## XTRONS QLB22NB12THL

# XTRONS 12.3-inch Android 14 Car Stereo User Manual

Model: QLB22NB12THL

## 1. PRODUCT OVERVIEW

This manual provides detailed instructions for the installation, operation, and maintenance of your XTRONS 12.3-inch Android 14 Car Stereo. This unit is designed to integrate seamlessly with specific BMW models, offering advanced features and an enhanced in-car experience.

### 1.1 Applicable Models and Years

This unit is compatible with the following BMW vehicles equipped with the NBT System:

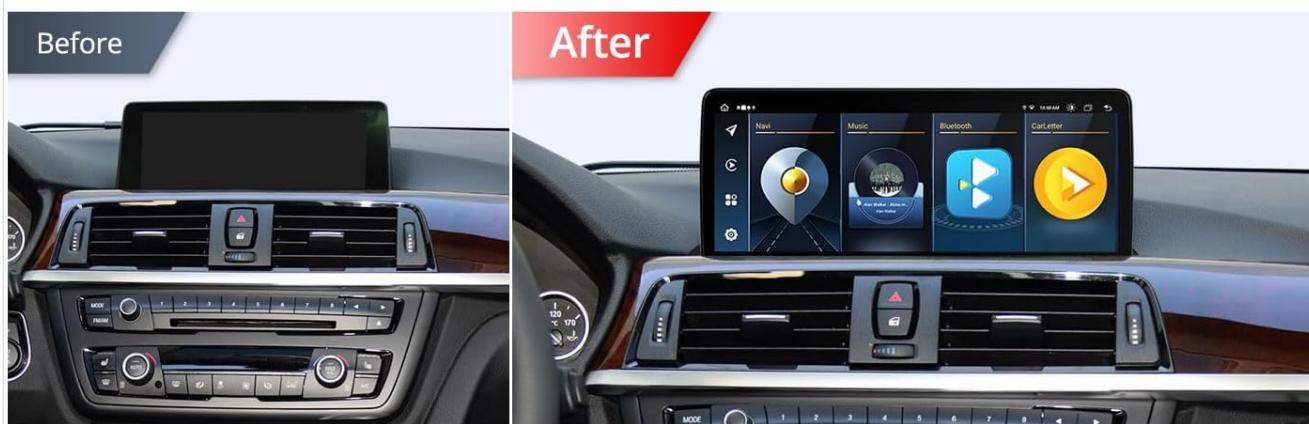

- BMW 3 Series F30/F31/F34/F35 (2013-2016)
- BMW 4 Series F32/F33/F36 (2013-2016)

**Important:** This unit functions only with the original NBT system.

# Applicable Models & Years

For BMW 3 Series F30 / F31 / F34 / F35 (2013-2016) - Left Driving Vehicles

For BMW 4 Series F32 / F33 / F36 (2013-2016) - Left Driving Vehicles

This unit ONLY works with the original 3 Series F30 F31 F34 F35 / 4 Series F32 F33 F36 **NBT system**.

## Important Notes on Compatibility

If your car comes with NO audio AUX input, you need to order a FM transmitter to aid for the installation. (**XTRONS CA/ITR/FM02** and **CA/ITR/FM03** are compatible.)

## 3. SETUP AND INSTALLATION

Installation of the XTRONS car stereo requires careful attention to wiring and compatibility. It is recommended to consult the included Installation Instruction for detailed steps or seek professional assistance.

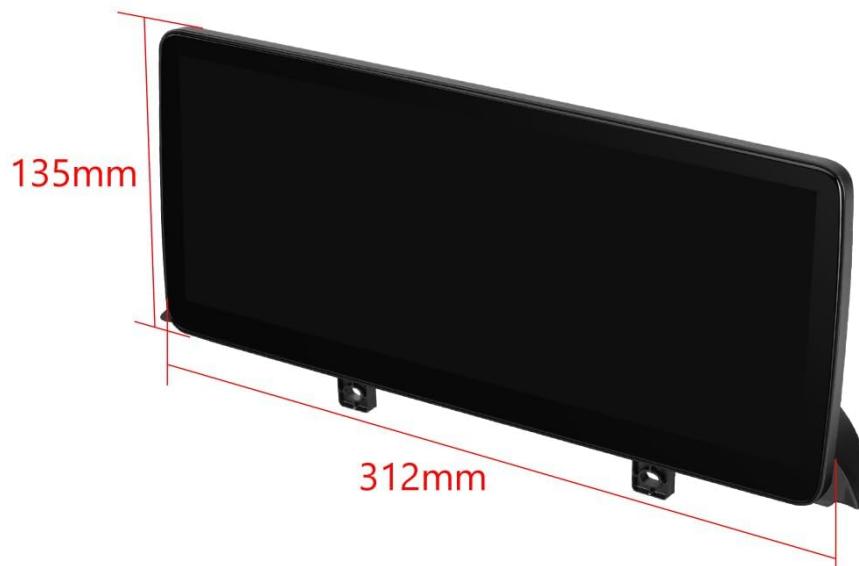

### 3.1 Included Components

Verify that all components are present in the package:

