## 1. INTRODUCTION

Thank you for choosing the Yaheetech Outdoor Potting Bench. This versatile workstation is designed to enhance your gardening experience, providing a dedicated space for potting, planting, and organizing your tools. Crafted from durable fir wood, it features a spacious console, ample storage, and thoughtful design elements to make your horticulture tasks more comfortable and enjoyable.

## 2. SAFETY INFORMATION

Please read and understand all instructions before assembly and use. Keep this manual for future reference.

- **Adult Assembly Required:** This product requires adult assembly. Keep small parts away from children during assembly.
- **Stable Surface:** Always assemble and use the potting bench on a flat, stable, and level surface to prevent

tipping.

- **Weight Capacity:** Do not exceed the stated weight capacities for the console (220 lb) and shelves (88 lb per layer). Overloading can cause damage or injury.
- **Outdoor Use:** While designed for outdoor use, prolonged exposure to extreme weather conditions (heavy rain, snow, direct intense sunlight) may affect the wood's longevity. Consider covering or storing indoors during harsh weather.
- **Maintenance:** Regularly check all screws and connections to ensure they remain tight. Retighten as necessary.
- **Cleaning:** Clean with a soft, damp cloth. Avoid harsh chemicals or abrasive cleaners that may damage the wood finish.

### 3. PARTS LIST

Before beginning assembly, ensure all parts are present and undamaged. Refer to the assembly video for visual identification of components.

Figure 3.1: Overview of all components included for assembly.

#### Hardware (Examples):

- Screws (various sizes, e.g., C, D, H, I, L, M)
- Bolts (e.g., B)
- Magnetic catch (for cabinet door)
- Hinges (for cabinet door)
- Hooks (for hanging tools)
- Footpads (for legs)

#### Wooden Components (Examples):

- Main tabletop/console
- Side panels
- Cabinet door
- Shelves (slatted)
- Back panel with hanging slats
- Legs/support beams

### 4. ASSEMBLY INSTRUCTIONS

Follow these steps carefully for proper assembly. It is recommended to have two people for certain steps.

#### Assembly Video Guide:

Video 4.1: Official Yaheetech 4-layer Outdoor Garden Potting Bench Table Installation Guide. This video provides a visual walkthrough of the entire assembly process.

#### 1. Step 1: Assemble the Cabinet Base

Attach the magnetic catch (8) to the designated wooden piece (4) using screws (C). This forms part of the cabinet's base structure.

Figure 4.1: Secure the magnetic catch.

## 2. Step 2: Attach Side Panels to Base

Connect the side panel (2) to the base piece (4) using screws (D). Repeat for the other side panel (5) on the opposite side.

## 3. Step 3: Secure the Cabinet Side

Insert the cabinet side panel (7) into the main frame, ensuring proper alignment. Secure it using screws (E).

## 4. Step 4: Install the Top Console

Carefully place the main console tabletop (11) onto the assembled base. Secure it using screws (D) from the top and bolts (A) from the underside, ensuring a tight fit.

## 5. Step 5: Assemble Internal Shelves

Insert the bottom slatted shelf (16) into the open storage area. Then, install the middle slatted shelf (15) above it. Ensure they are level and secure.

Figure 4.2: The two-layer open storage area.

## 6. Step 6: Prepare and Attach Cabinet Door

Attach the handle (F) and hinges (G) to the cabinet door (17) using screws (L, M). Once prepared, align the door with the cabinet opening and secure the hinges to the main frame using screws (L).

## Closed Storage

Under the tabletop provides a 2-layer cabinet with a door, meeting your different needs.

Left cabinet better keeps items' privacy and sealing

Figure 4.3: The cabinet door with X-shaped pattern.

## 7. Step 7: Assemble and Attach Top Rack

Assemble the top rack components (18, 19, 20) using screws (H). Once the rack is formed, attach it to the back of the main console using screws (I). Finally, install the hanging hooks (K) onto the rack.

## 5. OPERATING INSTRUCTIONS

The Yaheetech Outdoor Potting Bench is designed for various gardening activities. Here are some common uses:

- **Potting and Repotting:** Use the spacious tabletop for mixing soil, potting plants, and repotting. The raised edges help contain spills and dirt, keeping your workspace tidy.
- **Tool Organization:** Utilize the integrated hooks on the back panel to hang frequently used gardening tools such as trowels, cultivators, and pruners for easy access.
- **Storage:** The two-layer open shelves are ideal for storing larger items like watering cans, buckets, and bags of soil. The enclosed cabinet provides private storage for smaller tools, fertilizers, or other supplies, protecting them from the elements.
- **Display Area:** The top shelf can be used to display small potted plants, decorative items, or gardening books.

