Matchbox Action Drivers Police Traffic Center Playset Instruction Manual

Comprehensive guide for assembly, operation, and maintenance of your Matchbox Action Drivers Police Traffic Center Playset.

1. IMPORTANT SAFETY INFORMATION

WARNING: Not suitable for children under 36 months due to small parts that may present a choking hazard. Adult assembly is required. Please retain this instruction manual for future reference.

2. WHAT'S IN THE BOX

Verify that all components listed below are present before beginning assembly:

- 1 Matchbox Action Drivers Police Traffic Center Playset
- 1 Matchbox Ford Police Interceptor 1:64 scale car

3. SETUP AND ASSEMBLY

Follow these steps to assemble your Police Traffic Center Playset:

3.1 Unboxing and Initial Overview

Figure 3.1: The complete Matchbox Action Drivers Police Traffic Center Playset, including the police station building and the Ford Police Interceptor vehicle.

Carefully remove all components from the packaging. Ensure all parts are present as listed in Section 2. The playset base features interlocking connectors for expansion with other Matchbox Action Drivers sets.

3.2 Attaching the Police Station Building

Position the main police station building onto the designated slots on the playset base. Press firmly until it clicks into place, ensuring a secure connection.

3.3 Activating the Rotating Satellite

Figure 3.2: A hand demonstrating the rotation of the satellite dish located on the roof of the police station. This action updates the control room monitor.

The satellite dish on top of the police station can be manually rotated. This action is designed to simulate updating the traffic situation on the control room monitor inside the station.

3.4 Positioning the Traffic Barrier

Figure 3.3: A finger pressing down on the yellow traffic barrier, illustrating how to open the gate for vehicles to pass through.
The yellow traffic barrier at the station's exit can be manually opened and closed. This allows vehicles to enter and exit the police traffic center.

3.5 Car-Activated Features

Figure 3.4: The Matchbox Ford Police Interceptor car approaching the station entrance, triggering the police officer figure to move forward as if greeting the vehicle.

The playset features a car-activated mechanism. When a vehicle approaches the station entrance, the police officer figure will automatically move forward to greet the vehicle, enhancing interactive play.

3.6 Connecting to Other Playsets

The Matchbox Action Drivers Police Traffic Center is designed to connect with other Matchbox and Hot Wheels playsets (sold separately). Align the interlocking connectors on the base of this playset with those of other sets to expand your city.

4. OPERATING INSTRUCTIONS

The Matchbox Action Drivers Police Traffic Center offers interactive play features:

- **Vehicle Dispatch:** Drive the included Ford Police Interceptor or other 1:64 scale Matchbox vehicles to the station.
- **Officer Greeting:** As a vehicle approaches the main entrance, the police officer figure will automatically move to greet it.
- **Traffic Control:** Manually rotate the satellite dish on the roof to simulate updating traffic information.

- **Gate Operation:** Use the yellow barrier to control vehicle entry and exit from the station.
- **Open-Ended Play:** Utilize the playset's features to create various police scenarios and integrate with other Matchbox city components.

5. MAINTENANCE AND CARE

To ensure the longevity of your playset, follow these simple maintenance guidelines:

- **Cleaning:** Wipe the playset and car with a soft, damp cloth. Do not immerse in water. Avoid using harsh chemicals or abrasive cleaners.
- **Storage:** Store the playset in a cool, dry place away from direct sunlight to prevent material degradation.
- **Inspection:** Periodically check for any loose or damaged parts. Discontinue use if any significant damage is found.

6. TROUBLESHOOTING

If you encounter any issues with your playset, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Police officer figure does not move.	Vehicle not positioned correctly over the activation point.	Ensure the vehicle is driven directly over the designated activation area at the station entrance.
Playset parts do not connect securely.	Parts are not aligned correctly or debris is in the connectors.	Check alignment of connectors and remove any obstructions. Apply firm, even pressure.
Satellite dish is stiff to rotate.	Minor friction or dust accumulation.	Gently rotate the dish to loosen. Clean around the base of the dish if visible dust is present.

