› [Yaheetech Outdoor Potting Bench Instruction Manual - Model YT-00132566VC](#)

Yaheetech YT-00132566VC

1. INTRODUCTION

Thank you for choosing the Yaheetech Outdoor Potting Bench. This manual provides essential information for the safe assembly, operation, and maintenance of your new potting bench. Please read these instructions carefully before beginning assembly and retain them for future reference.

2. SAFETY INFORMATION

- Ensure all parts are present and undamaged before assembly. Do not proceed with assembly if any parts are missing or broken.
- Assemble the potting bench on a soft, clean surface to prevent scratches or damage.
- Always use appropriate tools and follow the assembly steps in the correct order.
- Do not overtighten screws during assembly, as this may damage the wood.
- Keep small parts away from children during assembly to avoid choking hazards.
- The maximum weight capacity for the console is 220 lbs (100 kg). Each cabinet or shelf layer has a maximum capacity of 88 lbs (40 kg). Do not exceed these limits.
- This product is designed for outdoor use. Regular inspection for wear and tear is recommended.

3. PARTS LIST

Please verify that all components are included in your package before starting assembly. Refer to the diagram for identification.

Console : **220 lb**

Each layer of cabinet or shelf :

88 lb

Image: Exploded view diagram with labeled parts and overall dimensions.

A detailed list of parts and hardware should be included in your packaging. If any parts are missing, please contact customer support.

4. ASSEMBLY INSTRUCTIONS

Follow these steps carefully to assemble your Yaheetech Outdoor Potting Bench. It is recommended to have two people for assembly.

- 1. Prepare the Work Area:** Clear a spacious, flat, and soft area for assembly to prevent damage to the product or your floor.
- 2. Identify Components:** Unpack all components and lay them out. Match them against the parts list provided in your package. Each piece is typically numbered or labeled.
- 3. Assemble the Base Frame:** Begin by connecting the main vertical supports and horizontal crossbars to form the lower frame of the bench. Ensure all connections are secure but do not fully tighten screws until the entire frame is aligned.

4. **Install Shelves:** Attach the lower and upper open shelves to the designated sections of the frame. The slatted design allows for ventilation.
5. **Construct the Cabinet:** Assemble the cabinet section, including the side panels and the internal shelf. Attach the door using the provided hinges. Ensure the door opens and closes smoothly.
6. **Attach the Tabletop:** Secure the main console tabletop to the assembled base. Note the three raised edges designed to contain soil and spills.
7. **Assemble the Upper Rack:** Attach the back panel with the horizontal slats and the top shelf. Install the four convenient hooks onto the slats for hanging tools.
8. **Final Tightening:** Once all components are in place and aligned, systematically tighten all screws and bolts. Do not overtighten.
9. **Attach Footpads:** Secure the footpads to the bottom of the legs to protect the bench and your flooring.

5. OPERATING INSTRUCTIONS

The Yaheetech Outdoor Potting Bench is designed to facilitate various gardening tasks comfortably and efficiently.

- **Work Surface:** Use the spacious tabletop for potting plants, mixing soil, or preparing seeds. The raised edges help prevent materials from falling off.

- **Tool Storage:** Utilize the four hooks on the back panel to hang frequently used gardening tools such as trowels, cultivators, or pruners.
- **Open Shelving:** The two-layer open shelves are suitable for storing larger items like watering cans, buckets, or bags of soil for easy access.
- **Closed Cabinet:** The two-layer cabinet with a door provides enclosed storage for items that need protection from the elements or for maintaining a tidy appearance. The magnetic locking mechanism helps keep the door securely closed.
- **Top Shelf:** The small top shelf can be used for displaying small potted plants, seed packets, or other decorative items.

6. MAINTENANCE

Proper maintenance will extend the life of your potting bench.

- **Cleaning:** Wipe down the surfaces regularly with a damp cloth to remove soil, dust, and debris. For stubborn dirt, a mild soap solution can be used, followed by rinsing and thorough drying.
- **Wood Care:** As the bench is made of fir wood, consider applying a wood sealant or outdoor-grade protective finish annually to enhance its resistance to weather and prolong its appearance.
- **Inspection:** Periodically check all screws and connections to ensure they remain tight. Retighten if necessary.
- **Storage:** During harsh weather conditions (heavy rain, snow, extreme temperatures), it is advisable to cover the bench or store it in a sheltered area to protect the wood.

7. TROUBLESHOOTING

Problem	Possible Cause	Solution
Bench feels wobbly after assembly.	Screws are not fully tightened or the bench is on an uneven surface.	Ensure all screws are securely tightened. Move the bench to a level surface. If necessary, use shims under the footpads to stabilize.
Cabinet door does not close properly.	Hinges are misaligned or magnetic latch is not engaging.	Check hinge alignment and adjust if needed. Ensure the magnetic latch components are properly installed and aligned.
Wood appears discolored or weathered.	Exposure to sun and rain without protection.	Clean the wood and apply an outdoor wood sealant or stain to restore and protect the finish.

8. SPECIFICATIONS

Brand: Yaheetech

Model: YT-00132566VC

Material: Fir Wood

Color: Gray

Product Dimensions (Assembled): 44.5" W x 18" D x 58" H (113 cm W x 45.7 cm D x 147.3 cm H)

Operating Console Dimensions: 44.5" L x 17" W (113 cm L x 43.2 cm W)

Hanging Storage Area: 43.3" L x 20.5" W (110 cm L x 52 cm W)

Upper Cabinet/Shelf Layer Capacity: 88 lbs (40 kg)

Lower Cabinet/Shelf Layer Capacity: 88 lbs (40 kg)

Console Load Capacity: 220 lbs (100 kg)

Item Weight: 37.7 lbs (17.1 kg)

Assembly Required: Yes

The Details

4 convenient hooks for gathering handy tools

High-quality profiled hinges for enhanced stability

X-shaped pattern design, simple and stylish

Magnetic locking mechanism protects the storage items adequately

High-quality black aluminum alloy handle for effortless storage

6 footpads-covered wooden legs enjoy more extended durability