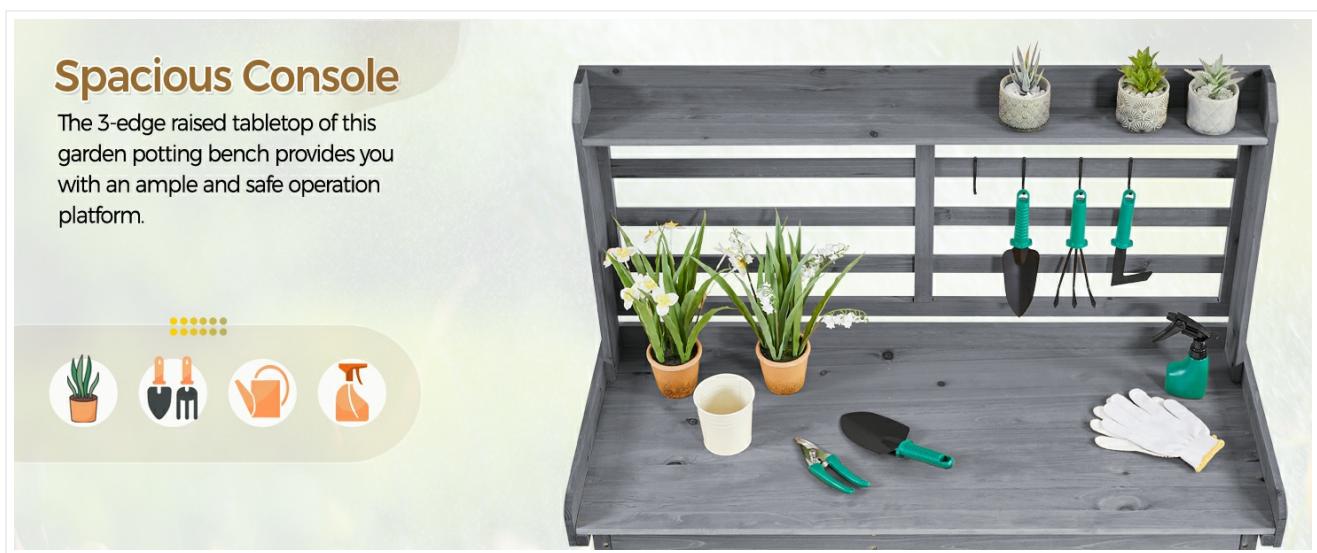

Figure 5.1: The spacious console provides ample room for various gardening tasks.

## 6. MAINTENANCE

Proper maintenance will extend the life of your potting bench.

- **Cleaning:** Wipe down surfaces regularly with a soft, damp cloth to remove dirt and debris. For stubborn stains, use a mild soap solution and rinse thoroughly. Dry immediately to prevent water damage.
- **Wood Care:** As the bench is made of fir wood, consider applying a wood sealant or stain annually to protect it from moisture, UV rays, and prolong its lifespan, especially if exposed to harsh weather.
- **Hardware Check:** Periodically inspect all screws, bolts, and hinges. Tighten any loose fasteners to maintain stability and structural integrity.
- **Winter Storage:** During winter months or periods of prolonged inactivity, it is advisable to store the potting bench indoors or cover it with a waterproof cover to protect it from extreme cold and moisture.

## 7. TROUBLESHOOTING

If you encounter any issues with your potting bench, refer to the following common problems and solutions:

| Problem                               | Possible Cause                          | Solution  |
|---------------------------------------|---|---|
| Bench is wobbly/unstable.             | Loose fasteners; uneven ground.         | Check and tighten all screws and bolts. Ensure the bench is placed on a flat, level surface.                |
| Cabinet door does not close properly. | Misaligned hinges; weak magnetic catch. | Adjust hinge screws to realign the door. Check if the magnetic catch is securely installed and functioning. |
| Wood appears discolored or weathered. | Prolonged exposure to elements.         | Apply a suitable outdoor wood sealant or stain. Consider covering the bench when not in use.                |

## 8. SPECIFICATIONS

| Feature                    | Detail               |
|----------------------------|----------------------|
| Brand                      | Yaheetech            |
| Model Number               | YT-00132566VC        |
| Material                   | Fir Wood             |
| Color                      | Gray                 |
| Product Dimensions         | 18"D x 44.5"W x 58"H |
| Item Weight                | 37.7 Pounds          |
| Console Load Capacity      | 220 lb               |
| Shelf Load Capacity (each) | 88 lb                |
| Assembly Required          | Yes                  |

Console : **220 lb**

Each layer of cabinet or shelf :

**88 lb**