7. PRODUCT SPECIFICATIONS

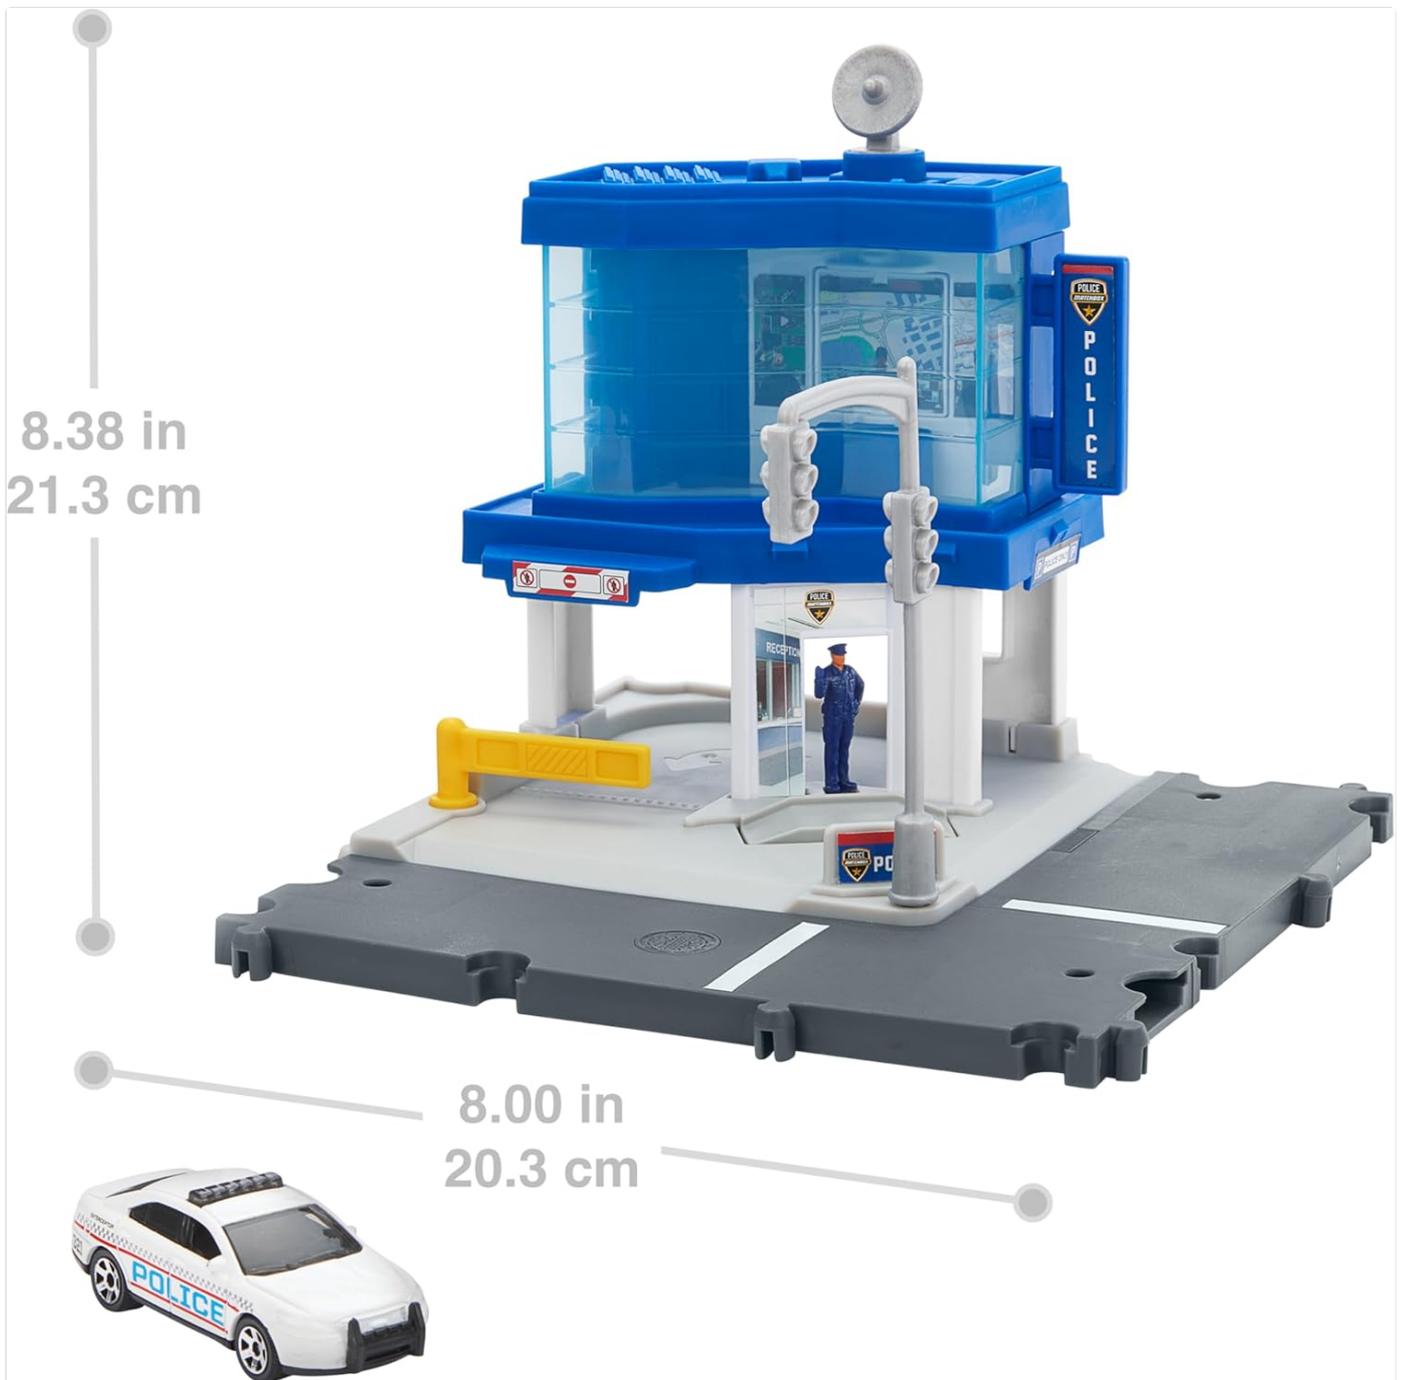

Figure 7.1: Dimensional overview of the Matchbox Action Drivers Police Traffic Center Playset, indicating its height and width.

Feature	Detail
Product Dimensions	7 x 7 x 6.07 inches (approx. 17.8 x 17.8 x 15.4 cm)
