Maintenance and Care

To ensure your finished crochet chickens remain in good condition:

- **Cleaning:** Hand wash gently using mild soap and cold water. Avoid harsh detergents.
- **Drying:** Gently squeeze out excess water without twisting. Reshape the chicken and lay it flat on a clean towel to air

dry. Do not machine wash or tumble dry, as this can damage the yarn and shape.

- **Storage:** Store in a dry place away from direct sunlight to prevent fading.

Troubleshooting

Here are solutions to common issues you might encounter:

- **Running out of yarn:** While the kit provides extra yarn, if you find yourself short due to tension or mistakes, contact support for assistance.
- **Difficulty with stitches:** Revisit the video tutorials, paying close attention to the slow-motion segments. Practice basic stitches separately before integrating them into the project.
- **Safety eyes not securing:** Ensure the washer is firmly pressed onto the post of the safety eye. If issues persist, a small amount of fabric glue can be used as an alternative for decorative purposes (not recommended for toys intended for very young children).
