

HLIPHA Metal Platform Bed Frame 18 Inch

HLIPHA Metal Platform Bed Frame (King, 18 Inch Tall) Instruction Manual

Model: Metal Platform Bed Frame 18 Inch | Brand: HLIPHA

1. INTRODUCTION

Thank you for choosing the HLIPHA Metal Platform Bed Frame. This manual provides essential information for the safe assembly, proper use, and maintenance of your new bed frame. Please read all instructions carefully before beginning assembly and retain this manual for future reference.

2. SAFETY INFORMATION

- Always assemble the bed frame on a soft, clean surface to prevent damage to the product or your floor.
- Ensure all bolts and screws are securely tightened before use. Periodically check and re-tighten all connections.
- Do not allow children to climb on or play with the bed frame during assembly or once assembled.
- Be careful around sharp edges during handling and assembly to avoid injury.
- Do not exceed the recommended weight capacity of the bed frame.
- Keep small parts out of reach of children to prevent choking hazards.

3. PACKAGE CONTENTS

Before assembly, verify that all components listed below are present and undamaged. If any parts are missing or damaged, please contact customer support.

- Headboard/Footboard sections (if applicable)
- Side Rails
- Center Support Legs
- Support Slats
- Hardware Pack (bolts, washers, nuts, Allen wrench)

4. SETUP AND ASSEMBLY INSTRUCTIONS

Assembly is designed to be straightforward. It is recommended to have two people for easier and faster assembly. All necessary tools are included.

1. **Unpack and Identify Parts:** Carefully remove all components from the packaging. Lay them out on a soft, clean surface. Identify each part using the provided diagram in your manual.
2. **Assemble the Main Frame:** Connect the side rails to the headboard and footboard sections using the provided bolts and Allen wrench. Do not fully tighten bolts until all frame pieces are loosely connected.
3. **Attach Center Support Legs:** Securely attach the center support legs to the designated points on the main frame. Ensure they are oriented correctly to provide maximum stability.
4. **Install Support Slats:** Place the metal support slats across the frame. Ensure they are evenly spaced and securely fastened to the side rails as per the instructions. The slatted platform base eliminates the need for a box spring.
5. **Final Tightening:** Once all components are in place, go back and fully tighten all bolts and screws. Ensure the frame is stable and level.

5. OPERATING INSTRUCTIONS (USAGE GUIDELINES)

Your HLIPHA Metal Platform Bed Frame is designed for optimal support and comfort without a box spring.

- **Mattress Placement:** Carefully place your King size mattress (recommended dimensions: 80"L x 76"W) directly onto the assembled support slats.
- **Under-Bed Storage:** The 18-inch tall design provides ample space underneath for storage. Utilize this area for bins, boxes, or other items to optimize your bedroom space.
- **Noise Reduction:** The frame is crafted with noise reduction in mind, providing a silent sleeping surface. Avoid sudden impacts or excessive movement that could compromise this feature.
- **Weight Distribution:** Ensure weight is distributed evenly across the bed frame. Avoid concentrating heavy loads on a single point.

6. MAINTENANCE

- **Cleaning:** Wipe the metal frame with a soft, damp cloth. Avoid using harsh chemicals or abrasive cleaners, as these can damage the finish.
- **Regular Inspection:** Periodically inspect all bolts and connections to ensure they remain tight. Re-tighten as necessary to maintain stability and prevent squeaking.
- **Avoid Overloading:** Do not place excessive weight on the bed frame beyond its intended capacity.

7. TROUBLESHOOTING

Problem	Possible Cause	Solution
---------	----------------	----------

Problem	Possible Cause	Solution
Bed frame is wobbly or unstable.	Loose bolts or uneven assembly.	Check and tighten all bolts. Ensure the frame is on a level surface.
Squeaking noises.	Loose connections or friction between metal parts.	Re-tighten all bolts. Apply a small amount of lubricant (e.g., silicone spray) to connection points if necessary.
Missing parts during assembly.	Packaging error or lost during unpacking.	Carefully check all packaging materials. Contact HLIPHA customer support for replacement parts.

8. SPECIFICATIONS

- **Product Dimensions:** 79.6"L x 75.6"W x 18"H
- **Compatible Mattress Size:** King (80"L x 76"W)
- **Color:** Black
- **Finish Type:** Painted
- **Special Feature:** Squeak Resistant
- **Item Weight:** 42.2 pounds
- **Assembly Required:** Yes
- **Material:** Metal

KING

For Bed Size: L79.6" × W75.6" × H18"

For Mattress Size: L80" × W76"
