BLAUPUNKT EM06

Blaupunkt EM06 Type C Wired Earphone User Manual

Model: EM06

INTRODUCTION

The Blaupunkt EM06 in-ear wired earphones are designed to provide a high-quality audio experience with the convenience of a Type C connector. These earphones feature an in-line microphone for hands-free communication and passive noise isolation for an immersive listening experience. This manual provides instructions for proper setup, operation, maintenance, and troubleshooting to ensure optimal performance and longevity of your earphones.

PRODUCT OVERVIEW

Key Features

- **Premium Sound Quality:** Equipped with 10mm drivers for clear treble and deep bass.
- **In-Line Microphone:** For clear hands-free calls.
- **Type C Connector:** Ensures durability and wide compatibility with Type C enabled devices.
- **Passive Noise Isolation:** Designed to block out ambient noise for focused listening.
- **Lightweight Design:** For comfortable extended wear.

Components

The Blaupunkt EM06 earphones consist of the following main components:

- Left and Right Earbuds
- Wired Cable
- In-line Remote with Microphone and Control Buttons
- USB Type-C Connector

HIGH FIDELITY 10mm SPEAKER DRIVERS

SETUP

1. **Identify the Type C Port:** Locate the USB Type C port on your smartphone, tablet, laptop, or other compatible

audio device.

2. **Connect the Earphones:** Insert the USB Type C connector of the Blaupunkt EM06 earphones firmly into the device's Type C port. Ensure a secure connection.
3. **Adjust Volume:** Once connected, play audio on your device and adjust the volume using your device's volume controls or the in-line remote on the earphone cable.
4. **Earbud Placement:** Gently insert the earbuds into your ears. The left earbud is marked with 'L' and the right with 'R'. Adjust them for a comfortable and secure fit to optimize sound quality and noise isolation.

OPERATING INSTRUCTIONS

Audio Playback

- **Play/Pause:** Press the multi-function button on the in-line remote once to play or pause audio.

- **Next Track:** Press the multi-function button twice quickly to skip to the next track.
- **Previous Track:** Press the multi-function button three times quickly to go to the previous track.

Call Management

- **Answer/End Call:** Press the multi-function button once to answer an incoming call or end an ongoing call.
- **Reject Call:** Press and hold the multi-function button for approximately 2 seconds to reject an incoming call.

Volume Control

Volume can be controlled directly from your connected device. The in-line remote may also feature dedicated volume up/down buttons depending on the specific model variant and device compatibility.

MAINTENANCE

- **Cleaning:** Regularly clean the earbuds and cable with a soft, dry cloth. Avoid using harsh chemicals or abrasive materials.
- **Storage:** When not in use, store the earphones in a clean, dry place, preferably in a protective pouch, to prevent tangling and damage to the cable.
- **Cable Care:** Avoid excessive bending, pulling, or twisting of the cable, especially near the connectors and earbuds, to prevent internal wire damage. Do not wrap the cable too tightly.
- **Moisture:** While the earphones are water-resistant, avoid prolonged exposure to water or high humidity. Dry them thoroughly if they get wet.

TROUBLESHOOTING

Problem	Possible Cause	Solution
No sound or low volume	Earphones not fully connected. Device volume too low or muted. Incorrect audio output selected on device. Damaged cable or connector.	Ensure Type C connector is fully inserted. Increase device volume. Check device audio settings and select the earphones as output. Test with another device. If issue persists, cable may be damaged.
Microphone not working	Microphone port blocked. Incorrect input device selected on call application. Damaged microphone.	Ensure microphone is not covered. Check call application settings for microphone input. Test with another device or application.
Sound distortion or crackling	Poor connection. Audio source quality. Damaged cable.	Reconnect the earphones. Try a different audio file or streaming service. Inspect cable for damage.