- 1 x ISO Wiring Harness
- 1 x Audio Cable
- 1 x GPS Antenna
- 1 x Tweezers
- 1 x 4G Antenna
- 1 x USB Cable

- 1 x Installation Instruction
- 1 x User Manual (this document)

## Size

### 3.2 Wiring Diagram

Refer to the following diagram for connecting the wiring harness and other components:

# Wiring Harness

1. ISO port to connect to original CD player	8. CAM IN, Camera input
2. ISO wiring harness	9. USB port1
3. AUDIO OUT, Audio output	10. USB port2
4. REVERSE-IN, Reversing control cable	11. 4G antenna
5. P. CAM, Camera ACC	12. GPS antenna
6. ACC	13. LVDS port
7. MIC, Microphone port	14. 4G SIM card slot

Image: Detailed wiring diagram for the XTRONS car stereo.

## 3.3 Compatibility Notes

- If your vehicle lacks an audio AUX input, an FM transmitter may be required for audio integration. Compatible XTRONS models include CA/ITR/FM02 and CA/ITR/FM03.
- Ensure the correct CAN settings are selected to properly sync with the OEM infotainment system. This may require adjusting settings within the unit's interface.

## 4. OPERATING INSTRUCTIONS

### 4.1 System Navigation

The unit operates on Android 14. Navigate through menus and applications using the 12.3-inch IPS touch screen. The interface is designed for intuitive use, similar to a smartphone or tablet.

### 4.2 Wireless Car Play & Android Auto

Connect your iPhone via Bluetooth for Wireless Car Play or your Android phone via Bluetooth (wireless) or USB cable (wired) for Android Auto. This allows access to navigation, calls, music, and voice assistants (Siri/Google Assistant) directly from the head unit.

# Display and Control Your Smartphone Wirelessly

**CarAutoPlay**  
Wireless Connection

**Android Auto**  
Wireless & Cable Connection

**Screen Mirroring**  
Wireless Connection

Hey Siri

Play some music.

## 4.3 4G LTE Connectivity

Insert a Micro-SIM card (not included) into the designated slot to enable Global 4G LTE connectivity. This provides mobile broadband access for online features. Note that 4G supports SIM data only, not phone calls. USB tethering is also available for internet sharing from your smartphone.

# 3 Options for Internet Access

LTE Cat 7  
(up to **300Mbps**)

Support **99%**  
of Carriers Worldwide

\*This unit accepts Micro-SIM card (not included). 4G supports internet SIM data only, not phone calls.

