## **ETA Gustus IV Maximus Kitchen Robot Instruction Manual**

Model: ETA412890030 | Brand: ETA

### 1. Introduction

Thank you for purchasing the ETA Gustus IV Maximus Kitchen Robot. This versatile appliance is designed to assist you with a wide range of culinary tasks, including kneading, beating, mixing, grating, chopping, meat grinding, and blending. Featuring a powerful 1200W motor with a stabilizer, an all-metal gearbox, and a planetary mixing system, it ensures efficient and consistent performance even under heavy loads.

Please read this instruction manual carefully before first use to ensure safe operation and optimal performance. Keep this manual for future reference.

## **Safety Information**

- Always unplug the appliance from the power outlet before cleaning, assembling, or disassembling parts.
- Do not immerse the motor unit in water or any other liquid.
- · Keep hands and utensils out of the mixing bowl during operation to prevent injury.
- Ensure all attachments are securely in place before operating the appliance.
- The appliance is equipped with safety features, including a thermal fuse to protect the motor from damage due to overload and a safety system on the swivel arm to prevent unintended startup when the arm is tilted.
- · Use only original ETA accessories and spare parts.
- This appliance is for household use only.

#### 2. PRODUCT OVERVIEW AND COMPONENTS

Familiarize yourself with the main components and accessories of your ETA Gustus IV Maximus Kitchen Robot.

Figure 2.1: ETA Gustus IV Maximus Kitchen Robot with all included accessories, including the main unit, two stainless steel bowls, various beaters, a meat grinder attachment, a glass blender, and grating drums.

## **Main Unit Features:**

- Powerful 1200W Motor with Stabilizer
- All-Metal Gearbox
- Planetary Mixing System
- Continuous Speed Control with Pulse Function
- Swivel Arm Safety System
- Non-slip Feet

#### **Included Accessories:**

• 2 x 5.5L Stainless Steel Bowls: For mixing ingredients.

Figure 2.2: The two included 5.5L stainless steel mixing bowls, each marked with "GUSTUS 1200 W".

- Kneading Hook: Ideal for preparing yeast dough, bread, and solid doughs.
- Beater: Suitable for creams, whipped cream, and spreads.
- Whisk: Perfect for preparing cakes and pastries.

Figure 2.3: The kitchen robot demonstrating the whisk, beater, and kneading hook attachments in use with the mixing bowl.

• 1.5L Glass Blender: For blending liquids, smoothies, and sauces.

Figure 2.4: The ETA Gustus IV Maximus with the 1.5L glass blender attachment securely mounted on top of the main unit.

• Grater Attachment with 4 Drums: For grating various ingredients.

Figure 2.5: The ETA Gustus IV Maximus with the grater attachment, showing the feed tube and output chute.

- Meat Grinder (54mm diameter) with 3 Perforated Plates: For grinding meat.
- Sausage Stuffer Attachment: For making sausages.
- Knife Sharpener: For sharpening knives.

Figure 2.6: The ETA Gustus IV Maximus with the meat grinder attachment, ready for use.

## 3. SETUP AND FIRST USE

# **Unpacking and Initial Cleaning:**

- 1. Carefully remove all components from the packaging.
- 2. Wash all removable parts (bowls, attachments, blender jug, grater drums, meat grinder components) in warm soapy water, rinse thoroughly, and dry completely before first use. The main motor unit should only be wiped with a damp

3. Place the main unit on a stable, flat, and dry surface. Ensure the non-slip feet are firmly gripping the countertop.

Figure 3.1: Side view of the main unit of the ETA Gustus IV Maximus, showing the control dial and attachment points.

## **Assembling for Use:**

- 1. **Attaching the Mixing Bowl:** Place a 5.5L stainless steel bowl onto the base of the main unit and twist clockwise until it locks into place.
- 2. **Lifting the Swivel Arm:** Press the release button (usually located on the side or back of the head) and lift the swivel arm upwards until it locks into the tilted position.

Figure 3.2: The main unit with its head tilted upwards, revealing the attachment point for the mixing tools.

- 3. Attaching Mixing Tools (Kneading Hook, Beater, Whisk): Insert the desired mixing tool into the attachment shaft on the underside of the swivel arm. Push upwards and twist until it clicks securely into place.
- 4. **Lowering the Swivel Arm:** Press the release button again and gently lower the swivel arm until it locks into the operating position. Ensure it is fully lowered before starting the appliance.
- 5. Attaching Other Accessories (Blender, Grater, Meat Grinder): These accessories attach to specific ports on the main unit, typically on the top or front. Refer to the specific operating instructions for each accessory in the next section.

## 4. OPERATING INSTRUCTIONS

The ETA Gustus IV Maximus features continuous speed control and a Pulse function for optimal processing of various ingredients.

## **General Operation:**

1. Ensure the appliance is properly assembled and the desired attachment is securely in place.

- 2. Add ingredients to the mixing bowl or accessory.
- 3. Plug the appliance into a suitable power outlet.
- 4. Turn the speed control dial to the desired setting (1-6). Start with a lower speed and gradually increase as needed.
- 5. For short bursts of maximum power, turn the dial to the "PULSE" setting and hold. Release to stop.
- 6. When finished, turn the speed dial to "0" and unplug the appliance.

