Braun SE7-011

Braun Silk-épil 7 Epilator User Manual

Model: SE7-011 | Brand: Braun

1. Introduction

The Braun Silk-épil 7 is an advanced electric epilator designed for efficient and comfortable hair removal. It features a wide head to cover larger areas and MicroGrip technology to capture even the shortest hairs. This manual provides essential information for safe and effective use of your device.

2. Safety Information

Please read all safety warnings and instructions before using the appliance to avoid injury or damage.

- **Warning:** Do not use the appliance while charging.
- Do not immerse completely in water. The device is designed for Wet & Dry use but should not be fully submerged.

- Use with caution on sensitive skin. Perform a patch test if you have known skin sensitivities.
- Keep out of reach of children.
- Consult a doctor in case of persistent skin irritation.

3. Package Contents

Verify that all components are present in the package:

- Braun Silk-épil 7 Epilator
- Skin contact cap
- High-frequency massage head
- Deep massage head
- Soft exfoliating brush
- Pouch for storage
- Charging cable/adapter

4. Setup

4.1 Initial Charging

Before first use, fully charge your Braun Silk-épil 7. Connect the charging cable to the epilator and plug it into a power outlet. The charging indicator light will show the charging status. A full charge takes approximately 8 hours and provides up to 40 minutes of cordless operating time.

4.2 Attaching Accessories

To attach or remove an accessory head, ensure the device is turned off. Align the accessory with the epilator head and press firmly until it clicks into place. To remove, press the release button (if applicable) and pull the accessory off.

5. Operating Instructions

The Braun Silk-épil 7 is designed for both dry and wet use, offering flexibility and comfort during epilation.

5.1 Preparing Your Skin

For best results, ensure your skin is clean. For wet epilation, use in the shower or bath with warm water to help relax the skin and reduce discomfort. For dry epilation, ensure skin is completely dry.

Image 5.1: Wet & Dry Use for Optimal Comfort

5.2 Epilation Technique

Hold the epilator at a 90-degree angle to your skin. Gently glide the epilator against the direction of hair growth. Do not press too hard. The wide head and MicroGrip tweezers are designed to remove more hairs in a single stroke, including short hairs (0.5 mm) that waxing might miss.

Image 5.3: Efficient Hair Removal

5.3 Using the Massage Cap

The epilator includes a cap with massaging rollers. This accessory helps to stimulate the skin and reduce the sensation of pain during epilation, providing a more comfortable experience.

Image 5.4: Comfort with Massaging Rollers

5.4 Smartlight Feature

The integrated Smartlight illuminates even the finest hairs, ensuring thorough hair removal and preventing missed spots.

6. Maintenance and Cleaning

Regular cleaning ensures optimal performance and hygiene of your epilator.

6.1 Cleaning the Epilator Head

1. Turn off and unplug the epilator.
2. Remove the epilation head.
3. Brush away any trapped hairs using the cleaning brush provided.
4. For thorough cleaning, rinse the epilation head under running water. Ensure it is completely dry before reattaching or

storing.

6.2 Storing the Device

Store the epilator and its accessories in the provided pouch in a dry place, away from direct sunlight and extreme temperatures.

7. Troubleshooting

If you encounter any issues with your Braun Silk-épil 7, refer to the following common solutions:

- **Device not turning on:** Ensure the device is fully charged. If it's a new device, it might require an initial charge of 8 hours.
- **Reduced performance:** Clean the epilator head thoroughly to remove any hair buildup. Ensure the head is properly attached.
- **Skin irritation:** Ensure you are using the epilator correctly, holding it at a 90-degree angle and not pressing too hard. Consider using it in the shower or bath with warm water to minimize discomfort. If irritation persists, consult a medical professional.
- **Hairs are not being removed effectively:** Ensure hairs are not too long or too short. The device is designed for hairs as short as 0.5 mm. For longer hairs, you may need to trim them first.

8. Specifications

Feature	Specification
Model Number	SE7-011
Brand	Braun
Color	Grey/Silver
Power Source	Battery Powered (1 Lithium Ion battery included)
Voltage	1.5 Volts
Charging Time	8 Hours
Operating Time	40 Minutes
Item Weight	301 Grams
Package Dimensions	19.6 x 18.1 x 6.8 cm