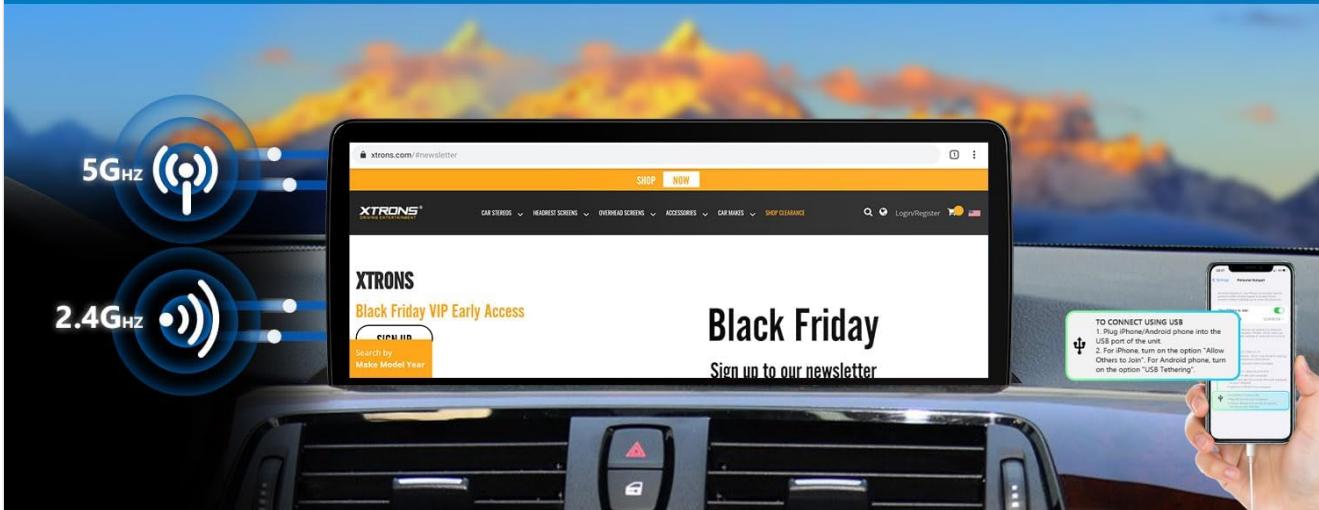

Image: Options for internet access including 4G LTE and Wi-Fi.

## 4.4 Multi-tasking and Picture-in-Picture (PIP)

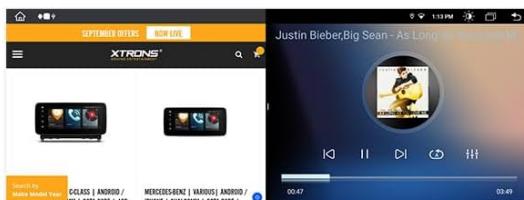

The unit supports running two applications simultaneously on the 12.3-inch IPS screen, such as music and navigation. The Picture-in-Picture (PIP) feature allows you to view videos in a small window while using other applications.

## ● Smart Size, Fuller Display

### Multi-task Display

### PIP-Picture in Picture

### IPS Touch Screen

### Built-in Two USB Input

Image: Features like multi-task display, Picture-in-Picture, IPS touch screen, and dual USB inputs.

## 5. CARE AND MAINTENANCE

- Screen Cleaning:** Use a soft, lint-free cloth to clean the screen. For stubborn marks, lightly dampen the cloth with water or a screen-safe cleaner. Avoid abrasive materials or harsh chemicals.
- General Cleaning:** Keep the unit free from dust and debris. Use a dry cloth to wipe the exterior.
- Temperature:** Avoid exposing the unit to extreme temperatures, both hot and cold, for extended periods.
- Liquid Exposure:** Prevent liquids from entering the unit. In case of accidental spills, power off the unit immediately and allow it to dry completely before use.

## 6. TROUBLESHOOTING

If you encounter issues with your XTRONS car stereo, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
---------	----------------	----------

Problem	Possible Cause	Solution
Unit does not power on	Incorrect wiring, blown fuse, power supply issue.	Check all power connections, inspect fuses, ensure vehicle battery is charged.
No sound output	Audio cable disconnected, incorrect audio settings, amplifier issue.	Verify audio cable connections, check unit's audio output settings, ensure original amplifier system is functioning.
Cannot switch between XTRONS and OEM infotainment	Incorrect CAN settings.	Access the unit's settings and adjust the 'CAN' configuration to match your OEM infotainment system. Try 'All other BMW' if specific model settings are unclear.
GPS signal issues	GPS antenna not properly installed or obstructed.	Ensure GPS antenna is securely connected and placed in a location with clear sky view.
Bluetooth/Wi-Fi connectivity problems	Interference, incorrect settings, device compatibility.	Restart the unit and the connected device. Check Bluetooth/Wi-Fi settings on both devices. Ensure no other devices are causing interference.

For issues not listed here, or if solutions do not resolve the problem, please contact XTRONS customer support.

## 7. TECHNICAL SPECIFICATIONS

Feature	Specification
Model Name	QLB22NB12THL

Item Weight	5.07 pounds

## 8. WARRANTY AND CUSTOMER SUPPORT

### 8.1 Warranty Information

This XTRONS product comes with a **1 Year Manufacturer Warranty** from the date of purchase. Please retain your proof of purchase for warranty claims. The warranty covers manufacturing defects but does not cover damage caused by improper installation, misuse, accidents, or unauthorized modifications.

### 8.2 Optional Accessories

Enhance your unit's functionality with optional accessories (sold separately):

- OBD Function:** Compatible with models B09D3DVZVR, B015MU8UN6, B07X9JXV28, B08HQ9LQ9X.
- TPMS Function:** Compatible with models B07WQFKV5G, B07DKB4GD2.
- External DVR:** Compatible with model B07MBYCG4C.
- Reversing AHD Camera:** Compatible with model B00GY3BVT6.

### 8.3 Customer Support

For technical assistance, warranty claims, or further inquiries, please contact XTRONS customer support through their official channels. Refer to the XTRONS website or your purchase documentation for contact details.