## Using Mixing Tools (Kneading Hook, Beater, Whisk):

- **Kneading Hook:** Use for heavy doughs like bread or pizza dough. Start at a low speed (1-2) until ingredients are combined, then increase to medium (3-4) for thorough kneading.
- Beater: Ideal for medium-consistency mixtures such as cake batters, cookie doughs, and frostings. Use speeds 2-4.
- Whisk: Best for light mixtures like egg whites, whipped cream, and light batters. Use higher speeds (4-6) for aeration.

#### **Using the Glass Blender:**

- 1. Ensure the blender jug is securely attached to its port on the main unit.
- 2. Add liquids and ingredients to the blender jug. Do not exceed the MAX fill line.
- 3. Secure the lid firmly.
- 4. Select a speed setting (1-6) or use the PULSE function for quick blending.
- 5. Always unplug before removing the jug or lid.

### **Using the Grater Attachment:**

- 1. Attach the grater housing to its designated port.
- Insert the desired grating drum into the housing.
- 3. Secure the pusher.
- 4. Turn on the appliance to a medium speed (3-5).
- 5. Feed ingredients through the feed tube using the pusher. Do not use fingers or other utensils.

### **Using the Meat Grinder:**

- 1. Assemble the meat grinder components (screw, blade, perforated plate, ring nut) and attach the assembled unit to its port.
- 2. Ensure meat is cut into appropriate sizes and free of bones or excessive sinew.
- 3. Turn on the appliance to a medium speed (3-4).
- 4. Feed meat into the hopper using the food pusher.
- 5. For sausage stuffing, replace the perforated plate and blade with the sausage stuffer attachment.

#### 5. Maintenance and Cleaning

Regular cleaning and maintenance will prolong the life of your appliance.

- 1. Always unplug the appliance before cleaning.
- 2. Motor Unit: Wipe the main motor unit with a soft, damp cloth. Do not immerse it in water or spray it with liquids.
- Stainless Steel Bowls and Mixing Tools: These can be washed in warm soapy water or placed in a dishwasher (check manufacturer's guidelines for specific parts if available, otherwise hand wash is recommended for longevity).
   Rinse thoroughly and dry immediately to prevent water spots.
- 4. Glass Blender Jug: Disassemble the blade assembly from the jug. Wash all parts in warm soapy water. The jug can often be cleaned by filling it with warm water and a drop of dish soap, then running the blender on a low speed

- for a few seconds. Rinse thoroughly.
- 5. **Grater and Meat Grinder Attachments:** Disassemble all parts. Wash immediately after use in warm soapy water to prevent food residue from drying. Use a brush to clean small crevices. Dry thoroughly.
- 6. Storage: Store the appliance and its accessories in a clean, dry place.

## 6. TROUBLESHOOTING

If you encounter issues with your ETA Gustus IV Maximus, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Appliance does not start.	Not plugged in; swivel arm not fully lowered; thermal fuse activated; speed dial not at '0' before starting.	Check power connection; ensure swivel arm is locked down; allow appliance to cool down if overheated; ensure speed dial is at '0' before turning on.
Motor sounds strained or stops during operation.	Overload (too much/too thick ingredients); thermal fuse activated.	Reduce quantity of ingredients; add more liquid if mixture is too thick; turn off and allow to cool for 20-30 minutes before restarting.
Attachments not fitting securely.	Incorrect attachment for the port; not twisted/pushed firmly into place.	Refer to "Setup and First Use" section for correct attachment points; ensure a firm push and twist until it clicks.
Excessive vibration or noise.	Appliance not on a stable surface; uneven load in the bowl; damaged attachment.	Place on a flat, stable surface; redistribute ingredients in the bowl; inspect attachments for damage and replace if necessary.

If the problem persists after trying these solutions, please contact customer support.

## 7. SPECIFICATIONS

Feature	Detail	
Model Number	ETA412890030	
Brand	ETA	
Power	1200 Watts	
Bowl Capacity	2 x 5.5 Liters (Stainless Steel)	
Blender Capacity	1.5 Liters (Glass)	
Dimensions (L x W x H)	28 x 41.5 x 36 cm	
Weight	12.7 Kilograms	
Material	Metal (gearbox), Glass (blender), Stainless Steel (bowls)	
Special Features	Adjustable Speed Control, Planetary Mixing System, Pulse Function, Safety Lock, Thermal Protection	

## 8. WARRANTY AND SUPPORT

Your ETA Gustus IV Maximus Kitchen Robot is designed for durability and performance. For information regarding warranty coverage, please refer to the warranty card included with your purchase or contact your retailer.

For technical support, spare parts, or service inquiries, please visit the official ETA website or contact their customer service department. Information regarding spare parts availability is not provided in this manual; please inquire directly with the manufacturer or authorized service centers.

For returns, please adhere to the return policy of your place of purchase, typically within 30 days for refund/replacement.
