GOBOULT Drift+

GOBOULT Drift+ Smart Watch User Manual

Model: Drift+

1. INTRODUCTION

This manual provides essential information for the safe and efficient operation of your GOBOULT Drift+ Smart Watch. Please read it thoroughly before using the device to ensure proper functionality and to understand all features. The GOBOULT Drift+ Smart Watch features a 1.85-inch HD display, Bluetooth calling capabilities, comprehensive health monitoring, and multiple sports modes.

2. WHAT'S IN THE BOX

Upon opening your GOBOULT Drift+ Smart Watch package, please verify that all the following items are included:

- GOBOULT Drift+ Smart Watch
- Charging Cable
- User Manual (this document)
- Warranty Card

3. SETUP

3.1. Charging the Device

Before initial use, fully charge your GOBOULT Drift+ Smart Watch. Connect the provided charging cable to the charging port on the back of the watch and a standard USB power adapter (not included). The watch typically takes approximately 2.5 hours to fully charge.

3.2. App Installation and Pairing

To unlock the full potential of your smart watch, download and install the companion application on your smartphone. The app is compatible with both iOS and Android operating systems.

1. Scan the QR code in the quick start guide or search for the official GOBOULT app in your smartphone's app store (Google Play Store for Android, Apple App Store for iOS).
2. Install the application and create an account or log in.
3. Ensure Bluetooth is enabled on your smartphone.
4. Open the GOBOULT app, navigate to the device pairing section, and select your Drift+ Smart Watch from the list of available devices.
5. Follow the on-screen prompts on both your watch and smartphone to complete the pairing process.

4. OPERATING YOUR SMART WATCH

4.1. Display and Navigation

The GOBOULT Drift+ features a 1.85-inch HD display with 500 nits brightness, ensuring clear visibility even in bright outdoor conditions. Navigate through menus and functions by swiping across the touchscreen and using the physical button on the side.

4.2. Bluetooth Calling

The smart watch supports seamless Bluetooth calling with a built-in speaker and microphone. Once paired with your smartphone, you can answer, reject, or make calls directly from your wrist.

- **Answering Calls:** When an incoming call is received, tap the green icon on the watch screen.
- **Making Calls:** Access the dial pad or contact list through the watch interface to initiate a call.

4.3. Health Monitoring

The Drift+ Smart Watch provides comprehensive health insights through various sensors:

- **24/7 Heart Rate Monitoring:** Continuously tracks your heart rate throughout the day.
- **SpO2 Blood Oxygen Tracking:** Measures blood oxygen saturation levels.
- **Blood Pressure Monitoring:** Provides estimates of blood pressure.
- **Female Menstrual Cycle Tracking:** Helps track and predict menstrual cycles.
- **Drink Water Reminders:** Prompts you to stay hydrated.
- **Sedentary Reminders:** Encourages movement after periods of inactivity.

Note: Health monitoring data is for reference only and should not be used for medical diagnosis or treatment.

Crafted in India for India 🇮🇳

4.6. Smart Notifications and AI Voice Assistant

Receive notifications from your favorite social applications and messages directly on your watch. The integrated AI voice assistant provides hands-free assistance for various tasks.

5. MAINTENANCE

5.1. Water Resistance (IP68)

The GOBOULT Drift+ Smart Watch is IP68 water-resistant, meaning it is protected against dust and can withstand immersion in water up to 1.5 meters for up to 30 minutes. It is suitable for daily use, such as hand washing or light rain exposure. Avoid using it during swimming, diving, or in hot water/steam environments.

5.2. Cleaning and Care

To maintain the appearance and functionality of your watch:

- Wipe the watch and strap regularly with a soft, dry cloth.
- If necessary, use a slightly damp cloth for cleaning, then dry thoroughly.
- Avoid using harsh chemicals, abrasive cleaners, or solvents.
- Keep the charging contacts clean and dry.

5.3. Battery Management

The GOBOULT Drift+ offers extended battery life:

- Up to 7 days in regular usage mode.
- Up to 2-3 days with heavy Bluetooth calling.
- Up to 25 days in standby mode.

To optimize battery life, consider adjusting screen brightness, limiting background app refresh, and disabling unnecessary notifications.

6. TROUBLESHOOTING

If you encounter issues with your GOBOULT Drift+ Smart Watch, refer to the following common solutions:

Problem	Possible Solution
Watch does not turn on	Ensure the watch is fully charged. Connect it to the charger for at least 30 minutes.
Cannot pair with smartphone	Ensure Bluetooth is enabled on your phone and watch. Restart both devices. Make sure the watch is within range of your phone. Check if the app is updated.
Inaccurate health data	Ensure the watch is worn snugly on your wrist, not too tight or too loose. Clean the sensor on the back of the watch. Avoid excessive movement during measurements.

Problem	Possible Solution
Notifications not received	Check app permissions on your phone to ensure notifications are allowed. Verify that notifications are enabled within the GOBOULT app settings. Ensure the watch is connected via Bluetooth.
Bluetooth calling issues	Ensure the watch is properly connected for calls (sometimes a separate Bluetooth connection is needed for audio). Check volume settings on both watch and phone.

7. SPECIFICATIONS
