## 2. PRODUCT OVERVIEW

### 2.1 Key Features

- **Soft Silicone Material:** Constructed from BPA-free and non-toxic silicone rubber.
- **3-Level Dimmable Brightness:** Adjustable light intensity via touch control.
- **Rechargeable Battery:** Integrated Lithium Ion battery for cordless operation.
- **Touch Control:** Tap the light to change brightness levels.
- **30-Minute Timer:** Optional automatic shut-off function.
- **Integrated Phone Holder:** Designed to support a smartphone.
- **Water Resistant:** Suitable for indoor use.

### 2.2 What's in the Box

- AVACOM K-1096 Squishy Duck Night Light
- USB Type-C Charging Cable
- User Manual
- Lithium Ion Battery (pre-installed)

*Image 2.1: Included components: night light, charging cable, and documentation.*

## 3. SETUP

### 3.1 Initial Charging

1. Locate the Type-C charging port at the rear of the duck night light.
2. Connect the provided USB Type-C cable to the charging port.
3. Connect the other end of the USB cable to a standard USB power adapter (not included) or a computer USB port.
4. Allow the device to charge fully before first use. The charging indicator (if present, not specified) will typically change color or turn off when charging is complete.

*Image 3.1: Detail of the Type-C charging port.*

### 3.2 Powering On/Off

- Locate the ON/OFF switch on the bottom of the night light.
- Slide the switch to the "ON" position to power on the device.
- Slide the switch to the "OFF" position to power off the device.

*Image 3.2: Location of the power and timer switch.*

## 4. OPERATING INSTRUCTIONS

### 4.1 Adjusting Brightness

The night light features three brightness levels: Low, Middle, and High. To cycle through these levels:

- With the light on, gently tap the silicone body of the duck.
- Each tap will switch to the next brightness level.
- Continue tapping to cycle through Low, Middle, High, and Off.

# Three Brightness Adjustments

## Tap To Dim Design

Low Brightness      Middle Brightness      High Brightness

*Image 4.1: Demonstrating touch control for brightness adjustment.*

# Soft Light & 3 brightness levels

Tap the lying flat duck night light to change the brightness of the light

100% Lighting      60% Ambient light      30% Sleep light

### 4.2 Using the 30-Minute Timer

The night light includes an optional 30-minute timer function for automatic shut-off.

- Locate the switch on the bottom of the night light.
- Slide the switch to the "30" position to activate the timer. The light will automatically turn off after 30 minutes.
- To disable the timer, slide the switch back to the "ON" position.

### 4.3 Smartphone Holder Function

The duck's feet are designed to function as a smartphone holder.

- Position the night light on a flat surface.
- Place your smartphone between the duck's feet for hands-free viewing.

## 5. MAINTENANCE

### 5.1 Cleaning

- Ensure the night light is turned off and unplugged before cleaning.
- Wipe the silicone surface with a soft, damp cloth.
- Do not use abrasive cleaners, solvents, or harsh chemicals, as these may damage the material.
- Allow the device to dry completely before next use.

### 5.2 Battery Care

- To prolong battery life, avoid fully discharging the battery frequently.
- Charge the device regularly, even if not in constant use.
- Store the device in a cool, dry place when not in use for extended periods.

## 6. TROUBLESHOOTING

| Problem | Possible Cause | Solution |
|---|---|---|
| Light does not turn on. | Battery is discharged. Power switch is OFF. | Charge the night light. Slide the power switch to the "ON" position. |
| Light does not respond to tapping. | Battery is low. Device is OFF. | Charge the night light. Ensure the power switch is in the "ON" position. |
| Light turns off automatically after a short period. | 30-minute timer is activated. | Slide the timer switch to the "ON" position to disable the timer. |
| Device is not charging. | Charging cable is not properly connected. USB power source is faulty. | Ensure the Type-C cable is securely connected to both the light and the power source. Try a different USB power adapter or port. |

## 7. SPECIFICATIONS
