# Interactive Truck Engine Toy Instruction Manual

Model: tool car-1,2,3 | Brand: POFJOEQ

## 1. INTRODUCTION

This manual provides essential information for the safe and effective use of your Interactive Truck Engine Toy. Please read thoroughly before assembly and operation.

The POFJOEQ Interactive Truck Engine Toy is designed to inspire creativity and develop motor skills in children aged 24 months to 12 years. It features removable parts, realistic sounds, and lights for an immersive play experience.

## 2. SAFETY INFORMATION

**WARNING: CHOKING HAZARD** – Small parts. Not for children under 3 years unless supervised by an adult. Adult supervision is required during assembly and play.

- Ensure all parts are securely fastened before play.
- Do not allow children to put small parts in their mouths.
- Keep packaging materials away from children to prevent suffocation.
- Batteries (not included) should be inserted with correct polarity. Do not mix old and new batteries.
- Dispose of used batteries responsibly.
- Avoid exposing the toy to extreme temperatures or direct sunlight for prolonged periods.

## 3. WHAT'S IN THE BOX

The package includes the following components:

- Truck Engine Toy (Main Unit)
- Removable Engine Parts
- Electric Drill (batteries not included)
- Various Tools (e.g., screwdriver, wrench)
- Car Key with Sound Effects
- Wheels and Rims
- Jack Stands

Figure 1: All included components of the Interactive Truck Engine Toy.

## 4. SETUP

### 4.1 Battery Installation

1. Locate the battery compartment on the underside of the main truck unit.

2. Using a screwdriver, open the battery compartment cover.
3. Insert the required batteries (e.g., AA batteries for the main unit and electric drill, not included) ensuring correct polarity (+/-).
4. Securely close the battery compartment cover.

## 4.2 Initial Assembly

- Attach the wheels to the truck chassis using the provided tools.
- Place the main engine block into the engine compartment.
- Secure any additional engine parts or accessories as desired.

## 5. OPERATING INSTRUCTIONS

### 5.1 Engine Operation

- **Start Engine:** Press the "Start" button on the dashboard to activate engine sounds and lights.
- **Headlights:** The LED headlights will illuminate when the engine is active.
- **Hazard Lights:** Press the hazard warning light button to activate blinking lights.
- **Horn:** Press the horn button on the steering wheel for horn sounds.
- **Gear Shift:** Move the automatic shifter (P.R.N.D) to simulate driving modes.
- **Car Key:** Use the car key to simulate lock, unlock, and alarm sound effects.

Figure 3: Dashboard controls for simulated driving.

## 5.2 Repair and Maintenance Play

- **Open Engine Cover:** Lift the front hood to access the engine compartment.
- **Check Oil:** Use the dipstick to simulate checking the oil level.
- **Disassemble Engine:** Use the electric drill and other tools to remove engine parts, wheels, and rims.
- **Lift with Jack Stands:** Place the jack stands under the truck to simulate lifting it for repairs.
- **Storage:** Utilize the integrated storage space for tools and small parts.

ACCESSORIES CAN BE REMOVED AND INSTALLED

Figure 4: Engaging in engine repair and maintenance activities.

## 6. MAINTENANCE

- **Cleaning:** Wipe the toy with a soft, damp cloth. Do not immerse in water.
- **Storage:** Store the toy in a cool, dry place away from direct sunlight when not in use.
- **Battery Care:** Remove batteries if the toy will not be used for an extended period to prevent leakage.

## 7. TROUBLESHOOTING

Problem	Possible Cause	Solution
No sound/lights	Batteries are dead or incorrectly installed.	Check battery polarity or replace with new batteries.
Parts do not fit	Incorrect part or orientation.	Refer to assembly diagrams and ensure correct alignment.
Electric drill not working	Drill batteries are dead or incorrectly installed.	Check drill battery polarity or replace with new batteries.
