VEGER V1171

VEGER Portable Charger User Manual

Model: V1171

INTRODUCTION

Thank you for choosing the VEGER Portable Charger, Model V1171. This compact and versatile power bank is designed to keep your devices charged on the go, featuring a 10000mAh capacity, built-in bidirectional USB-C to iOS cable, and a dedicated magnetic charging module for Apple Watch. It supports PD 20W fast charging for efficient power delivery to your iPhone, Apple Watch, AirPods, and other compatible devices.

SETUP

Initial Charging of the Power Bank

Before first use, it is recommended to fully charge your VEGER Portable Charger. This ensures optimal battery performance and capacity.

1. Connect the power bank to a power source (e.g., wall adapter, computer USB port) using the built-in USB-C cable or a

separate USB-C cable via the USB-C input port.

2. The digital display on the power bank will show the charging progress. Charge until the display indicates 100%.

OPERATING INSTRUCTIONS

Charging Your Devices

- **Using the Built-in Cable:**

Pull out the built-in cable. Depending on your device, orient the connector to match either USB-C or iOS (Lightning) and plug it into your device's charging port. The power bank will automatically begin charging.

- **Charging Apple Watch:**

Place your Apple Watch onto the magnetic charging module on the power bank. Press the power button on the side of the power bank. Wait 5-16 seconds for the wireless charging to activate and for your Apple Watch to display the charging indicator.

- **Using External Cables (USB-C or iOS Port):**

For devices requiring a different connection or if you prefer to use your own cable, plug your cable into the appropriate USB-C or iOS port on the power bank, then connect it to your device.

- **Charging Multiple Devices Simultaneously:**

The VEGER Portable Charger can charge multiple devices at once using a combination of the built-in cable, external ports, and the Apple Watch magnetic charger. Note that total output power will be shared among connected devices.

Charging 3 Devices Simultaneously

Image: The power bank charging an iPhone, Apple Watch, and AirPods concurrently.

- **Pass-Through Charging:**

You can charge the power bank itself while it is simultaneously charging your devices. Connect the power bank to a wall adapter, and then connect your devices to the power bank.

Pass-Through Charging

Image: Illustration of pass-through charging, where the power bank is being recharged while also charging connected devices.

MAINTENANCE

- **Storage:** Store the power bank in a cool, dry place away from direct sunlight and extreme temperatures.
- **Cleaning:** Use a soft, dry cloth to clean the surface of the power bank. Do not use liquid cleaners or abrasive materials.
- **Battery Care:** To prolong battery life, fully charge the power bank at least once every three months if not in regular

use. Avoid fully discharging the battery frequently.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Power bank not charging devices.	Low battery on power bank; incorrect cable connection; device not compatible.	Recharge the power bank. Ensure cables are securely connected. Verify device compatibility.
Apple Watch not charging wirelessly.	Wireless charging not activated; watch not properly aligned; watch case interfering.	Press the power button and wait 5-16 seconds for activation. Ensure watch is centered on the magnetic module. Remove thick watch cases if necessary.
Slow charging speed.	Using a non-fast charging cable/adapter; multiple devices charging simultaneously; device not supporting fast charging.	Use PD 20W compatible cables and adapters. Disconnect other devices if faster charging is needed for one. Ensure your device supports fast charging.
Power bank gets warm during use.	Normal operation during high power output; excessive load.	It is normal for the power bank to get slightly warm. If it becomes excessively hot, disconnect devices and allow it to cool down. Avoid charging in confined spaces.

SPECIFICATIONS

Model Number: V1171

Battery Capacity: 10000mAh

Battery Type: Lithium Polymer

Product Dimensions: 4.4 x 2.71 x 0.67 inches (112.8 x 69 x 17 mm)

Item Weight: 7.4 ounces (210g)

Input (USB-C Port): Up to 20W PD

Input (iOS Port): Up to 10W

Output (Built-in Cable - USB-C/iOS): Up to 20W PD

Output (USB-C Port): Up to 20W PD

Output (iOS Port): Up to 20W

Wireless Output (Apple Watch): 2.5W

Special Features: Built-in Bidirectional Cable (USB-C/iOS), Magnetic Apple Watch Charger, Digital Display

WARRANTY AND SUPPORT

VEGER provides a worry-free **12-month guarantee** for this product. If you encounter any issues or have questions, please contact our customer service team. We offer **7 Day/24H friendly customer service** and aim to resolve any problems within 12 hours.

For support, please refer to the contact information provided in your product packaging or visit the official VEGER website.
