PVC Bar Mat
Color	Black

Attribute	Detail
Material	Polyvinyl Chloride (PVC)
Dimensions (L x W x H)	40 x 30 x 1 cm / 16 x 12 x 0.4 inch
