## IDZO ADQ6

# IDZO Outdoor Adirondack Chair Set of 2 Instruction Manual

Model: ADQ6

## INTRODUCTION

---

Thank you for choosing the IDZO Outdoor Adirondack Chair Set of 2. This manual provides essential information for the safe assembly, operation, and maintenance of your new chairs. Please read these instructions thoroughly before assembly and retain them for future reference.

The IDZO Adirondack chairs are crafted from FSC Eucalyptus wood, featuring a pre-assembled backrest for simplified setup and a foldable design for convenient storage. They are designed for outdoor use in various settings such as patios, gardens, decks, and around firepits.

## SAFETY INFORMATION

---

- **Weight Capacity:** Do not exceed the maximum weight recommendation of 450 pounds per chair. Overloading can cause damage and injury.
- **Assembly:** Ensure all bolts and fasteners are securely tightened before use. Periodically check and re-tighten as necessary.
- **Placement:** Place chairs on a stable, level surface to prevent tipping. Avoid placing near open flames or extreme heat sources.
- **Children:** Keep children away from the chairs during assembly. Supervise children when they are using the chairs.
- **Moving:** When moving the chairs, lift them rather than dragging to prevent damage to the chair or floor.

surface.

- **Folding Mechanism:** Exercise caution when folding or unfolding the chairs to avoid pinching fingers or hands.

## PACKAGE CONTENTS

---

Verify that all components are present before beginning assembly. If any parts are missing or damaged, please contact customer support.

- 2 x Adirondack Chair (partially assembled)
- Hardware Pack (bolts, washers, nuts, Allen key)
- Instruction Manual

## SETUP AND ASSEMBLY

---

Your IDZO Adirondack chairs feature a pre-assembled backrest to simplify the setup process. Assembly typically takes 20-30 minutes per chair.

### Required Tools:

- Included Allen Key

### Assembly Steps:

1. Carefully unpack all components and hardware. Place them on a clean, soft surface to prevent scratches.
2. Attach the pre-assembled backrest to the seat frame using the provided bolts and washers. Ensure the

backrest is oriented correctly.

3. Secure the armrests to the side of the seat frame and backrest.
4. Attach the front legs to the seat frame.
5. Tighten all bolts using the included Allen key. Do not overtighten, but ensure all connections are firm and secure.
6. Test the chair for stability before use.

## OPERATING AND USAGE

---

### Unfolding the Chair:

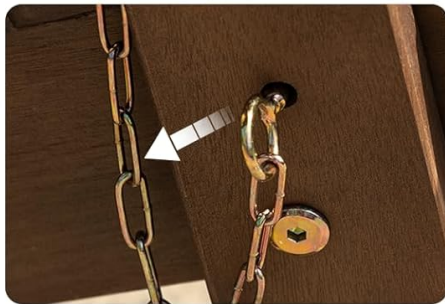

1. Place the folded chair on a flat surface.
2. Gently pull the front legs forward until the chair extends to its full seating position.
3. Ensure all parts are locked into place before sitting.

### Folding the Chair for Storage:

1. Locate the bolt and chain mechanism on the right chair leg (as shown in the image below).
2. Pull out the bolt to release the locking mechanism.
3. Gently raise the seat upwards, allowing the chair to collapse into its folded position.
4. Secure the chair in the folded position if a locking mechanism is present.

# SPACE-SAVING DESIGN

## Pull Out & Fold Up

**Pull the Bolt**

**Raise the Seat**

### **Recommended Uses:**

These chairs are ideal for relaxing in various outdoor environments:

- Patios
- Gardens
- Decks
- Around Firepits
- Porches

## MAINTENANCE

---

Proper care and maintenance will extend the life and appearance of your IDZO Adirondack chairs.

- **Cleaning:** Clean the chairs with mild soap and water. Allow them to dry completely before storage or continued use. Avoid harsh chemicals or abrasive cleaners.
- **Wood Care:** As the chairs are made from Eucalyptus wood, consider applying a wood sealant or conditioner annually to protect against weathering and maintain the wood's natural beauty. This is especially recommended in harsh climates.
- **Storage:** During periods of non-use, especially in cold or extreme weather conditions, it is recommended to use a furniture cover or move the chairs indoors to protect them from the elements. The foldable

design facilitates easy storage.

- **Fasteners:** Periodically check all bolts and screws and re-tighten them as needed to ensure the chair remains stable and secure.

## TROUBLESHOOTING

Issue	Possible Cause	Solution
Chair feels unstable or wobbly	Loose fasteners; uneven ground	Check and tighten all bolts. Move chair to a level surface.
Difficulty folding/unfolding	Mechanism stiff or obstructed	Ensure the bolt is fully disengaged. Check for debris in the folding mechanism. Apply a small amount of lubricant to hinges if necessary.
Wood appears dry or faded	Exposure to sun and elements without treatment	Clean the wood and apply a suitable outdoor wood sealant or oil. Store indoors or cover during harsh weather.
Minor scratches or dents	Normal wear and tear; accidental impact	For minor scratches, light sanding and re-application of wood finish may help.
